

Tired Nervous Mothers

Should Profit by the Experience of These Two Women

Buffalo, N. Y.—"I am the mother of four children, and for nearly three years I suffered from a female trouble with pains in my back and side, and a general weakness. I had professional attendance most of that time but did not seem to get well. As a last resort I decided to try Lydia E. Pinkham's Vegetable Compound which I had seen advertised in the newspapers, and in two weeks noticed a marked improvement. I continued its use and am now free from pain and able to do all my housework."—Mrs. B. B. ZIELINSKA, 202 Weiss Street, Buffalo, N. Y.

Portland, Ind.—"I had a displacement and suffered so badly from it at times I could not be on my feet at all. I was all run down and so weak I could not do my housework, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Compound the credit."—Mrs. JOSEPHINE KIMBLE, 935 West Race Street, Portland, Ind.

SOCIETY

By MABEL GARRETT

The meeting of the Grand Army of the Republic has served as a charm to all the people from the east to the Pacific coast. Many Salem people as well as other Oregon residents are happy because this encampment has served as a means of bringing their friends west to visit.

Miss Mary Paroungian left this afternoon for Newburg where she will spend the week end. While there she will be the guest of one of her college friends, Miss Gladys Nichols.

Miss Pearl George, who is the book keeper for Price Shoe company, left the first part of the week for her vacation. She is spending it with friends and relatives in Portland and Oregon City and does not expect to return until the latter part of next week.

Rev. and Mrs. A. S. Mulligan and daughter, Vesta, accompanied by Miss Rosamund Gilbert, motored over to Sheridan yesterday. Rev. Mulligan was

formerly pastor of the Methodist church there. Miss Mulligan will remain for two weeks visiting friends, but the rest of the party expect to return within a few days.

Among the Salem people who are enjoying their vacation at Netarts are Mr. and Mrs. Jerome F. Jones and family. He is district sealer of weights and measures and is carrying on some of his work while there.

Mrs. Katherine Upmeyer left Monday for Portland on a business trip.

Dr. and Mrs. E. L. Uter of 244 North 12th street, returned home the first part of the week after a fortnight's vacation at Netarts. Mr. Polke, Mrs. Uter's father, who was there for a few days returned home with them.

Mr. and Mrs. E. J. Swafford returned recently from a delightful motoring trip to some of the most picturesque places in Oregon. From Portland they drove up the Highway to Joseph Smullen's ranch which offers a wonderful opportunity to view the grandeur of Oregon scenery. They spent about ten days before returning to Salem.

Miss Charlotte Croisan returned this week from Newport where she was the guest of Miss Muriel Steeves. The Steeves family are spending a large part of the summer at the coast.

won advantage, including domination of the Arras-Albert railway.

Fourteen hundred prisoners were taken in Albert, raising the total to 5000 captured by the British in two days.

French troops continued their progress along the whole front between Lassigny and Soissons yesterday. The number of captured cannons has been increased by more than 200 since Tuesday.

Albert is merely a battered heap of ruins which can no longer be called a city. The famous church, from which the figures of the Madonna and child hung suspended for so long, did not greet the Tommies when they entered the city. The church had been leveled to the height of other ruins.

Prisoners taken in Albert totalled 750, including a battalion commander and his staff.

British Front 25 Miles. London, Aug. 23.—The British are attacking on practically the whole twenty miles front from the Cogeul river to the vicinity of Chaules and are making progress at a number of points. Field Marshal Haig reported today.

Slight additional advances were made on three widely separated sectors of the Flanders front.

German counterattacks north of Albert and southeast of Baillieu were repulsed.

Fighting is continuing on practically the whole front between Libon, south of the Somme, to the Cogeul river (five miles south of Arras)," the statement said. "We are making progress at a number of points.

Last night the enemy attacked in the neighborhood of the Baillieucourt farm, east of Beaumont, but was repulsed.

"On the Lys front we advanced slightly east of LaTurlotte, northwest of Norf, Berquin and east of Outtersteene. A local hostile attack northwest of Baillieu broke down before our positions."

French Still Advancing. Paris, Aug. 23.—(12:15 p. m.)—The French advance continued last night on practically the whole 25 mile front, between the Oise and the Aisne, the war office reported today.

The entire south bank of the Oise and the Ailette had been cleared from the confluence of the Oise and Divette to the Coney-le-Chateau ford.

"Between the region of Beauvaingnes (three miles south of Rage) and the Oise particularly in the region of LeFleumont, there were violent bombardments."

"We passed Chirsey-Courcamp (three miles southwest of Noyon.)

"We reached the south banks of the Oise and Ailette from Souppigny (a mile and a half north of Noyon) to the Coney-le-Chateau ford.

"East of Selens, we carried our lines to the environs of Guay (nine miles north of Soissons) and Pott St. Mard (a mile and a half south of Guay and two miles southwest of Coney-le-Chateau.)

"Elsewhere the night was calm."

FIFTY VILLAGES TAKEN. By Webb Miller (United Press staff correspondent) Paris, Aug. 23.—(10 a. m.)—General von Boehm is organizing defensive

eral Mangin's advance has been considerable in the last twelve hours, it was learned today.

The French battle line, it is understood, now extends from St. Mard, west of Rode, southwest through Beauvaingnes, east of Lassigny, through Evricourt, Connaecourt and Ville, south of Pont L'Eveque, across the Oise canal near Verennes, through Bretigny and Quierzy and southwest through Champs and Guay to Pommiers.

Twenty-one Airplanes Downed. London, Aug. 23.—The destruction of twenty-one German airplanes was reported today in the official communication issued by the British air ministry. In addition a hostile balloon was destroyed.

Eight British machines are missing. One reported missing the preceding day has returned to its base. One of the destroyed German planes was a large bombing machine.

Districts behind the lines were heavily bombed.

Airplanes played little part in the advance of General Byng's troops, it was reported, due to mist.

AVIATOR THAW KILLED. By Frank J. Taylor. (United Press staff correspondent)

General Debny's Idea.

Paris, Aug. 22.—General Debny, commanding the French army north and west of the Oise, issued the following order of the day:

"The battle has won ground to the depth of 25 kilometers (15½ miles) and has liberated scores of villages. Sixteen German divisions (192,000 men) have been beaten. More than ten thousand prisoners and 220 guns have been captured. We will win."

A total of more than fifty villages have been re-occupied by the French.

COCONUT OIL MAKES A SPLENDID SHAMPOO

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulsified coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulsified coconut oil at most any drug store. It is very cheap and a few ounces is enough to last everyone in the family for months.

Sewing Circle With Much Whispering

We Are All Greatly Inhabited to Those Who Tell Their Experiences.

Before the arrival of the stork there is much to talk about. The content of the spectral notes in the chief topic, and there is sure to be someone who has heard of some of that splendid external help—Mother's Friend.

Nerves, hiccoughs, heart-burn and stretching pains and other symptoms so familiar to many women are among the troubles experienced thousands of mothers who entirely escape by the use of this famous remedy.

The influence on the fine network of nerves and ligaments just beneath the skin is wonderful.

By the regular use of Mother's Friend during the period of pregnancy, the muscles and ligaments are kept soft and elastic; they expand easily, without strain, when baby is born and the pain and danger at the crisis is naturally less.

Mother's Friend is for external use only, is sold by all druggists, and should be used with the utmost regularity. Write to the trusted Regulator Co., 1524 Broadway, New York, N. Y., for a valuable and interesting "Motherhood Book." There is a wealth of instruction and comfort to be derived from this little book. It is plainly written and will be a splendid little text book for guidance, not only for yourself but will make you helpful to others. And in the meantime does not fail to get a bottle of Mother's Friend from the drug store and then tattle yourself against pain and discomfort.

lines far in the rear of the present German positions in Picardy, according to information received from the front early today.

Marcel Hutin, military expert of the Echo De Paris, believes the evacuation of Noyon already is under way. The French passed on at various points around the town today. Meanwhile, the enemy is preparing to make a stand at Hill 104, Porquescourt wood and Mont Renaud. Between the Aisne and the Vesle German aviators are making desperate efforts to keep off allied observation planes, and a big retirement there is expected hourly.

A total of more than fifty villages have been re-occupied by the French.

Arrival of a Hungarian division on the west front is reported.
