**Another Cured of Cancer**  
 Salem Doctor Is Recommended.  
 To Whom it May Concern:  
 I was afflicted with a CANCER of my nose about as large as a good sized marble. Among others I applied to Dr. S. C. Stone of Salem for relief. The doctor applied a medicine for a few days and in about twelve days the cancer dropped out, the place healed up nicely and has caused me no trouble since. I can cheerfully recommend the doctor and his treatment to others who may be afflicted with cancer. This was in December, 1917.

S. H. Van Trump, county food inspector, says the evergreen blackberry is coming into its own throughout the county and that every lane, road and hillside is now a busy scene of pickers. In many parts of the county there is a price of six cents a pound with trucks driving through the country gathering crates. He said that many pickers with nimble fingers were making as much as \$6 a day with some children going about half the amount. He also says that when an evergreen blackberry bush once gets under headway it is a pretty difficult matter to kill it.
