FRENCH GO THRU GERMAN LINES

(Continued from page one)

since the morning of August 21, exceeded 21,000."

Took 1000 Prisoners
Paris, Aug. 27.—French troops advanced toward Roye, this morning, after repulsing several counter attacks in that region, the war office announced.

The French advanced three quarters of a mile east of Bagneux (five miles north and west of Soissons) yesterday and repulsed a counter attack west of Chavigny (half way between Bagneux and Soissons).

Artillery fighting continued last night between the Aisne and the Ailette. The French took 1100 prisoners yesterday.

South of the Aisne, the French this morning accentuated their progress in the region of St. Mard (a mile and a half west of Roye) after several German counter attacks were repulsed," the communique said.

"In yesterday's fighting the French took 1100 prisoners including 36 officers."

"Between the Oise and the Aisne late yesterday a German counter attack west of Chavigny was repulsed and 50 prisoners taken. East of Bagneux, the French carried their lines forward 1200 yards. Between the Aisne and the Ailette artillery firing was active during the night."

SURROUNDING BAPAUME

By Lowell Mellett
With the British Armies in France, Aug. 27.—(Noon)—The British launched a new attack south of Bapaume at 4:45 this morning with the prospect of making the situation below that city as precarious as it is above, where the line is actually beyond the city.

The New Zealanders are on the northern outskirts of Bapaume, having taken Baugreux (two miles northeast of the city) during the night. They captured prisoners from three battalions, including a battalion commander.

At the same time, British troops are moving eastward along the Scarpe. Highlanders on the north and Canadians on the south, taking advantage of yesterday's important gains.

The British last night swept down the slopes of Henell (three miles north of Croisilles) and over the advanced trenches of the old Hindenburg line. These they captured easily, but they found the Germans holding hard in the support lines.

The fighting below Bapaume is unusually violent in places. The Germans threw the Eighty-Seventh division into Longueval last night, counter attacking and driving back the British just after the latter had seized the town.

This makes more than twenty divisions (approximately 210,000 men) identified opposite General Byng's army so far. As yet, little effort has been made to carry Bapaume directly, although there is patrol fighting constantly on the outskirts.

UNDER DOUBLE FIRE

By Webb Miller
Paris, Aug. 27.—(10 a. m.)—General Mangin has won possession of high ground south of Crecy-Au-Mont, from where the German positions north and east of Soissons are being heavily shelled. These positions are now subjected to a double fire, as they are also being shelled from the French line along the Aisne, east of Soissons.

Along the whole active front the French continue to sense "jumping off" places for further operations.

AIRMEN DO GOOD WORK

By Frank J. Taylor
With the American Armies in France, Aug. 26.—(Night)—American patrols had the best of some encounters in the Toul and Woerze regions today.

In the Toul area, an American patrol killed and wounded four boches. During a patrol encounter in the Woerze, an American doughboy was wounded in 16 places by machine gun bullets. Ten struck him between the knee and the waist, three entered his calf and three his arm. He will recover. This is believed to constitute record number of wounds received during a number of skirmishes without causing death.

Another American soldier despite a torn face and a stomach wound from grenade fragments, pressed forward and protested violently against being returned to the dressing station.

American airmen again raided Conflans Sunday, bombing railway tracks, blowing up an ammunition car and damaging a round house. Party bombs were dropped. All our machines returned safely despite a terrific artillery barrage and an encounter with German planes.

Cross Hindenburg Line

London, Aug. 27.—Progress along the whole British front with further advances in important sectors of the French front, was shown in the official statements issued today by the war office. The British have passed the old Hindenburg line east of Arras and have added materially to their gains around Croisilles and along the north bank of the Somme.

Confirmation of the capture of Fresnoy-Le-Roy was contained in the Paris communique.

The Berlin night statement reported British attacks extending north of the Scarpe which "mainly failed." It stated that counter attacks are progressing in some places and claimed the capture of Longueval and Mont-Auban.

The Belgian communique reported repulse of German attacks in the region of Marokom and Langhemareq, north of Ypres.

War Summary of United Press

1485th Day of the War; 41st Day of Counter Offensive

Pleasant front—British after repulsing a series of desperate counter attacks between the Scarpe and the Somme last night, resumed their advance on a wide front today.

The principal British attack was directed south of Bapaume, in an effort to complete encirclement of the city. Bapaume already is passed to the north and New Zealand troops are firmly established in the outskirts.

Along the Scarpe, Scotch and Canadian troops are reported near Plouvaux, which lies a mile and a half beyond the old lines.

Further progress is being made along the Somme, Suzanne, two miles east of Bray on the north bank, has been passed and the British are approaching Dompreire, five miles southeast of Bray and south of the river.

SUNDAY CROWD LARGE AT BEACH RESORT

Newport And Nye Beach Are More Popular Than Ever This Summer.

By Ethel Tooz

(Capital Journal Special Service.)
Newport, Or., Aug. 27.—In spite of the fact that the last week in August is at hand, there is at present no diminishing of the popularity of this resort. Last week and a larger crowd than ever before this summer, thronged the sandy beach and with the continuing balmy weather there is no doubt that many tourists will prolong their stay into September.

A very impressive flag raising occurred Saturday evening at the summer home, Madisons, of Colonel E. Hofer, is head of five men of the Hofer family, who have volunteered their services to their country. Those honored by this demonstration were Mr. Hofer's son, Lawrence, who is attending a submarine chaser school on the Scottish coast, Lt. Allen Byner, a son-in-law, who is at a motor truck base in the quartermasters department in France, Lt. Armin Schreiber, a nephew, who is in the engineer corps at Petersburg, Va., and a former O. A. C. football star, who is in the submarine chaser service at San Pedro and Lt. Everett May, the fiancée of Miss Marie Hofer, who is serving with the artillery in France. Colonel

Hofer was assisted in the flag raising by several officers and soldiers from Agate beach and Monterey camps.

The bi-monthly officers ball Wednesday evening was as usual one of the pleasantest social features of the week. This probably will be the last function of its kind this season.

Mrs. E. P. Mulkey of Salem, is numbered among the latest guests at the New Cliff house at Nye beach.

Mrs. E. Hofer, Mrs. A. A. Bynon and Mrs. A. F. Hofer and family of Salem, returned home the last of the week after a short outing at Agate beach.

E. T. Barnes of Salem, motored to Newport Saturday, to pass the week-end with his family, who are summering here. Miss Ruth Barnes has been suffering from an acute attack of bronchitis.

Mrs. McKinnis of Salem, is listed among the recent capital city visitors at this beach.

Miss Inez Filiz of Salem, is enjoying a short vacation at this beach.

T. W. Jenks of Salem, motored to Newport last week end to visit with his family who are sojourning at Nye beach this summer. Mr. Jenks made a record drive, making the trip in a little over four hours.

Mr. and Mrs. Frank Smith of Salem, are numbered among the latest cottagers to arrive at Cherry City.

Mr. and Mrs. P. J. Johnson and Mrs. William Anderson of Salem, are domiciled at Sunnyside lodge for the balance of the season.

Mrs. John McNary, Mrs. W. T. Stoltz and children, Margaret and Richard, of Salem, came in recently and are guests of the Damon.

Mr. and Mrs. Edward Weller, of Salem and Professor and Mrs. William Morris of Berkeley, who have been summering at Seal Rocks, motored home

California Holding Primary Election
San Francisco, Aug. 27.—California went to the polls today to nominate a war time governor.
With eight candidates in the field the warmest race was conceded to be between Governor William D. Stephens, chosen successor of Senator Hiram W. Johnson and Mayor James Rolph of San Francisco.
Both Rolph and Stephens rated their case largely on a platform of "carrying out Hiram Johnson's policies."
For the democratic nomination Francis J. Heney was opposed to Thomas Lee Woolwine of Los Angeles. Rolph also was on the democratic ticket, and on the progressive ticket as well. Charles M. Fickert, the district at-
