### REVENUE BILL

(Continued from page one)

000 to \$250,000, nine per cent. \$250,000 to \$500,000, 14 per cent. \$500,000 to \$1,000,000, 15 per cent. \$1,000,000 to \$2,000,000, 18 per cent. \$2,000,000 to \$3,000,000, 21 per cent. \$3,000,000 to \$4,000,000, 24 per cent. \$4,000,000 to \$5,000,000, 27 per cent. \$5,000,000 to \$8,000,000, 30 per cent. \$8,000,000 to \$10,000,000, 35 per cent. Above \$10,000,000, 40 per cent.

Life insurance policies above \$40,000 are included in the inheritance tax for the first time at \$12.

**Luxury Taxes Heavy.**

Next come luxury taxes, hitting practically everything of every day life except minimums of food and clothing.

On seventeen articles, including jewelry, phonographs, pianos, electric fans, thermos bottles, tapestries, athletic goods, brass ornaments and paintings regarded by the committee as "out and out luxuries," a tax of 10 per cent is levied. Platinum jewelry is taxed 10 per cent extra.

On perfumes, cosmetics and practical articles for the toilet articles there is levied a tax of one cent for each ten cents in sale price or fraction thereof. The same tax applies to proprietary medicines.

**Carpets and Good Clothes.**

On semi-luxuries the committee levied a 20 per cent tax on the sale price over a certain figure. Partial list of these follows:

Floor carpets and rugs costing more than \$5 a square yard, trunks over \$50 and valises, traveling bags and other luggage over \$25; men's and boys' suits, exclusive of uniforms, \$50; women's ready made cloaks and suits more than \$40 and the same articles tailor made, over \$50; men's hats over \$5 and caps over \$2, all shoes over \$10; men's and boys' silk stockings above \$1 and women's \$2, and pajamas over \$3.

The joy rider will have to pay his bit to Uncle Sam whether he travels on land or water.

**Autos and Gasoline.**

Gasoline is taxed two cents a gallon. A ten per cent tax is levied on automobiles and motorcycles; motorcycles in the hands of the owner are assessed \$5 as a license tax and automobile owners must pay on the following schedule:

Cars of 23 horsepower or less, \$10; 24 to 33 horsepower, \$20; 31 to 40 horsepower, \$30. Over 40 horsepower, \$50.

Electric cars are taxed \$5 for each horsepower, and 50 cents for each 100 pounds in weight, and wagons and trailers must pay five per cent. Motor boats must pay \$10 and yachts up to 50 feet must pay \$1 per foot; 50 and 100, \$2 for each foot, and over 100 feet, \$4 a foot.

Present tobacco rates are more than doubled. Tobacco and snuff must pay 30 cents a pound; cigars weighing less than three pounds per thousand are taxed \$2 a thousand. Those weighing more are taxed from \$5 to \$30 per 1000, according to price.

**Tobacco Products.**

Cigarettes weighing not more than three pounds per thousand and retailing at less than two cents each are taxed \$4.10 a thousand and those at more than two cents each \$5.10. Those weighing more than three pounds per 1000 must bear a tax of \$9.90 per 1000.

Movies and ice cream sodas are also hit. The present 10 per cent tax on all admissions to amusements is doubled and any other admission less than seven cents must pay a one cent tax.

**Movies and Soft Drinks.**

In addition to this, there is a five per cent tax on rentals of movie films. Manufacturers of soft drinks must pay ten per cent and there is a further retail sale tax of two cents for each ten cents of price or fraction thereof.

A vast horde of special taxes, including circuses, pawn brokers, and filled cheese are doubled. The committee intends following the same procedure with stamp taxes.

**Miscellaneous Levies.**

The recent business license tax levies \$10 annually on all retail establishments doing business of more than \$2,000 a year and on professional men and \$25 on wholesale establishments doing more than \$200,000 a year in business.

Corporations must pay \$1 for each \$100 and other kinds of insurance policies one cent on each \$1.

Licensed wires, except news wires, must pay 10 per cent and oil pipe lines 6 1/2 per cent.

Fire arms must pay 25 per cent and bowie knives and brass knuckles 100 per cent. Liquor taxes have not been definitely settled but they will be more than doubled.

**Profit Taxes Are Unsettled.**

Profit taxes and income taxes of corporations are unsettled.

The committee once decided on a 30 to 80 per cent excess profit tax with an 18 per cent tax on net incomes of corporations. This was thrown into the air by the treasury demand for an 80 per cent war profit tax and present excess profit taxes in force.

New administrative features of the bill are a committee of five to form a national equalization board, making liberty bonds security for government contracts and making payments of taxes in three installments compulsory.

This last provision was at first optional and was made compulsory at the request of the treasury. The installment must be paid between March 15 and June 15.

### SOCIETY

By MABEL GARRETT

The coast has an untiring appeal to Salem people this summer. Many people who can not spend several weeks are motoring over for just a few days. Among those leaving today are Mr. and Mrs. Thomas C. Smith and Mr. and Mrs. John Roberts and two children, Helen and Mildred. They are planning to motor over to Tillamook beach sometime today and will remain for a short vacation of several days.

Mr. R. A. Gover and little daughter, Maxine, of 1694 court street, returned yesterday from Newport, where they have been for some time.

Included among the many Salem people who are enjoying Newport are Mr. and Mrs. Roy Mills of 1384 Court street. They left several days ago and are planning to spend several weeks at the coast.

A group of Salem people who motored over to Newport for an outing of several weeks returned the first part of the week. The party included, Mr. and Mrs. Will T. Neill of 130 North 17th street and Mr. and Mrs. Merlin Harding of 935 North Summer street.

Dr. and Mrs. E. Sherwood of 787 Cross street left the middle of the week. Mrs. Sherwood was on her way to Kimball, Ohio, to be with her father, W. G. Sargeant, who is quite ill. Dr. Sherwood accompanied her as far as Havre, Montana. He plans to visit the Methodist conference held in Montana and Idaho before returning and will be gone about three weeks.

Mr. and Mrs. W. S. Fitts of West Salem are entertaining at their house guests, relatives from Alabama and Washington. Mrs. Mulkey and Miss Ross from Alabama have been in the west visiting for two months.

Up until several days ago when they came to Salem, they have been visiting Mr. and Mrs. D. L. Fitts in Sunnyside, Washington. Wednesday D. L. Fitts, Mr. and Mrs. Brower Fitts, Mrs. Mulkey and Miss Ross motored from Sunnyside to Salem. The Fitts will remain for only a few days, while Mrs. Mulkey and Miss Ross, who are cousins of Mrs. W. S. Fitts expect to stay about ten days.

PRETTY MISS FISHER WEARS A \$20,000 GOWN IN PHOTOPLAY

Miss Margarita Fisher wears a gown that cost \$20,000 in her latest American Mutual play, "Impossible Susan." It is one of the gowns called for by the script where with Bernard Marshall, Susan's self-appointed millionaire guardian tries to prove his contention that clothes make the woman.

The story calls for "a heap o' dresses," to quote Eugene Field and Miss Fisher undoubtedly adorns the duds she wears. All the costumes worn in the play were made in America, a fact on which the young star dilates with pride.

"I have always contended that American designers of women's clothes equal to the best foreign designers," remarked Miss Fisher a few days ago. "In this picture I have had a chance to prove my contention."

"Impossible Susan" will be shown at the High theatre Friday and Saturday.

down several large orders.

Gravenstein apples are now being taken by the union and the market situation is looking good. Two or lots will be shipped within the next ten days. There is a good crop of Gravenstein in this section this year, much more than the local coast markets can care for and this surplus as it comes into the union is being cared for by shipping to other markets.

As the shipping of apples involves the box question, the Salem Fruit union

### Children Cry FOR FLETCHER'S CASTORIA

now has a large force at work on both the day and night shifts making boxes in such number that the two nailing machines are kept constantly busy.

With the pear market for No. 1 topping the highest market ever known in this community, prunes looking good and no trouble to sell and the apple situation being cared for, the opinion has been expressed that the fruit grower of this section should be pretty well satisfied with what has been handed to him this year. This also includes the Loganberry grower.

### Hardly a Drugstore in the Land That Does Not Sell This Remedy

On the Market Half a Century.

When you are in perfect health, and are enjoying a strong and vigorous vitality, it is then that your blood is free from all impurities.

You should be very careful and give heed to the slightest indication of impure blood. A sluggish circulation is often indicated by an impaired appetite, a feeling of lassitude and a general weakening of the system. It is then that you should promptly take a few bottles of S. S. S. the great blood purifier and strengthener. It will cleanse the blood thoroughly and build up and strengthen the whole system. S. S. S. is sold by all druggists. Valuable information about the blood supply can be had free by writing to the Swift Specific Co., 24 Swift Laboratory, Atlanta, Ga.

### Coming of The Sunbeam

How to Avoid These Pains and Distress Which so Many Mothers Have Suffered.

Too much cannot be said for a wonderful remedy, familiar to many women as Mother's Friend.

It is more effective in its action than all the health rules ever laid down by the guidance of expectant mothers. It is an internal application that spreads its influence upon the cords, tendons and muscles of the abdomen, rendering them pliant, and they expand gracefully without that peculiar wrenching strain.

The occasion is, therefore, one of unbounded joy and anticipation and too much stress cannot be laid upon the remarkable influence which a mother's happy prenatal disposition has upon the health and fortunes of the generations to come.

The pain at the crisis is infinitely less when Mother's Friend is used during the period of expectancy for the muscles expand easier and with less strain when baby is born.

Mother's Friend is for external use only, is entirely safe and may be had of your druggist. It is prepared by the Bradford Register Co., Lamar Bldg., Atlanta, Ga. Write them to mail you their interesting "Motherhood Book." They will send it to you, without charge, and you will find it very helpful. Do not neglect for a single night and morning to apply Mother's Friend according to directions around the bottle. This will fortify yourself against pain and discomfort.

much they could do. Naturally they do not expect to serve over the firing line; but there is a variety of ways in which a woman with a flying temperament could make herself useful.

Airplanes could be used for locating and removing wounded from the field, and for carrying certain cases from the clearing stations to hospitals--surely a sphere in which women would run no risk of becoming unsexed.

Englishwomen have no lust for blood. They don't want to kill, but they do want to help their men. The wish is so fervent that it becomes almost an ache. Thus they are already an integral part of the British army. They cannot be excluded from aviation on logical grounds. It is no use putting forward the sentimental argument, because that is all in their favor.

There is a great probability that women will be needed, and they are willing. All they ask is to be trained so that they would be ready should the emergency arise.

Here is a way in which women can help their menfolk, and to want a thing badly enough is to get it!

### BITRO-PHOSPHATE

Increases weight and strength of thin, delicate, nervous people. It is the only digestible form of phosphate that feeds the nerve direct, the chemically pure form of phosphate naturally found in brain and nerve cells. Sold by druggists under a guarantee of satisfaction or money back. Demand the genuine BITRO-Phosphate, the kind that physicians prescribe.

### If Women are Angels Why May They Not Fly?

London, Aug. 16.--Lots of women have been told they are angels, but English women want to make a step in that direction by becoming experts at flying.

The flying temperament is a combination of "qualities" as likely to belong to the female sex as to the male, and many women are asking "Can we or can we not prove useful for air work?"

They are told by men that good eyesight and good nerves are essential. Most women have both. And combined with these qualifications women have also the intense desire to do something, and they are now set upon proving how

### Ladies! Why Keep Corns?

Lift a corn or callus right off without one bit of pain.

Yes! You truly can lift off every hard corn, soft corn or corn between the toes, as well as hardened calluses on bottom of feet, without one bit of pain.

A genius in Cincinnati discovered freezine. It is an ether compound and tiny bottles of this magic fluid can now be had at any drug store for a few cents.

Apply several drops of this freezine upon a tender, aching corn or a callus. Instantly all soreness disappears and shortly you will find the corn or callus so shriveled and loose that you lift it off with the fingers. You feel no pain while applying freezine or afterwards.

Just think! No more corns or calluses to torture you and they go without causing one twinge of pain or soreness. Keep a tiny bottle on the dresser and never let a corn or callus ache twice.

### BIG JOBS WELL DONE

Continued from page one)

the British, French and American fronts in France.

A few weeks ago, the central workrooms received an urgent appeal from the American army for 200,000 first aid packages to be supplied to American soldiers. Each of these packages was to contain 12 articles, the whole order thus involving the manufacture of 2,400,000 separate dressings, together with an enormous amount of labor in connection with the careful packing and shipment of the packages. This work, moreover, was to be carried on without interfering with the regular duties of the workrooms in supplying their usual hospital supplies. It was a big order; but the executive committee telegraphed its answer immediately: "We will deliver first aid packages as requested, at rate of 15,000 per week beginning immediately." From the first week, this rate has been exceeded and the entire order has now been filled and is in the hands of the American army authorities.

Some time ago, the workrooms made arrangements with Mme. Caton de Wiat of the Belgian relief committee for a large number of hospital garments to be made by Belgian women refugees in Great Britain. These garments are made in their homes in various parts of Great Britain, the cutout garments being sent in hampers to Madame de Wiat and returned finished to the workrooms. Payments for the work is made to Madame de Wiat in bulk and distributed by her to the individual workers.
