SEATTLE MAN HAS GAINED 25 POUNDS

I Never Felt Better In My Life Says Bland After Taking Tanlac

"Tanlac has not only made a wonderful change in my wife, but I have been greatly benefited by it myself. It has put her in shape to where she has gained twelve pounds in thirty days and now she feels fine all the time. And as for myself, I have picked up twenty five pounds, and never felt better in my life."

This interesting and remarkable statement was made by P. O. Bland of 3724 Fourth Ave., North, Seattle, Washington, recently.

Continuing Mr. Bland said: "My wife has had one of the worst cases of stomach trouble, it seems to me a person could have, and everything she would eat disagreed with her in a way that caused her the greatest of suffering. During the past five years we tried everything we heard of in our efforts to help her and build her up, but nothing seemed to do her any good. Her appetite left her entirely, her complexion was sallow, and her health was all gone to pieces. She used to weigh one hundred and seventy pounds, but fell off to one hundred and thirty three and was so weak she could hardly raise her arms. For one solid month before she began taking Tanlac, she was down in bed, hardly able to move. About the last of April she started on Tanlac, and the results have been wonderful. She has no trouble whatever with her stomach now. She eats anything she wants without suffering a particle from it, and has a splendid appetite. She was so nervous and miserable before she began taking Tanlac she hardly knew what a good night's sleep was, but now she sleeps the whole night through just like a child. Her color is clearing up and she is able to do all her housework without any trouble."

"When I noticed the wonderful benefits she was getting from Tanlac, I started taking the medicine myself, as I had been suffering for sometime with indigestion and constipation and was badly run down. I had fallen off to one hundred and forty two pounds and was still losing. I don't suffer a particle with indigestion now, no matter what I eat, and I am always ready with a big appetite when meal time comes. I now weigh one hundred and sixty seven pounds, making a gain of twenty five pounds, and my wife and I are both glad to recommend Tanlac, as it has done far more than we ever expected of it."

Tanlac is sold in Hubbard by Hubbard Drug Co., in Mt. Angel by Ben Goeck, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Salem by Dr. S. C. Stone, in Silverton by Geo. A. Steelhammer, in Gates by Mrs. J. P. McCurdy and in Stayton by C. A. Beauchamp. (Adv.)

training teacher has been so great that it will be impossible for all schools to equip themselves by September."

"Another teachers' agency writes: 'It is now many weeks since a man has been on our list who would consider anything under \$1300 or \$1400. Men who would consider this salary are practically all beginners. There are hundreds of high schools in the central states offering \$1500 and up for manual training teachers.'

With such a condition confronting him, Mr. Todd reported to the board that he had under consideration the following manual training teachers: Paul H. Newman, Spokane—Graduate of Washington State College and with 7 years experience as actual carpenter and 4 years teaching experience; will take place at \$1750.

A. W. Boss who has worked at cabinet making in his summer vacations with 2 years experience in Manual Training teaching and who is a graduate of the Stout Institute offers his services, not stating a price.

J. Parks Blodgett, who has 4 years experience in High School in East Chicago, and who has been doing cabinet work for the School Board this summer and who has taken a course in Engineering at the Michigan Agricultural College offers his services without stating price.

Mr. A. H. Brubaker—a graduate of Oshkosh, Wisconsin, having had 2 years teaching experience and who is now employed as foreman of a garage at \$35.00 a week offers his services at \$1500.

Mr. F. J. Springsteen is applying for somewhat less—for from \$1400 to \$1500.

TO HAVE PERFECT SKIN THROUGHOUT THE SUMMER

This is the season when she who would have a lily white complexion should turn her thoughts to merozolized wax, the firm friends of the summer girl. Nothing so effectively overcomes the soiling effects of sun, wind, dust and dirt. The wax literally absorbs the scorched, discolored, withered or coarsened scarf skin, bringing forth a brand new skin, clear, soft and girlishly beautiful. It also unlogs the pores, removing blackheads and increasing the skin's breathing capacity.

An ounce of merozolized wax, obtainable at any drug store, applied nightly like cold cream, and washed off mornings, will gradually improve even the worst complexion. There is nothing better for the removal of tan, freckles or blotches.
