

Catarrh of Stomach

Mrs. Mary Pennell, R. F. D., Pomeroy, Missouri, writes: "I wish to say a few words in the praise of Peruna. I have used it with good results for cramps in the stomach. Also found it the very thing for catarrh of the head. My sister was cured of catarrh of stomach by the use of Peruna."

Mrs. E. T. Chomer, 69 East 42nd St., Chicago, Ill., says: "Manalin best laxative on the market for liver and bowels, very good for indigestion and heart burn."

Those who object to liquid medicines can secure Peruna tablets.

ALLIED OFFENSIVE

(Continued from page one)

German officers say the third drive toward Paris, was to be undertaken late this summer or early in the autumn, in the event that the one just stopped did not carry clear through to the coveted territory.

Prisoners are doubtful as to whether these other two drives will be carried out as planned, since a great number of extra divisions were used on this front last week and many of them were so badly shattered they will not be fit for use as storm troops inside of four months.

The majority of intelligent German prisoners believe the Kaiser will start another offensive this summer—on a scale larger than to regain the confidence of the German people, which is admitted to be at low ebb. Many prisoners frankly say they are sick of the war.

During the enemy retirement, German officers say the allied artillery fire compelled them to fall back so fast they were unable to maintain an effective counter barrage. While the allies were bombarding the positions, preparatory to some local attacks, the German outposts were forced to take cover and many were captured before they could come out of their hiding places. In some instances the fighting was carried on almost entirely by artillery and machine gun fire, the Germans being so far ahead of the Americans that rifles and grenades could not be used effectively.

Allied aviators and German prisoners testify to the destruction wrought by our heavy guns on railways, roads and important junctions, which were necessary to the enemy's retirement.

The German plan of retreat left the machine gun squads to fight rear guard actions at many points. On several occasions when these guns and their crews were captured the boche gunners did not know that their comrades had already fallen back.

AUSTRO-HUNGARIAN

(Continued from page one)

be most difficult for the enemy to overcome.

As for an Austrian naval offensive, a comparison of the morale of the two fleets can be seen in the recent Italian exploits and off the Dalmatian coast, where three of Austria's greatest warships were destroyed by tiny Italian submarines.

To win an advantage in the air, Austria must overcome a combined force of Italian, British and American aviators.

SOCIETY

By MABEL GARRETT

As Saturday, July 27, is the Saint's day for whom, Elizabeth, Queen of the Belgians, was named the society for the relief of Belgians is planning to edify her by selling nosegays of forget-me-nots on the streets and in the stores. Portland people are carrying out this plan on Thursday, the birthday of the queen, but Salem has selected the Saint's day which is usually celebrated the most. The idea is also quite unique because it is rumored that forget-me-nots are the queen's favorite flower.

The town will be divided into districts and prominent women will have charge of the sale of the ten cent bouquets. The work is very important for upon the efforts depends the future of Belgian children. Because of malnutrition, the children are starving and many diseases are prevalent so that the hope of the nation rests with the aid Americans give. One woman has given \$100 for the cause and some people have promised monthly subscriptions but it is hoped that many more can be secured. Milk bottles have been placed in Ladd and Bush's bank in which one may drop his dimes and pennies for the cause. Others will be put in the different stores, and buildings.

The officers of this organization are president, Mrs. William P. Lord; vice president, Mrs. Alice H. Lord; secretary, Mrs. John Albert; treasurer, Mrs. C. S. Hamilton; auditor, S. B. Elliott.

Following is the personnel of the board of directors: Mrs. R. S. Wallace, Mrs. C. P. Bishop, Mrs. James Withycombe, Miss Cornelia Marvin, Mrs. D. J. Fry, Mrs. George Pearce, Mrs. R. J. Hendricks, Mrs. Herbert Nunn, Mrs. William E. Kirk, Mrs. R. Cartwright, Mrs. Irwin Griffith, Mrs. Sallie Bush, Rev. Robert S. Gill and Rev. R. N. Avison.

The patriotic committee is, Mrs. George Pearce, Mrs. P. S. Stewart and Mrs. Chauncey P. Bishop.

MUNITION WORKERS THREATEN TO STRIKE

Prospects of One Hundred Thousand Workers Going Out This Week

London, July 24.—In an effort to reach an amicable agreement with munition workers who are threatening to strike, conferences will be held tomorrow between representatives of the government and the unions, which have named advisory committees. If these efforts fail, it was declared today, there will be more than 100,000 striking before the end of the week, with a possibility that this number will reach 200,000 next week.

Already 12,000 have left work at Coventry and 3,000 at Leicester. Today 60,000 men and five thousand women are scheduled to walk out at Birmingham. At Lincoln thousands were scheduled to strike. Manchester workmen are expected to go out tomorrow. There has been no action yet at Glasgow.

Morning newspapers are urging workmen against haste, pointing out the danger of such a strike. The allies, they declare will suffer greatly if the strike is permitted to be called.

PROPHECY OF THREE HUNDRED YEARS AGO AND PRESENT WAR

Prediction Credited to "Brother Johannes" Is Again Reprinted.

Since the outbreak of the war in Europe, considerable interest has been taken throughout the country in the prophecy made some 300 years ago by Brother Johannes, and since the United States has become involved in the conflict, local people are watching developments with keen interest, and comparing events with those as foretold in the prophecy, a copy of which has been presented to the Capital Journal with a request for its publication. We know nothing about its authenticity, or where it originated. The prophecy follows:

Part of an extraordinary Latin prophecy made by Brother Johannes in the year 1600 is quoted in a recent issue of the Figaro Evening Standard. In deciphering the allegory, it must be remembered that:

France is represented by a Cock; England by a Leopard; Russia by a White Eagle; Germany by a Black Eagle; and Austria by the "other Eagle;" while the Lamb stands for Justice, Mercy and Truth.

"Towards the year 2000 the Anti-christ will manifest himself. His army will surpass in numbers all that can be imagined.

"There will be Christians among his legions, and there will be Mohammedans and savage soldiers among the defenders of the Lamb.

"For the first time the Lamb will be all red. There will not be a single spot in the Christian world that will not be red, and red will be the Heavens, the Earth, the Waters, and even the Air, for blood will flow in the domains of the four elements at once.

"The Black Eagle will throw himself on the Cock, who will lose many feathers, but will strike back heroically with his spurs. He soon would be crushed were it not for the help of the Leopard and his claws.

"The Black Eagle will come from the country of Luther, will surprise the Cock from another side, and will invade the country of the Cock up to the middle of it.

"The White Eagle, coming from the north, will surprise the Black Eagle and the "other Eagle," and will invade the country of the Anti-christ from one end to another.

"The Black Eagle will see himself forced to liberate the Cock in order to fight the White Eagle, and the Cock will pursue the Black Eagle into the country of the Anti-christ to help the White Eagle.

"The battles fought up to then will be as nothing compared to those which will take place in the country of Luther, for the seven Angels will together pour in the fire of their censors on the impious Earth, which signifies that the Lamb will order the extermination of the race of the Anti-christ.

"When the Beast sees that he is lost, he will become furious, and for many months the beak of the White Eagle, the claws of the Leopard, and the spurs of the Cock will furiously strike at him.

"They will cross rivers over the bodies of the slain, and these, in places, will change the course of the waters. They will bury only the men of noble families, the leading commandants, and the princes, because to the carnage made by the armies will be joined the wholesale death of those who will die of hunger or the pest.

"The Anti-christ will ask many times, for peace, but the seven Angels will walk in front of the 3 animals defending the Lamb have declared that victory will only be granted on the condition that the Anti-christ be crushed like straw on the barn floor.

"The exorcisers of the justice of the Lamb cannot stop fighting, as long as the Anti-christ possesses soldiers to fight against them.

"That which makes the decrees of the Lamb so implacable is that the Anti-christ has pretended to be a follower of Christ, and to act in His Name and if he does not perish, the fruit of the Redeemer would be lost.

USE COCONUT OIL FOR WASHING HAIR

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unsulfated coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get unsulfated coconut oil at most any drug store. It is very cheap and a few ounces is enough to last everyone in the family for months.

Penitentiary Convicts Cannot Supply Wood

The penitentiary has fallen down worse on its agreement to cut and deliver 5000 cords of wood for the Oregon state hospital than was at first supposed as shown by a visit of State Treasurer Kay and Secretary of State Olcott to the convict wood camp on the Pratum road Friday.

Instead of delivering 5000 cords it is now estimated that the hospital will receive about 2000 cords from the prison wood camp, while the penitentiary will receive probably 1000 cords, making a total of 3000 cords.

In order to protect the hospital from a fuel famine next winter, the state board of control is now endeavoring to make arrangements to obtain enough fuel oil to run the institution at least during the fore part of the winter.

Estimates made by Warden Murphy and those connected with the penitentiary wood camp have been away off, it is now revealed. At that between 1000 and 1500 cords of wood were burned, and that he had 500 or 600 cords remaining.

It is now estimated by State Treasurer Kay and Superintendent Steiner of the state hospital and others who have visited the wood camp that no more than 400 or 500 cords were burned and there was nowhere near 5000 cords left on hand.

Cost of getting out wood with convict labor will run in the neighborhood of \$5.50 to \$6 a cord delivered, while Superintendent Steiner cut 1000 cords for his institution at a cost of approximately \$3.50 a cord delivered. Patients from the asylum did the cutting, while the hauling was mostly done by hired men.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she was so bad she could not do any work. For two years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."

—Mrs. W. D. WELLS, 228 North Adams Street, Petersburg, Va.

If every girl who suffers as Miss Wells did, or from irregularities, painful periods, backache, headache, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

President Wilson Against Growing Mob Rule

Washington, July 24.—President Wilson is preparing a strong statement to the country warning against the apparent growth of mob spirit in many sections.

Under the guise of patriotism, some people and organizations are bringing about a disturbing increase of actual lawlessness, reports to the white house show.

This situation, the president will point out, not only affects the morale of the American people, but is a dangerous weapon in the hands of German propagandists in every country, seeking all opportunities to attack America's faith in the war.

Children Cry FOR FLETCHER'S CASTORIA

YOU CAN'T RUB IT AWAY; RHEUMATISM IS IN THE BLOOD

Liniments Will Never Cure. If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away; for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store, and get on the right treatment to-day. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

MAN WANTED—Experienced in men's furnishings and shoes. Permanent position for the right man. References required.

Mr. and Mrs. H. G. Marvin of 725 North Church street are spending their vacation at Sea Crest.

Miss Kate Barton of Deer Island is spending several days in Salem.

TO CHRONIC DYSPEPTICS—

You can eat what you like if you take Bi-nest. Make this test: Eat a hearty meal of the good things that usually disagree with you, then take two or three Bi-nest Tablets. If you aren't astonished and delighted you can have your money back for the asking. Get a 50c bottle today from any good druggist; use as directed, and you will soon be telling your friends how you got rid of indigestion. Remember the name—Bi-nest—the indigestion remedy that costs nothing if it fails.

Spruce Production at High Work Mark Now

Portland, Ore., July 24.—Spruce production for airplanes in the northwest reached a new high mark Monday when forty one carloads of dressed and kiln dried spruce were shipped from Vancouver, Wash.

This was earned today at headquarters of the spruce division of the signal corps.

The shipments totalled approximately 900,000 feet, sufficient for 900 ordinary airplanes.

Colonel Disque, commanding the spruce division, cautioned that this should not be interpreted to mean the spruce division already was approaching the 30,000,000 feet monthly average output which has been requested of it.

Shipments on the few days prior to Monday averaged about 17 carloads. This, it was said, was a big increase over the ten million feet monthly average in April. Monday was an exceptional day, said Colonel Disque.

Turkey Promises To Make Amends

Washington, July 24.—Turkey has promised to do her "full duty" toward the United States, should it develop that her troops are responsible for anti-American outrages against Tabriz.

This means she would attempt to avoid war through the pledge of reparation damages. The Swedish foreign office has notified the state department that Turkey is still investigating but is having difficulties with poor communications.

"Where Shopping Is a Pleasure"

and the doors of Hades would prevail against the Saviour.

"The fight which will take place where the Anti-christ forges his arms will not be in any way a human fight. (This may have reference to Essen, where the Krupp works are, and many authorities believe that the decisive battle may take place in Westphalia.)

"The three animals defending the Lamb will exterminate the last army of the Anti-christ, but they will be forced to erect on the battlefield a pyre as large as a city, for the bodies of the dead will change the aspect of the countryside as there will be mounds of the slain.

"The Anti-christ will lose his crown, and will die in solitude and madness. His empire will be divided into twenty-two states, but none of them will any longer possess fortresses, armies or vessels.

(Curiously enough, this number coincides with the number of German states.)

"The White Eagle, by the order of St. Michael, will drive the Crescent from Europe, and will install himself at Constantinople. Then will begin an era of peace and prosperity for the earth, and there will be no more wars, each nation being governed according to its desires, and living according to the rules of justice.

"There will no longer be Lutherans or Schismatics. The Lamb will reign and the supreme happiness of humanity will begin. Happy will be those who, escaping the perils of that period, will be able to enjoy the fruit of the reign of the Spirit and of the purging of Humanity, which can only come after the defeat of the Anti-christ."
