The workers in Portland, who sold the dainty blossom sprays yesterday for the relief of Belgian babies were delighted with the success of their efforts, for it was estimated that about \$10,000 was raised. The Salem committee of the Belgian relief organization, who are planning the sale of favors for tomorrow, hope that local people will realize that the cause is worthy and will respond graciously.

One of the distinctive features of the sale of tags tomorrow will be a booth in Meyers store. This booth which will be appropriately decorated in the American and Belgian national colors, will serve as the headquarters for the day. Many prominent maids and matrons will sell the little favors. The committee in charge requests that these women bring baskets, when they report at the booth. Those who will be in the booth tomorrow are Mrs. Walter Spaulding, Mrs. John H. Albert, Mrs. Mrs. Jack Henry. Mrs. Henry is from Portland and her husband is lieutenant with the 162nd infantry.

Mrs. O. P. Hoff, 296 North 14th, is entertaining as her house guest, Mrs. Anna Reed. Mrs. Reed is a teacher in the Oakley Green school in Portland. She will remain in Salem for the summer. Mrs. L. E. Bean and children, Margaret and Lewis, Jr., have returned recently to their home in Eugene. They have also been the guests of Mrs. Hoff.

Miss Elma Weller, accompanied by her sister, Mrs. Rose W. Chamberlain, are spending the summer in California. They will be in San Francisco most of the time where they will visit with Mrs. Chamberlain's son, Weller Chamberlain. He is in the employ of Bradstreet and Dunn there.

Dr. Mary Staples of Turner spent yesterday in Salem.

Mrs. Charles Bier, accompanied by her son, Charles, motored to Newport today with Mrs. Bier's brother-in-law, Mr. McCarthy. Mrs. McCarthy has been at the coast a week and the party will join her Sunday Mrs. Bier and her son will return.

Mrs. John Ferguson, Sr., has returned to Newport after visiting with her son and his wife, Mr. and Mrs. John Ferguson for some time.

Miss Grace Fawk, accompanied by her sister, Gertrude Fawk, motored to Portland Tuesday.

PRESIDENT WILSON

How shall we commend democracy to the acceptance of other peoples if we disgrace our own by proving that it is, after all, no protection to the weak? Every mob contributes to German lies about the United States what her most gifted liars cannot improve upon by the way of calumny. They can at least say that such things cannot happen in Germany except in times of revolution when law is swept away.

"I therefore very earnestly and solemnly beg that the governors of all the states, the law officers of every community and, above all, the men and women of every community in the United States, all who revere America and wish to keep her name without not passively, merely, but actively and watchfully—to make an end to this disgraceful evil. It cannot live where the community does not countenance it.

"I have called upon the nation to put its energy into this war and it has responded—responded with a spirit and a genius for action that has shrilled the world. I now call upon it upon its men and women everywhere to see to it that its laws are kept inviolate, its fame untarnished and its show our utter contempt for the things that have made this war hideous among the wars of history by showing how those who love liberty and right and justice and are willing to lay down their lives for them upon

Grandma Talks About Babies

Mean large Circle of Listeners Who Profit by Her Wisdom and Experience.

In almost any community there is a grandma who knows Mother's Friend. Not only is she reminiscent of her own experience but it was through her recommendation that so many expectant mothers derived the comfort and blessing of this famous remedy.

Mother's Friend is an external application prepared especially for an expectant mother in relieving tension brought about by expanding muscles, and is a most grateful encouragement to the woman awaiting motherhood.

The action of Mother's Friend makes the muscles free, pliant and responsive. When baby arrives they expand easily, and pain and danger at the crisis is naturally less.

Strain upon the nerves and ligaments is lessened and in place of a period of discomfort and consequent dread, it is a season of calm repose and happy anticipation.

Mother's Friend enables the mother to preserve her health and natural grace and she remains a pretty mother by having avoided the pain and suffering which more often than otherwise accompanies such an occasion when nature is unaided.

Write the Bradfield Regulator Co., 125 North 14th, Atlanta, Ga., for their "Mother's Friend" so valuable to expectant mothers, and in the meantime do not by any chance fail to purchase a bottle of Mother's Friend from a druggist and thus fortify yourself against pain and discomfort. Mother's Friend should be applied night and morning with the utmost regularity.

foreign fields stand ready also to illustrate to all mankind their loyalty to the things at home which they wish to see established as a blessing and protection to the peoples who have never known the privileges of liberty either for ourselves or for the man who does not reverence and obey the laws of our own beloved land, whose laws, we ourselves, have made. He has adopted the standards of the enemies of this country, whom he affects to despise.

has been practically wiped out. The boches' losses in this region are staggering.

Pocket is Tightened.

The tightening of the pocket about the crown prince's armies is increasing. While French, British and Italians are driving at the wings in the Soissons and Rheims regions, French and Americans are jamming in the sides, rendering the avenue of withdrawal narrower, the transport confusion greater and placing an additional expense of roads and rail roads under artillery fire.

The increasing number of fires in Ferme-Eu-Tardenois and nearby villages apparently are from ammunition dumps and supply depots which the Germans are destroying because of their inability to remove them.

Meantime, refugees are beginning to return to the wrecked villages along the Marne, old men and children walking in the wake of advancing Americans. High, two-wheeled carts and baby carriages, filled with bedding and household goods, are mingling with the war traffic.

Refugees Return.

Some refugees find their homes wiped out. Other houses are kept on needles and pins. Crops laid in waste. Wheat fields are dotted with dead men and horses and wreckage. In two months the Marne valley has been transformed from a beautiful, peaceful spot of wealth and plenty into a scene of desolation, but here and there the old beauty is heavily standing out, where harvesting is being resumed.

Thrilling scenes of open warfare are constantly increasing. All the old ideas of trench fighting are demolished. Everything is now on the move. Mounted troops, armored cars, automobiles, guns, wagons and marching men fill the roads.

No unit has an established headquarters. Billings places are camps beside the road, with the men sleeping on their arms. Ammunition and supply wagon drivers are working tirelessly day and night. Rolling kitchens rush to supply hot food to any men appearing.

GERMAN LOSSES GREAT.

By Carl D. Groat.

(United Press Staff Correspondent.)

Washington, July 26.—German losses the past two weeks have been 150,000 or more, according to a high general estimate today.

He doubted that American casualties would surpass 25,000 or that Americans plus British, French and Italian, would exceed 100,000.

These figures, presented as an offset to wild German propaganda claims of enormous slaughter of Americans, in-

"During the night over 24 tons of bombs were dropped by us on the railroads at Valenciennes, Seclin, Cousturi and Armentieres, and on hostile billets on different parts of the front. Two trains were hit with bombs and thousands of rounds fired from machine guns at various ground targets, including active anti-aircraft guns, searchlights and transports. All our machines returned. One of the enemy's night bombing machines was brought down."

GERMANS FEAR YANKEES.

By Lowell Mellett.

With The French Armies In France, July 25.—(Night).—"If all the American army has the same temper, the German cause is lost," a German officer prisoner told his captors today.

The officer said a German attack planned late in June, in the region of the Oureq, was called off because of the manner in which the Americans there previously fought.

Further evidence that the crown prince's offensives was held out to the Germans as a peace offensive was found on a placard in an evacuated trench, and signed by a German infantry corporal. It declared that England in the France to protect herself while America, fearing Japan, fought to earn

BRITISH RAIDS CAUSE PANICS.

By William Philip Simms.

(United Press Staff Correspondent.)

With The British Armies In France, July 26.—Every British raid seems to start something like a panic in the sector where the kidnapping expedition occurs.

As the Tommies are busy man stealing, the Germans are kept on needles and pins. Since the allied counter-offensive turned the crown prince's march on Paris into a harassing rear guard action, it is known that the enemy has spent many anxious moments.

Captured documents show the German high command is issuing order after order in an effort to stir its underlings to guard against surprise operations.

Further evidence has been obtained indicating the proposed offensive against the British may come soon, as Ludendorff is known to be under pressure from home to do something before his initiative is lost completely.

clude all casualties which put men hors de combat.

German propaganda has claimed first that "hundreds of thousands" of Americans were killed and later "tens of thousands." This line of information is seen here as a double attempt to cover defeat at home and to endeavor to dismay the timorous in this country.

Secretary Baker declared that the American losses have not been out of proportion to the numbers engaged or to the extent of the operations involved.

The suggestion has been made to the secretary that the censors abroad could well exercise their prerogative of killing copy when German propaganda cables as to exaggerated losses or disasters appear. The secretary is understood to feel that the American people as a whole take little or no stock in anything the Germans say. By a certain element, including pacifists, pro-Germans and the timid, used German tales to their own ends.

As for German losses, the Americans are in good position to get reliable data, for they are on the advance end, therefore, according to Baker, have superior opportunities for observation.
