Relatively Few Deaths From Sickness In Army
Paris, Aug. 10.—In the last year 131,075 cases of sickness was reported in the American forces of which only 923 died according to figures published by the Stars and Stripes.
The expeditionary force lost 2.87 per cent of its aggregate working time through illness, about one-third of the sickness was due to communicable diseases, of which mumps was the principal ailment. Ninety per cent of the cases were pneumonia.

Lyle Brown Captured After Recent Escape

Portland, Aug. 10.—Lyle D. Brown, alleged forger from Indiana, who escaped from the police here yesterday, was recaptured today in Beaverton by John Stroud, a real estate man.
Brown was this afternoon formally charged with white slavery.
The specific charge is that he brought a young girl here from Louisville, Ky., for immoral purposes.
The girl, who until yesterday thought herself Brown's wife, is in a hospital

There is an "Exide" Battery for Your Car

and it will give "punch" and "pep" to your starting system. The space saving "Unit Seal" construction gives extra plate surface—hence greater capacity per unit of weight and volume. This means built-in durability and power. Let us show you your "Exide" Battery and explain its special features.
For battery testing, filling or expert battery advice come to our "Exide" Service Station
This service is free to all battery users. Repairs, the prompt and satisfactory kind, on any make of battery at the right price.

NET RECEIPTS EXCEED TWO THOUSAND ON BIG BRIDGE DAY

Expenses of Gala Occasion Were Light Compared With Receipts

The treasury of the Willamette Chapter, American Red Cross is more than \$2000 ahead from the net receipts of the big bridge day celebration July 30. At the final meeting of the executive committee held last evening all business matters pertaining to the day were taken up and reports received from the several committees.

The receipts from the day's celebration were as follows:
Vick Bros. privilege of driving first vehicle over the bridge, a Ford tractor \$500.00
Mrs. William Calder of Polk county, privilege of turning on lights on the bridge 100.00
Total receipts from the big cafeteria in Marion square 709.18
W. T. Rigdon, receipts from sale of his poem 20.00
The Bookery, for advertisement on program for evening 10.00
Jitney dance, under direction of Cherrians 137.55
Turned over to Chapter by W. K. Newell, assistant food administrator, fines collected from two bakeries 75.00
Sale from souvenir flags 1138.00
Receipts from the auxiliary cafeterias in Marion square 766.46
(The last item, receipts from auxiliary cafeterias at Marion square was turned back to these auxiliaries for their own use, according to agreement).
The expenses of the day were as follows:

Table listing expenses for the bridge day celebration, including coffee, provisions, programs, and other items.

A matter of special comment was the receipts of the big cafeteria handled entirely by the women, compared to the actual expenses. While the receipts were \$769.18, the expenses for all foods and services amounted to only \$52.21.
The executive committee voted to especially thank the orators of the day and the several organizations that aided so much to the interest of the day's celebration. And while each and every person who so patriotically gave their services may not receive a special letter of commendation, the executive committee wishes it understood that their efforts were entirely appreciated. By the united efforts of all, it was a great day for the Red Cross.

Bulgaria Is Anxious For Separate Peace

Washington, Aug. 10.—Bulgaria soon is to try for a separate peace with the allies, entente officials declared here today.
Anarchy in Ferdinand's nation is imminent and only a nearly peace will save Bulgaria from a complete breakdown, it is believed.
"There is no longer any doubt that the disorganization and confusion prevailing in Bulgaria is rapidly threatening to lead to an anarchical situation," declared Professor V. M. Yovanovitch of the Serbian information bureau here today. This is due chiefly to differences with Germany and Turkey over cession of Dobruja territory; domestic strife involving eleven political parties and food shortages and critical financial conditions.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft, curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.
Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.
This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.
CAUTION—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh growing properties, be used by anyone who does not desire to put on flesh.

Walk Erect At Eighty

Because a man or woman is old does not mean that they must walk along bent over and supported with a cane. A man can be as vigorous and healthy at eighty as at twenty if he aids the organs of the body in performing their functions. All diseases whether of a malignant or weak character tend to rear away our vitality. We must counteract disease in its incipient stage if you would live a happy and useful long life.

GOLD MEDAL Haarlem Oil Capsules are sold at all reliable druggists. They are guaranteed to do everything as claimed or money refunded. Don't be misled by false imitations. Look for GOLD MEDAL on every box.

Need a New Battery?

The Willard trademark branded into the side of the battery tells the whole story. For that mark is the sign of the Still Better Willard with Threaded Rubber Insulation.
It is the outward and visible sign of the most important storage battery improvement in years.
It stands for durable, Threaded Rubber Insulation—for a battery in which the need of re-insulation is indefinitely postponed.
Next time you're in, ask us for the booklet "A Mark with a Meaning for You"—it tells exactly what the Willard Mark stands for.
