The patriotic song, "My Country 'Tis of Thee" is to be sung next Tuesday evening during the evening community sing at Marion square. Business is lively just at present with the prune packers from the fact that the buying and selling all came at one time this year. The government arranged this schedule, naming the maximum prices for the growers and permitting the packers to do business on a small margin. Hence there is no speculation or shrewd buying this year. The eastern buyers of packed prunes are buying on a basis of the maximum price named for the growers. There seems to be an impression that the late rains will add materially to the crops especially in the hills districts.

A car load of Ford tractors will arrive in the city tomorrow and by Friday will be on display at the Valley Motor Co. rooms on west State street, in the building formerly occupied by the Purvine Implement Co. The men who has just made up his mind will have but little chance to buy at once as not only is this first car lot sold, but the first shipment of fourteen car loads are already contracted for. Marion and Polk county will be given a quota of 150 tractors out of the 1000 to be shipped into Oregon this year. A tractor plow with two fourteen inch bottoms costs \$150. The Fordson \$500 making a total investment of \$1110 for

A dozen bean pickers will be given employment by calling at the U. S. employment bureau on State street. Just at present, the call mostly is for farm hands and bean pickers. The parents of the Schaffer boy were unable to control him and after his second trip to the county court it was thought best to place him in the reform school.

CALL FOR RECRUITS WILL FORCE BOARD TO RE-CLASSIFY MEN

Young Married Men Will Probably Soon Be Called Into Service

About 160 men will be required of the local exemption board during the month of August, according to a telegram received from the provost general this afternoon.

The board is instructed that the calls for August will be as large as those of July and in order to send the necessary men, it is instructed to refuse a release to any man in class 1 who wants to join the navy or emergency fleet or go into any special service.

The allotment of Marion county has not as yet been announced but the provost general instructs the board that releases are to be granted under no circumstances.

The quota for Oregon is 2200 and the men will be ordered to entrain beginning early in August. Medical officers are instructed to speed up examinations especially of the men who registered June 5, 1918.

The effect of this order is to put every young man who registered June 5, 1918, into the service during August, provided he is in proper physical condition. As there is about 75 to 85 young men available from this class, it is more than probable in order to fill its quota during August that the local exemption board will be obliged to re-class many men who are now in class 2.

public service commission until hearings can be held to determine whether the proposed increase is justified.

State House News

Of direct interest to Salem wood dealers is the information received today by the public service commission from F. W. Robinson, chairman of the railroad traffic department at Portland, that fuel wood will be exempt from the \$15 per car minimum freight charge, which was imposed by the recent order of Director General McAdoo increasing freight rates. When the \$15 minimum went into effect the commission made a protest as on short hauls a car will not hold enough wood to justify the minimum. Slabs, sawdust, shavings and broken lumber of miscellaneous lengths also are exempted from the \$15 minimum charge.

Two highway paving jobs were begun today, according to announcement from the state highway department. One is on the Tillamook-Cloverdale road, and the other is at Svenson, on the lower Columbia river highway. The Tillamook-Cloverdale section is five miles long. Oscar Huber is the contractor. The Svenson job covers a section nine miles long. The Warren Construction company is the contractor. Both contracts were let last year.

The fifteen miles of paving on the Rex-Figard road is completed except about one and a half miles. The job will be done by September 1. The new bridge over the Tualatin river, on that strip of highway, is completed.

The state land board, at a meeting held yesterday afternoon, directed the attorney general to proceed with the land fraud suits against the Pacific Livestock Company in Harney county. Attorney General Brown submitted to the board the report of T. Kytka, the handwriting expert of San Francisco which shows that approximately 16,000 acres were obtained by the company through forged or faked deeds. The cost of the litigation will be paid from the common school fund interest, unless the emergency board allows a deficiency for it. If the lands are recovered to the state the proceeds will go to the benefit of the school fund.

John B. Severns, an Oregon pioneer who was received at the Oregon state hospital on June 10 from Eugene, died today. He was 89 years old, and leaves a son and daughter in Lane county.

Frank B. Tichenor, deputy United States marshal, declines to accept the

democratic nomination for state representative from Tillamook and Yamhill counties. He filed his declination with the secretary of state today. He was not a candidate for the office, but was nominated by his name being written on the ballot.

Resources of the banks of the state of Oregon now total \$240,197,137 an increase in the last year of \$28,776,417, according to a statement issued today by the state banking department. The figures are based on the showing of the banks at the close of business on June 29.

An argument opposing the measure appropriating \$200,000 for the establishment of a home for dependent, delinquent and defective children was filed today with Secretary of State O'Leary by George A. Thacker, Millie R. Trumbull, John P. O'Hara, Wm. C. McLaren, Emma Butler, Walter H. Evans, B. F. Cook, W. A. Rice, C. O. McCulloch, P. E. A. Smith, A. L. Hutchison, S. Earl DuBoise and Mrs. S. M. Blumauer. The argument will be printed in the measure pamphlet, as the bill is to be voted on at the November election.
