"Where Shopping Is a Pleasure"

Premier Lenine Appeals To Workers For Help

London, Aug. 7.—Premier Lenine made an impassioned appeal to the workers Friday to fight against the Czech-Slovak forces, according to a Moscow dispatch received here. "Our enemies encircle us in a ring of iron," he said. "By deception, the British have occupied Murman and Kam. We don't wish war with the Germans, the British or the French."

MOTHERS TO BE

Should Read Mrs. Monahan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONYHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

HOT WAVE TAKES

(Continued from page one)

er bureau could hold out no hope of relief before tomorrow night.

Predictions are that the mercury will go to 95 by this afternoon, which will be the hottest August that is on record, the nearest to this being 94, reached in 1917.

There are no prospects of rain and as the humidity increases, hospitals are becoming overcrowded with cases of prostrations.

Will Last 36 Hours

Washington, Aug. 7.—The nation must swelter on for at least thirty six hours more the weather bureau here declared today.

There may be local thunder showers tomorrow at some points, which will give some relief except in the northwest. Records were smashed yesterday and there was no let up today.

All Records Broken

The following cities registered the highest heat in history: Pittsburg 104, Philadelphia 104, Baltimore 106, Washington 106, Detroit 104, Toledo 104, Cleveland, Ohio, 100.

BELL-AN'S FOR INDIGESTION

they went to Roseburg and from there returned to Salem.

Mr. and Mrs. E. A. Kuris and family of 425 North Church street left Saturday for a vacation in southern Oregon. They motored down to Roseburg where they will visit with relatives.

FORTY THOUSAND

(Continued from page one)

was nothing to do but count them. In 1917 the ten cents per scalp law was still in effect and the fund for that year amounted to \$4125.00. The hunters of moles, gophers and graydiggers found it quite a fine business at ten cents a head and again in 1917 the funds had been paid out by May 1, and 41,250 scalps had been counted and collected in the office of county clerk.

But the 1917 legislature was informed that the bounty of ten cents a scalp was such that the funds in most of the counties were soon exhausted and in order to keep up the business throughout the year, the tax assessment had to be raised, or the amount of the bounty reduced. The legislature figured it would be safer to reduce the bounty and hence it was reduced to five cents per scalp. At ten cents a scalp the funds had lasted only four months in 1917, and there was no money to pay out in Marion county after May 1, of that year.

This year with only five cents bounty per scalp, business has not been so rushing as there was no hurry as in former years when many appeared at the office of the county clerk with a fine string of scalps only to hear the sad news that the funds had all been paid out and that no more would be available that year.

January of this year was the best month for business from the standpoint of mole, gopher or graydigger scalps. In that month the county clerk's office paid out \$1,140.55. In February last, business dropped to payments amounting to \$208.95 at five cents per scalp. March showed a continued falling off in business as only \$168.30 was paid out, and in April only \$83.75. But as the payments were only five cents per scalp, business was really as good as in former years when it came to the number of scalps received.

During May \$148.05 was paid from and in June, the sum was \$142.45. Another low ebb, from the standpoint of money paid out was in July of this year when the amount was \$127.80. But the number actually counted has been almost equal to former years and there is money in the treasury on August 1, 1918, with barely half of the mole, gopher and graydigger fund paid out. To be exact, there is now exactly \$216.63 of this fund on hand to pay out for scalps at the rate of five cents a head. All of which means that 42,700 scalps may be brought to the office of the county clerk this year and there will be money in the fund to pay the regulation five cents per scalp.

Since the legislature enacted the law in 1915, bounty has been paid on 108,490 gopher, mole and graydigger scalps in Marion county.

SOCIETY

By MABEL GARRETT

Tomorrow a party of Salem people are planning to motor over to Nesko-win. Those who compose the group are Mrs. Frank Durbin, Mrs. W. H. Dancy and Mrs. Milton Meyers. Leaving Saturday Milton Meyers and W. H. Dancy will spend the week end there.

About the middle of August Mr. Durbin and daughter, Maude, will leave to join Mrs. Durbin. The Durbin family are anticipating a vacation there until the first of September, but Mrs. Dancy and Mrs. Meyers will remain a much shorter time.

One of the weddings, which had the note of simplicity, characteristic of weddings of today, occurred last Sunday, when Miss Ruth M. Kress became the bride of James W. Anderson. Only the families and immediate relatives were present. The ceremony was performed by Rev. H. C. Stever of Central Congregational church.

Delicate pink and white flowers lent a pretty effect to the living room while clematis was used in the dining room.

The bride was dressed in a white voile dress and carried a bouquet of rosebuds. Mrs. Anderson is a graduate of Salem high school and since her graduation has been doing clerical work a part of the time.

Mr. Anderson is an auto mechanic and has been employed in Portland for some time. The couple expect to make their home in Portland.

Miss Abbie Davis left Salem yesterday afternoon for Portland, where she plans to meet Miss Julia Iverson, who has been in Portland a part of the summer.

As they are planning to spend two weeks at the coast, they will take a boat from Portland to Astoria and on to Seaside for their vacation. Both taught in the Salem schools last year.

Perris Hagley spent the week end with his mother, Mrs. Bagley, and sister, Grace, at Chestnut Farm. He has been a student at Oregon Agricultural college for the past two years. Immediately after school was out this spring he enlisted in the navy and since then has been stationed at Bremerton.

One of the types of vacations that have become quite popular this year is that of hiking. Among the several groups of Salem people who have gone on walking tours are Mr. and Mrs. Fred E. Zimmerman and Miss Inice Bell, a sister of Mrs. Zimmerman. They returned Sunday from their trip. Going over to Newport they walked from there to Gardiner. Part of the time they camped out of doors and at other times stayed at farm houses along the way. At Gardiner they took the trip up the Umpqua river to Scottsburg which is considered to be a trip thru wonderful scenery. From Scottsburg

Milwaukee, Wis., Aug. 7.—Before the end of the coming school terms, the German language will be entirely eliminated from the curriculum of Milwaukee grade schools. With the exception of one socialist member, the board of education last night voted solidly to put the ban on teaching German.
