

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

SOCIETY

By MABEL GARRETT

A very unique birthday dinner was given last Thursday evening at the home of Mr. and Mrs. Herbert Nunn, 1899 South High street. The party was in honor of the joint birthdays of Mr. Nunn and Mrs. Nunn's father, W. H. Bond, from Kansas City, who has been visiting in Salem for some time. The affair was informal and centering the table were two large birthday cakes. Those who enjoyed the party were Dr. and Mrs. R. E. Lee Steiner, Mr. and Mrs. John Albert, Mr. and Mrs. Scott, Mr. and Mrs. Sutherland, Mr. and Mrs. Seymour Jones and daughter, Jennette, Dan Fry, W. H. Bond and Mr. and Mrs. Herbert Nunn.

Mr. and Mrs. Ronald C. Glover have returned home from Washington, D. C. Mr. Glover has been the private secretary to Congressman W. C. Hawley there. They are planning to leave soon for a vacation at Cascadia.

Mr. and Mrs. Byron Brank (Mollie Runners) left this morning for a motor trip of several weeks. They plan to go to Belnap Springs, which is such a popular and beautiful summer resort.

Miss Luella Chase, who has been teaching in Salina schools has accepted a position at Oregon Normal school at Monmouth. She will have charge of the department of domestic science and domestic art. Miss Myra Butler, who had the work last year, plans to do Y. M. C. A. work in France.

Mr. and Mrs. W. F. Campbell and daughter, Freida, left yesterday for Independence, which is their former home. They will be gone about a month.

One of the out of town couples who were married in Salem last week, was Miss Daisy Keck of Milwaukie and J. W. Hayes of Portland. They motored to Salem for the wedding. Mr. Hayes is engaged and will leave August 11 to attend the Modern Auto Mechanic school at Spokane. Mrs. Hayes will remain with her parents, Mr. and Mrs. J. A. Keck, of Milwaukie.

A very pretty wedding took place at the home of the bride's parents, Mr. and Mrs. W. A. McParlane, 338 South 18th street, Sunday afternoon at four o'clock when their only daughter, Cleo, O. McParlane, became the bride of Merle Putnam of this city. The bride was beautiful in a dress of cream crepe de chine chiffon over white silk. A very impressive ceremony was performed by the Rev. H. C. Stayer of the Central Congregational church by which the young couple were united in marriage. Mr. and Mrs. Putnam will be at home to their many friends at the September first at the Marion apartments.

A happy reunion was enjoyed at the fairgrounds Sunday, when many relatives gathered together for a picnic dinner. Those who were present were Mr. and Mrs. G. W. Chapman and Grandmother Chapman, Winona station; Mr. and Mrs. A. W. Morrison and Alvin Morrison, New York, Wash.; Washington; Mr. and Mrs. F. P. Byers from West Salem, Leon B. Rowland, Portland; Mrs. J. F. Lan, Stayton; Mr. and Mrs. J. R. Southwick, Glen Southwick and Vera Southwick, Mountain View; Mr. and Mrs. W. P. Ringle and Donald Ringle, North Salem, and Mr. and Mrs. C. C. Cross from south Salem.

Dr. and Mrs. B. L. Steeves and daughter, Muriel, returned last evening from a two weeks vacation in Washington. They motored to Mt. Rainier where they enjoyed a pleasant time at Paradise Inn. They were accompanied there by Mr. and Mrs. George Gaston and Mrs. Gaston, Jr., of Olympia. After leaving there, they visited in Olympia and later visited Mr. and Mrs. Virgil Peringer of Bellingham.

Don't suffer! A tiny bottle of Freezeone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers.

When you peel off corns or calluses with Freezeone the skin beneath is left pink and healthy and never sore, tender or even irritated.

WIRE LINES
(Continued from page one)
pense.
Seizure of the cables, it has been stated, is vital because of two principal reasons:
It will serve farther to insure against information of value to the enemy getting out of the country, and;
There is at least one cable that the war department has been anxious to have its hands on for carrying on vital work, it is said.
While seizure of the wire systems was brought to a head at a time when union telegraphers were threatening to strike because the Western Union refused to accede to their demands and President Wilson's request to abide by a ruling of the war labor board (acknowledging the right to join the union) the government long has had the step in contemplation.
At least three of the present members of President Wilson's cabinet favor government ownership or permanent operation of the communication systems. As a result it is predicted by authorities here that once the government has put into effect its plans of reorganization of the great wire lines, it will be a physical impossibility to unscramble them and return them to private operation and ownership again.
The executive order of the president today, brings under government control for the period of the war, millions of miles of wire, thousands of employees and coupled with the seizure of railroads and the monopoly in postal business, it places the government in virtual control of every industry in the land.
The strike of telegraphers is now definitely off.
With the president's signature on the wire seizure, walkouts will stop and

"HARD SKIN" AND FOOT CALLUSES

Magic! Peel Them Right Off Without Pain Or Soreness

Don't suffer! A tiny bottle of Freezeone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers.

When you peel off corns or calluses with Freezeone the skin beneath is left pink and healthy and never sore, tender or even irritated.

END OF GERMAN CONTROL OF METALS

Alien Property Custodian Takes Over Control of Another Property

Washington, July 23.—The government has taken another step to smash for all time the German control of the metal industry in this country.

Official announcement was made today that Alien Property Custodian Palmer has taken over the business of L. Vogelstein and company and Baer, Soudheimer and company, both German owned metal concerns on Broadway, New York.

The assets of the companies are respectively \$2,000,000 and \$5,000,000 and both, according to investigation by the custodian, were "closely affiliated with the German Metal Gesellschaft, which for some years has dominated the entire metal market of the world."

With the American Metals company (the large enemy interest which has already been seized by the government), the two companies taken over today controlled most of the principal metal and smelting companies of this country.

The enemy interest in Stallforth and company, New York dealers in silver bullion, another link in the German metal trust, also was seized today. P. Stallforth, principal stockholder, is now interned at Fort Oglethorpe.

The Vogelstein company owns a half interest in the National Zinc company, the entire stock of the Cuba Copper company, the Copper Leasing company and the Norfolk Smelting company, and 50,000 shares of the Minerals Separation American Syndicate, Limited. It also has large holdings in

reinstatement of those men locked out in recent weeks will take place rapidly after government control begins.

The union will endeavor to have all questions of wages and working conditions in the hands of the war labor board. Some questions are now pending.

GERMANS REALIZE THEY ARE LICKED

This Fact Now Dawning On Central Empire—English Confident Now

By Ed L. Keen
(United Press staff correspondent)
London, July 23.—Slowly and gradually it is dawning on the Huns that they are licked to a frazzle.

With the initiative lost now, the Germans seem to be losing the art of strategy. The question now is whether they can evacuate the Soissons-Rheims pocket in time to avert a disaster.

Every hour witnesses the united allies swooping in on all sides, endeavoring to close the trap. The artillery and infantry are cooperating in a manner never before witnessed. When the foot soldiers encounter obstacles, the guns blast them away.

It is still believed that Ludendorff or Hindenburg—the latter's mysterious

The United States Metal Refining company and the American Zinc, Lead and Smelting company, which controls the Wisconsin Zinc company, the American Zinc company of Illinois, American Zinc Ore Separating company, American Pipe Line company and the Oglesby Gas company. Of the 70,000 shares of capital stock of the American Metals company 15,180 shares are owned by the Metal Bank and M. C. of Frankfurt, and 18,180 shares by the Metal Gesellschaft of the same place. The American Metals company completely owns the following companies:

American Zinc and Chemical company, Langeloth Coal company, Langeloth Townsite company, American Metal Transport company, Bartlesville Zinc company and South American Metal company.

It had large holdings of stock in the following companies:
Ohio and Colorado Smelting and Refining company, Compania Minera De Peneles, South America; Compania De Minerias y Metales, South America; Compania Metalurgica Le Porroon, South America; Compania Minera Palome y Cabrilas, South America; Compania De Combustibles Agujita, South America; Flandic De Guyana, South America; Ballouch Smelting and Refining company and Nichols Copper company.

The alien property custodian declared that owing to evidence, L. Vogelstein and company played a large part in inducing the German government to declare war and in the continuance of the war after it started. Vast supplies of metals were sent from this country, it is declared, for Germany. These activities, it was declared, began when the war started and were halted only when the United States entered hostilities.

ECKMAN'S Calcerbs
FOR THROAT AND LUNGS
A Calcium compound that will bring relief in many acute and chronic cases. Provides in handiest form, a basis readily highly recommended by science. Contains no harmful drugs. Try them today.
50 cents a box, including war tax.
For sale by all druggists
Eckman Laboratory, Philadelphia

"DR. Caldwell's Syrup Pepsin is all that it is claimed to be and I will always keep it in the house as it is all that I need for my children, and grown folks as well. I do not hesitate to recommend Dr. Caldwell's Syrup Pepsin to my friends."

(From a letter to Dr. Caldwell written by Mrs. Esther Porter Harrison, Georgetown, S. C.)

Dr. Caldwell's Syrup Pepsin
The Perfect Laxative
Sold by Druggists Everywhere
50 cts. (Two Sizes) \$1.00

A mild, pleasant-tasting combination of simple laxative herbs with pepsin that acts easily and naturally. Children like it and take it willingly. A trial bottle can be obtained by writing to Dr. W. B. Caldwell, 458 Washington Street, Monticello, Illinois.

disappearance having again led to the report of his death—have another kick in them. But it is problematical whether they have time, even if they have enough reserves left, to save the day between Soissons and Rheims.

There is no doubt there will be another German drive, somewhere, but by the balance of their reserves, but it will be a forlorn and dreary one.

The war, so far as Germany is concerned, is being fought out in the Soissons-Rheims battle, with the odds favoring the allies. The most optimistic view of the situation is that, while all the German armies are not impeded by the allied counter stroke, it is only a matter of what the latter have got up their sleeve. And they haven't begun to play their cards.

The London newspapers no longer are cautious in their statements. They say the Germans are whipped and that's all there is to it.

Today's War Summary

NILSON TRACTORS.
Built up to a standard, not down to a price.
Light weight—Strong pull—Superior quality.
Automatic Traction by "pull" instead of dead weight.
Stands up to hard service with minimum expense.
