

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure. If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

War Summary of United Press

1472nd Day of the War; 30th Day of Counter Offensive

Pearcy front—The French apparently are concentrating their efforts in flanking operation being developed by General Humbert, northeastward along the Oise valley toward Noyon. This is designed to compel retirement of the Germans all along the Somme-Oise front without reverting to frontal attacks, and at the same time to menace the new line being established by the enemy along the Somme and Noyon-Nieles canal before it is completely prepared.

United States—The American tanker Frederick R. Kellogg was torpedoed and sunk off the New Jersey coast last night. Seven of the crew of forty two are missing.

Champaign front—The French conducted a successful raid in the region of Mesnil-Les-Hurlus last night. Russian eastern front (Volga region)—A great battle centering about Simbirsk is raging along the Volga between the Czech-Slovak and bolshevik army of 150,000, according to reports from German sources.

France—No reports have been received today of the allied force pushing southward along the Kola railway. Austria-Hungary—The situation in Bohemia is critical, according to Austrian newspapers. All arms have been confiscated and meetings forbidden.

Get Your Digestion in Shape. Many ailments are caused by stomach weakness. Faulty digestion leads to biliousness, sick headache, dizziness, sallow skin and eruptions. Maintain a healthy condition of the stomach and you will get rid of the chief cause of your sufferings. Do not neglect the laws of health. Keep stomach, liver and bowels in order by timely use of BEECHAM'S PILLS.

EDDIE RICKENBACKER TELLS STORY OF LIFE

Tells How It Feels To Jockey With Hun Fighter High Up In Air.

did it suddenly and unexpectedly and before the German mind had conceived of the situation, Doug had let him have it and dived out of position again. His hands several boches that way.

The Salem Belgian Relief commission which is a comparatively new organization is constantly emphasizing the cause it represents and is not failing to give Salem people an opportunity to open their hearts and pocket-books for this noble work.

After you fly a while you get a sense of feeling that is new. You sort of feel a boche around and feel a direction, too, since it is hard to see him. Of course, you are always looking around, because a couple of minutes without care would enable a German to pique on you unexpectedly and it might mean flowers.

Friday evening there will be a special feature in connection with the band concert in the nature of a folk dance by the advanced class of Mrs. Ralph White. Eight girls dressed like pretty little butterflies will dance in and out among the trees, accompanied by soft music by the band. Those participating in this will be Genevieve Barbour, Marcell Shipley, Dorothy Livesley, Nancy Thielson, Helen Magers, Madeline Brown, Berna Edwards and Mildred Roberts.

Of course a good flyer has to have his nerve with him, and we all fear the mistake of not attacking when we should more than we fear being shot down. A mistake like that, of allowing your nerve to fail you just once would weaken a man and we know it. However, we also know we cannot be fool-hardened and reckless. Doug Campbell, our all-American ace, has worked out some unusual tactics regarding fighting boches which have succeeded remarkably. He is of a studious turn of mind and figures out what the methodical German mind would expect him to do at a certain time or in a certain situation. Then Doug does just the opposite.

Miss Elizabeth Levy and Miss Lena Belle Tartar left Monday for Newport where they went on professional business. On the way they stopped at Corvallis for a short visit with Professor and Mrs. Tartar and while in Newport they are the guests at the Damon. They are planning to return Saturday.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain unadorned coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Miss Ethel Jones, who formerly taught history in Salem senior high school, is in town visiting friends. While here she is the house guest of Miss Jessie Cox. Miss Jones taught here for several years but during the first part of last year she studied at the University of California for her master's degree which she received this year. During the latter part of the year she taught in Oakland high school where she plans to continue her work this fall. Miss Jones has been spending a large part of the summer in Iowa and is on her way south now.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

Charles Chase spent the week end in Portland visiting his cousin, Mrs. F. W. Hooley. Ernest H. Choate and family are domiciled in the residence of Mrs. George Bayne at 627 North Church street. Mrs. Bayne and her little son have gone to Astoria to live.

Every child in town who is interested in helping little Belgian children is invited to join in the children's parade for the Belgian Fete Friday afternoon at one o'clock at Willson park. Mrs. T. A. Livesley who has charge of this is very desirous that all mothers will

ECZEMA IS ONLY SKIN DEEP. No internal medicine will cure Eczema. Only by the application of CRANOLENE, the great skin remedy, can the Eczema be cured. CRANOLENE is not a medicine, it is a skin cleanser. It is safe for the most sensitive skin. Write for free test treatment. Address: E. J. Gilman Co., Dept. J., Gilman, Minn.

Washington, Aug. 14.—Names of 23 more Americans held prisoners in Germany were announced by the war department her yesterday. The list includes: Camp Giessen, F. W. McEnnally, Vancouver, Wash.; R. McEnnally, Vancouver, Wash.

ONLY FIVE BIRTHS DURING LAST MONTH

Low Record Established For Capital City And District Surrounding

The month of July made a sad record when it comes to the number of births reported to Dr. O. B. Miles, health officer of district No. 2. Only five births were reported for the district which includes Salem, extending north, including Brooks, east from Salem to Pratum, south from the city including Rosedale and bounded on the west by the river. And of the five, births all were males.

According to the state law, physicians are obliged to send in their reports for the preceding month by the 10th. Hence the report of five births for July is the total number, as Dr. Miles has already sent in his official report to the state health board. The five births in this district in July is but a poor showing compared to July of one year ago when the record shows 25 births for the month. Then in August of 1917 the total was 26, in September 33, October 26, November 29 and December of last year 30. Beginning with January of this year the total number of births was 25, February with its 28 days totaled 27 births, March 25, and April only 17 but in May the number jumped to 32. June births was 23 according to the official records. With an average the past year of 25 births to the month, July starts in the second half of the year with only five births.

No girls were born in this district during the month and the five boys are as follows: July 2. Born to Mr. and Mrs. Hugh T. Small of Silverton, a son. Mr. Small is a farmer and this is their second child. July 6. Born to Mr. and Mrs. Clayton E. Young of 737 Center street, a son, who has been named Harvey Clayton Young. This is their third child. July 7. Born to Mr. and Mrs. C. M. Terry of rural route 6, Salem, a son. He has been named Morton James Terry. This is their third child. July 21. Born to Mr. and Mrs. Joseph H. Bowman, rural route 5, Salem, a son. He is their third child. July 20. Born to Mr. and Mrs. Guy C. Donn of South Winter street, Salem, a son, who has been named Carl Max Donn. This is their first child.

GERMAN U-BOATS

According to the story told here a mysterious steamer of about 2000 tons flying a flag which could not be made out, crossed the line of fire several times shielding the submarine from the freighters shells. It was also asserted that two torpedoes were blown up by gunners on the Britisher, who dropped depth bombs when the torpedoes came near, setting them off.

Steam Trawler Fired On An Atlantic Port, Aug. 14.—The steam trawler Walrus of Gloucester, was fired upon by a submarine eight miles off Cape Cod at 7 o'clock last night, it became known today when the vessel returned to port. The submarine disappeared when Captain Clayton Morrissey of the trawler put on full steam and tried to ram it. The Walrus left port at 11 o'clock yesterday, headed for the Georges.

Children Cry FOR FLETCHER'S CASTORIA

Children Cry FOR FLETCHER'S CASTORIA

banks. At 7 o'clock last night, eight miles southeast of Cape Cod, the U-boat came to the surface within hailing distance of the trawler and fired a shot over her bow.

Without giving the submarine a chance to fire again, Captain Morrissey rang for full speed ahead and headed for the raider in an effort to ram and sink her.

The German submerged. The Walrus then began a zig-zag course back to port. The appearance of the U-boat off Cape Cod indicates that the Germans are not satisfied with their bag of ten trawlers Saturday and Sunday and probably are lying in wait in the course of coast shipping.

French Transport Sunk

Paris, Aug. 14.—Four hundred and forty two persons are missing from the French transport Djennah, which was torpedoed and sunk in the Mediterranean on the night of July 13, while under convoy, according to announcement. The Djennah was carrying passengers and troops.

On July 19, the French steamer Australian was torpedoed. She caught fire and foundered. Seventeen of her crew were killed and three passengers are missing. Nine hundred and 48 passengers were saved.

TO WARD OFF SUMMER COMPLEXION ILLS

To keep the face smooth, white and beautiful all summer, there's nothing quite so good as ordinary mercurized wax. Discolored or freckled skin, so common at this season, is gently, gradually absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, which is applied at bedtime and washed off mornings. Greasy creams, powders and rouges, on the other hand, are apt to appear more conspicuous than usual these days of excessive perspiration. Just get an ounce of mercurized wax at any drug store and use it like cold cream. This will help any skin at once and in a week or so the complexion will look remarkably clear, young and healthy.

MARY GARDEN IN THE SLENDY SINNER GOLDWYN PICTURES

Washington, Aug. 14.—Germans are gradually learning of the wrongs their armies have inflicted on Belgium. A confidential circular written by a German military official exposing the sufferings which the German army has forced on Belgium has been widely distributed, according to cables reaching French officials here.

GERMANS LEARN TRUTH

Washington, Aug. 14.—Germans are gradually learning of the wrongs their armies have inflicted on Belgium. A confidential circular written by a German military official exposing the sufferings which the German army has forced on Belgium has been widely distributed, according to cables reaching French officials here.

BATTLE RAGING

The advice stated that the Germans demand was in the nature of an ultimatum. Part of the information of the reported flight of Lenin and Trotsky to Kronstadt was received from Stockholm. Advice said that Russian sailors had seen Lenin and Trotsky at Kronstadt. The sailors declared they would not obey the bolshevik order to give up their warships to the Germans but would fight rather than surrender the navy or destroy it.

From the same source it was stated that the German ambassador to Russia and the German consul in Petrograd are in Helsingfors on their way to Berlin. Previous reports have stated that the ambassador was going to Pskov, south of Moscow.

Washington, Aug. 14.—Munich and Dresden newspapers declare the situation in Bohemia is extremely serious. All arms have been confiscated and public and private meetings forbidden. During the past several days wholesale arrests have been made. Seventy-four Czech soldiers have been executed. The Hungarian garrisons have been reinforced.

The present situation is the most serious yet faced," declares the Muenchener Neueste Nachrichten. "The life of the nation is at stake. Union is more necessary than ever. All discussion of first causes for the grave check which occurred at a weak point in the front must be avoided. Responsibility lies with headquarters."

Recognize Czech-Slovaks

Washington, Aug. 14.—Recognition of the Czech-Slovaks and their armies as allies of the democratic allies fighting in Germany is expected soon. Great Britain has now joined France and Italy in officially recognizing these fighting Slavs and this nation is believed certain to follow.

In the Czechs today is seen perhaps the most dramatic and effective instrument toward ending the war. Already they have laid the foundation for re-establishing Russia by battling the advance of German intrigue and military efforts in Siberia. In Austria-Hungary their forces offer fully as great possibilities.

Czech-Slovaks in Bohemia are accumulating guns and ammunition in large quantities in preparation for serious steps, according to diplomatic cables today.

Barnes Cash Store Truly Good Footwear for Man and Child. The saying that "The Best Are Always the Cheapest" was never so true as during these War Times. These Shoes will give any man or child the wear and satisfaction he has a right to expect. The Maker's Test. To build a perfect shoe from the best of materials is the maker's ambition.
