Willamette Valley News

ROSEDALE

G. A. Hadley went to Camp Lewis Monday morning to visit some of the boys there. W. S. Pemberton and family motored to the coast last week end. The Red Cross held a monthly business meeting and social on Friday night.

SILVERTON NEWS

(Capital Journal Special Service.) Silvertown, Ore., Aug. 9.—The following young men of Silvertown left the first of the week for training in the Officers Training camp at Eugene: Dr. L. Christopher, William Sandall, B. H. Conkle and Custer Ross.

Mr. and Mrs. Irwin went to Hoquiam, Washington, to visit their daughter.

Mr. Henry E. Browne is in Salem to day.

Roe Phillips and wife of Seio motored to Silvertown Sunday and spent the day with Mr. and Mrs. U. G. Davis.

Miss Inez Stevens, for some time an operator for the telephone company has accepted a position at the Southern Pacific Ticket office.

About twenty young ladies of Silvertown are now employed in the Silvertown saw mills. They apparently giving the best of satisfaction in the amount of work they turn out.

Miss Alma Grindle who has been in Pendleton, Oregon, for the past seven months, returned Monday and will make her home with her sister, Mrs. Walter Frye.

Mrs. Vida Bennett is visiting with friends at Junction City.

R. G. Allen has returned from Hoquiam and other points in Washington, where she has been visiting.

W. C. Andrews has accepted a position as foreman in the construction of a government mill at Toledo, Oregon, and left for that place the first of the week.

W. S. Cline, who has been a resident of Silvertown for the past thirty years, died at the Soldiers Home in Roseburg last Thursday night. The body was brought here Friday, and the funeral was held at the home of his daughter, Mrs. Frank Rogers, on Sunday, the Odd Fellows taking charge of the services.

Mr. Cline leaves two daughters, Mrs. Frank Rogers and Mrs. Womack, both residents of Silvertown.

WACONDA NEWS

(Capital Journal Special Service.) Waconda, Ore., Aug. 9.—Mrs. Tompkins will leave in a few days to join her husband in Tillamook, where they will make their home for the coming winter.

Mr. Markee was in Waconda this week looking over the remains of his property which was recently taken by fire.

Mrs. J. E. Savage has been quite ill the last few days.

Mr. and Mrs. Lamb of Newberg are visiting their son at Waconda.

The Oregon Electric is now digging a

CARELESS USE OF SOAP SPOILS THE HAIR

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary mulctified coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use. One or two teaspoonsful will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get mulctified coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

FRUITLAND

(Capital Journal Special Service.) Fruitland, Aug. 9.—Corporal Oswald Fliegel came from Camp Lewis to visit relatives and friends here a few days ago.

A neighbor states that since he has been feeding green corn to his cows they are falling off in the milk supply it is usual each feed increases it. I am having the same experience.

Letters from relatives in Okunogan county, Wash., state they are having nice rains now, that gardens are exceptionally fine and that the grain prospect is good.

H. C. Bressler who is employed on government work at Toledo, states that the cost of living there is high. Forty cents straight for meals and none too good. The price of sleeping rooms is way up too, and wages barely proportionate.

The farmers here are threshing this week. Mack Standifer's wheat went about 30 bushels to the acre, which is above the average probably.

Wm. Psetak and Mrs. Psetak have returned from the coast.

The school board has purchased a quantity of supplies, including several new black boards.

In conversation a few days with one of the prison guards who at the time was off duty, he stated that at this time of the year there were commonly walk away from some of the prisoners. He seemed to think it could be expected as the state fails to properly provide for their safe keeping. As to the time of year it is pretty well understood here in Oregon that most any old time is good enough. The criminal mind always chafes at restraint and watches his chances to make a get away. The prison officials know this and ought to know it, and the taxpayer hires them to see to it that the convict is kept in security. Why don't they get onto the job they are paid for doing and that they are expected to do? There is too much foolish sentiment expended on the criminal. There seems to be a studied policy to make crime less and less odious, so that the convict comes to think he is unjustly treated and abused by being sent to prison, and fails to come under discipline and watches his chance to hike out. And here too, in Oregon, it looks as though the convict runs the penitentiary along in partnership with the officials.

Somebody has been telling us that just now is the proper time to kill Canada thistles because its "dark of the moon" is it because this Canadian pest works mostly after night and can't be so well when the moon is dark? I control my thistles with a good sharp hoe. The proper thing is to not let the thistles get the start of you. The fewer you have the better. I was over three years destroying a patch, but I did it with never a thought of any help from the moon. I depended on a good, keen hoe. This "moon hoax" superstition is hard to kill.

"Me and Gott" seems to be having a strenuous time of it back tracking from the direction of Paris. The Yankee bluffers make the Huns think, I suppose in this case, that the devil is with the strongest battalions.

The new bungalow of Peter Stevens is nearing completion. Mr. Stevens bought the old John Minger farm, dismantled the old house and is putting up the modern structure.

Professor Durham, our teacher-farmer, drives to Salem perched on a load of grain.

Million Volunteers Harvested Wheat Crop

Washington, Aug. 8.—An army of 1,000,000 volunteer farm hands is mainly responsible for success in harvesting America's biggest wheat crop now nearly all in, agriculture department records today show.

The volunteer hands were business men, college students and factory workers, most of whom spent their vacations in the wheat fields. Farmer granges, chambers of commerce and civic organizations in all parts of the country recruited the volunteers.

Illinois residents volunteered in great numbers. Farmers of that state recruited 40,000 volunteers. Kansas enlisted 30,000; Indiana, 10,000; South Dakota, 15,000; and Minnesota, 20,000. More than \$40,000,000 was paid the volunteer workers.

High Heels Put Corns on Toes

Who cares? Corns or calluses lift off without any pain.

Because style decrees that women crowd and buckle up their tender toes in high heeled footwear, they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lock jaw and women are warned to stop it.

A few drops of freeze-one applied directly upon a sore corn or tender callus gives quick relief and soon the entire corn or callus, root and all, lifts off without pain. Ask the drug store man for a tiny bottle of freeze-one, which costs but a few cents, but is sufficient to remove every hard or soft corn or callus from one's feet.

Freeze-one dries in a moment and simply shrivels up the corn or callus without even irritating the surrounding skin.

Women! Keep a bottle of freeze-one handy on the dresser and never let a corn ache twice.

Plans Perfected For Forming Slavic Legion

Washington, Aug. 9.—Plans for the formation of a Slavic legion, composed of Jugos-Slavs, Czechos-Slavs and Ruthenians, are now complete and the recruiting will commence at once, the war department has announced today.

The Slavs will be organized into infantry regiments of the national army. At present, though, the largest unit will be the regiment.

So far as practicable, battalions and regiments will be composed of members of the same race. Sufficient numbers of officers and enlisted men will be retained in the training camps to instruct replacement troops.

All the officers of these regiments will be of the races of which the units are composed. These men will undergo a special course of training at the officers' camp at Camp Lee, Va.

Slavs that are coal miners, however, will not be recruited as the administration deems them more valuable to the nation as miners.

Regular army recruiting stations will be used as the centers for enlistment. The men are not required to speak English and may not necessarily be American citizens. The men will be forwarded to the mobilization point at Camp Wadsworth, N. Y., where they will begin preliminary training.

TO PLAY DECIDING GAME.

San Francisco, Aug. 8.—The deciding game of the army-navy baseball series will be played today probably with Del Oroski pitching for the army and Howard Ehnke, former Detroit Tiger, slinging for the navy.

The army made it three games a piece yesterday by walloping the navy, 5 to 2. Left Leverage held the navy to six hits, although he allowed the navy to fill the bases in the ninth.

The navy refused to allow "Lefty" O'Doul to pitch for the army because he hasn't enlisted. O'Doul has been flirting with the quartermasters corps.

June Rainfall Was Lightest Record In History Of State

The average precipitation for the month of June was the lowest ever recorded for the month in Oregon, according to the Climatological data, Oregon section, issued by the U. S. Department of Agriculture.

The highest temperature for the month was at Echo when the thermometer reached 107 on June 21, and the lowest at Umatilla when the record was 18, on June 20.

The greatest amount of rainfall for the month was 2.57 inches at Hilgard, Union county, while 16 counties in the western part of the state received no rainfall at all. This included Marion and Polk counties.

The average maximum temperature in Salem was 79, while in Ashland for the month it was 85, Grants Pass 90, Medford 91, Roseburg 83, and Eugene 80, showing that in the southern part of the valley experienced warmer weather during the month than Salem.

Astoria was considerably cooler than Salem as its maximum average for the month was 68 compared to Salem's 79. Portland's average was 78, Hood River 78, Klamath Falls 87, and Pendleton 89. The Dalles experienced an average maximum temperature of 86 and Wascop 83. The records show that Salem enjoyed some of the coolest weather in the state during the month, with the exception of cities like Astoria and Marshfield with its average maximum of 68.

Port Oxford enjoyed a fairly low temperature during the month as the day average was 58 and the night 45. Towns in the interior had pretty warm weather for June, Prineville averaging 86 for the day temperature, Burns 85, Leppner 82 and Wallowa 83.

Germany Is Having Trouble In Bulgaria

Milan, Aug. 9.—Germany's position in Bulgaria is becoming serious, according to reports received here.

Bulgarian soldiers are refusing to obey German officers. At Sofia bombs have been thrown at the German legation. The German ministers demand for protection is alleged to have been refused. German soldiers have protested because they were forced to wear Bulgarian uniforms.

On July 31, a mob is reported to have made a joint demonstration against the Turks and Germans. The Turkish legation was attacked and windows broken. Mud was thrown on the Turkish flag.

STOLE TWAIN MANUSCRIPT

Los Angeles, Aug. 8.—Kogi Koshima, Japanese butler, was in jail here today charged with stealing Mark Twain's original manuscript of "The Legend of the Spectacular Ruler" from the residence of E. P. Clark.

Koshima tried to sell it at a Main street bookstore for \$3.

"Why this is worth hundreds of dollars," was the answer he got from the storekeeper.

"Yes, I know," came back Koshima. "A man gave it to me. I guess I want \$75."

PASS UP THE SUGAR

ALL FRUITS CAN BE CANNED SUCCESSFULLY FOR FUTURE USE FOR BERRY, MAKING PIE FILLING, SALAD PURPOSES, ETC., WITHOUT THE USE OF SUGAR BY SIMPLY ADDING HOT WATER. INSTEAD OF HOT SUGARS.

It really isn't necessary to use sugar in canning all your fruits. See the free canning and drying book issued by the National War Garden Commission, Washington, D. C. Sent for two cents to pay postage.
