SUGAR CARDS WILL ISSUE THIS WEEK

Within a few days, Marion county as well as other counties in the state will be placed on a card system for the purchase of sugar.

Each family will have one sugar card on file with its grocery and when a purchase is made, this amount will be charged on the card. When the purchases have figured up to two pounds a month for each member of the family, no more sugar will be sold that month.

No family will be permitted to have a sugar card at but one grocery as the state food administration will see that a family's name is permitted on but one card.

The card is for domestic use of sugar only and will be large enough to extend over a period of three months. The process is simple. Select your grocer and he will have your sugar card. If there is five in the family, after ten pounds has been purchased within the month, there is no more sugar to be bought for that family during the month and there would be no use of applying elsewhere, as the grocer must first look up your sugar card and if he has none, he will get into trouble if he sells.

These restrictions were made by the food administration on complaint of retail dealers everywhere that many people were buying at different stores and not observing the rule of two pounds to each person per month.

The food control act provides fines of not more than \$5,000 and imprisonment for hoarding by dealers, manufacturers or householders.

Learn how easy it is to clean house the Frantz Premier way—from the rugs on the floors to tapestries and curtains—not forgetting upholstery and the very floors and walls themselves.

The truly moderate price of the Frantz Premier will surprise you. Small monthly payments, added to your regular light bills, make it still easier.

Buck deer with horns is the only game that is open to the hunters beginning August 15, in this district No. 1, comprising all counties west of the Cascades. The time limit is October 15 and two deer is the bag limit. The season opens for silver gray squirrels Sept. 1, for ducks and geese Oct. 1, and for Chinese pheasants and grouse, October 1. East of the Cascades in district No. 2, the grouse season opens August 15.

The season is now on for frog hunting and for the benefit of those who enjoy such delicacies as frogs' legs, it may be said that McCall's lake, about 3 1/2 miles north of Salem is a fine frog hunting ground. There is but little or no water in the lake and from reports, there is not much left excepting frogs. There is no bag limit as the federal food administration seems to have overlooked the frog situation.

EXEMPTION BOARD TO PREPARE FOR NEW REGISTRATION

The local exemption board has received instructions to prepare for the registration of those who will be included in the new draft law to be passed by congress this month. And in order that there may be no delay should congress name September 5, the board is asked to secure a registration place in every precinct in this division No. 1.

Four registrars are needed in each of the voting precincts in his division, which includes Salem and all voting precincts in the central and southern part of the county, south of Chemawa.

In order that registrars may be appointed, volunteers are asked for by the local board. Those who are competent to do clerical work are wanted. They must reside in the district where the voting precinct is located and should be well acquainted with the people in the precinct.

W. I. Needham, chairman of the local exemption board, asks that people in each precinct who are willing to give the government one day of their time, write him, as all applications are to be received by letter and not in person. Just write W. I. Needham, chairman local exemption board, Salem, Or., stating that you are willing to give one day, Sept. 5, to assist in the registration.

Those appointed will be notified and proper blanks sent them. As soon as all registrars are appointed, a meeting will be called for general instructions. The registration place will be at the usual voting place in each precinct and Mr. Needham also asks those who own property where it has been customary to vote in each precinct, to write him, stating that the place may be used for registration September 5.

The registration this September will be a much larger affair than the first one June 5, 1917. There was registered in this Division, about 2,000 men at that time. For the coming registration, it is estimated that the number will exceed 3,000.

There are 18 voting precincts in Salem and for each precinct, four registrars are asked to volunteer who live in the precinct. Then in this Division No. 1, four registrars are asked to volunteer to Mr. Needham from the following voting precincts: Aumsville, Breitenbush, Chemawa, Croisan, Elk-horn, Englewood, Fairgrounds, Horeb, Central Howell, Jefferson Liberty Mac-leay, Marion Mehana, Mill City, Pringle Riverview, Rosedale, East Salem, Salem Heights, Shaw, Sidney, Silver Falls, South Silverton, Stayton, East Stayton, West Stayton, Sublimity, Turner, and Victor Point.

As administrator of the estate of John B. Carson, the administrator, Toler B. Anauksen, filed his final account with the county court and was released from further duty.
