No More Sunday Joyriding In East

Washington, Aug. 27.—The United States fuel administration today banned the use of pleasure automobiles, motorcycles and motorboats east of the Mississippi river on Sunday, to permit replenishment of diminished gasoline stores.

It will remain in effect until stocks are built up.

Fuel officials say the shortage of gasoline is not serious but that demands for overseas shipments and for domestic use are now at their highest point and some precautionary measure must be taken to assure a continuous flow for war purposes.

Tractor and motor trucks engaged in the actual transportation of freight are exempted also physicians automobiles ambulances, fire and police patrols and machines used for repair work by public utilities.

Persons living in rural districts where other transportation is not available, may use automobiles.

In issuing the order fuel officials refrained from making it mandatory which would invoke the penalties of the Lever bill for violation, but rather appealed to the patriotism of the people of the country to see that the order is obeyed.

If desired results are not obtained through voluntary submission, the gasoline curtailment plan will be backed by a flag official order. Fuel officials said they counted on the patriotism of the people of the country to save the desired amount of gasoline.

Four Reform School Boys Take French Leave

Sneaking from the school into the brush, four Portland boys made their escape yesterday afternoon from the state training school for boys.

They have not yet been captured, and it is believed that they are the ones who stole D. H. Upjohn's automobile last night and are traveling south.

As the automobile is of a light blue color the officers expect to soon locate it. The machine had license number 20,000.

The boys are Vernon Bradford, 17 years old; Frank DePinto, 15; Alfred Twigger, 14, and Charles Davis, 14. Bradford and DePinto are termed "bad eggs," by Superintendent Gilbert.

They were out on parole until six weeks ago when they were arrested at Astoria for burglary and were returned to the school. They and Twigger also have been in a number of scrapes for stealing automobiles.

Court House News

O. J. Hawkinson yesterday filed a suit in the circuit court against W. S. Bowen asking the court for judgment for \$800 on an unpaid promissory note dated Dec. 26, 1916 and for \$75 attorney's fees.

The complaint recites that Bowen gave his note for \$800 to the Scandinavian-American bank of Portland and that the note had been assigned to O. J. Hawkinson. That the note had not been paid nor the interest thereon.

Two resident hunter's licenses were issued this morning. One was to W. L. Copenhagen of Hoppner and the other to T. M. Scott of Salem.

Men who have enlisted in the Oregon National Guard are asked to meet at the armory Wednesday evening to be given a physical examination.

Those who have already been given the examination are also asked to attend the meeting as there are several subjects to come up for discussion. It is also announced that enlistments for the Oregon National Guard will be taken tomorrow evening at the armory.

F. E. Waldorf of Sheridan and Ed Whitaker of Stockton, Calif., were boys together about 40 years ago and last week was their first meeting since those days of 1878.

They were both in Salem yesterday visiting relatives of Mr. Waldorf.

Trading Was Light Price Trend Downward

New York, Aug. 27.—The New York Evening Sun says financially: In a way today's stock market reflected numerous favorable factors and ignored other factors less favorable.

Trading was broader, though smaller in volume than in yesterday's session. This was particularly true of the industrial list.

Steel advanced to a new top price for the year at 113 7/8. Marines were strong. There was a good demand for the copper shares. The price level gradually receded during the afternoon in moderate dealings, except the alcohol stocks, Marins preferred and a few of the specialties which held near the top. Steel receded closed to 115. Canadian Pacific, which sold as high as 172, dropped back to 169 1/8. The early gain of a point in Union Pacific was cancelled. General Motors suffered a sharp break of over seven points.

Bonds were relatively active.

KERMIT IS HONORED.

London, Aug. 27.—Kermit Roosevelt has been awarded the military cross for his services with the British army in Mesopotamia, it was announced today.

Roosevelt was a major in the motor service in Mesopotamia. Recently he obtained a transfer to the American army, receiving a captain's commission.

The honey-dew melon is now on the market. It comes from the famous Turlock section of California and is described as about a half cousin to the cantaloupe and a half cousin to the casaba and the other relationship just plain honey-dew melon. The fruit is much like a casaba in appearance but with a finer flavor with a taste very suggestive of honey dew.
