High Class Ladies' Tailoring

474 Court Street

The wool administrator at Washington has just announced that not one pound of wool will be allotted to civilian use until the army and navy are supplied. Can you read between the lines? Nothing but shoddy and cotton for us. But I have been very fortunate by having an extra large stock of woolens bought some time ago---even before the big advances in woolen goods .-- This stock I am making up into suits at original cost. Come in today and talk it over. I can save you money on genuine all wool clothes.
