

Keep White Clothes White!

Fels-Naptha's whitest of suds keep white clothes white—

- without boiling
- without hard rubbing
- without hard effort
- without harm or wear on the clothes

Wet the garments, then rub them well with Fels-Naptha and set to soak in cool or lukewarm water. The soaking is important. Rub lightly, rinse thoroughly, wring and hang out.

Could any way be cooler or more comfortable in summer?

LIBERTY LOAN DRIVE

and questions that require explanation, so that when he gets back home he may be in position to answer most, if not all the points that may be brought to his attention during the campaign. It is therefore very essential and important that every county committee attend this meeting in order to become fully prepared to facilitate the work in hand. Questions of boundaries and jurisdiction of the respective banking districts or units will be discussed and settled at this meeting.

"We are all very busy at this season of the year," said Mr. Deckelbach, "and it is the fervent desire and hope of all officially connected with the Fourth Liberty Loan Drive, to shorten the active campaign as much as possible. It is taken for granted that the same patriotic spirit controls all of us. The necessities of the government must be apparent to everyone. Hardly a family exists today in this country of ours but has a direct, pertinent interest at stake, aside from the patriotic interest."

Father, son, brother or other close relative or dear one is in the service, and surely this incentive alone will cause every one that is able to do his or her utmost to back them up and the country which they serve."

"Why, then, should it be necessary for committees to make a personal appeal and visit to every possible subscriber and solicit support. The honor and integrity of the country is at stake. The welfare and care of their own dear ones is in jeopardy. Surely! It is not too much to ask the prospective subscriber to voluntarily come forward and proffer his or her quota to the national loan. It is hoped that this spontaneous spirit will fill the entire nation and most particularly the State of Oregon. Under such conditions and circumstances, the work in hand will prove an easy task."

"During the coming month, up to September 28, a thorough publicity campaign will be carried on. During that time the people can readily make up their mind as to how much they will be able to subscribe and on Sept. 26, step up to the bank counter or some other

SOCIETY

By MABEL GARRETT

Many people who attended the meeting of the Grand Army of the Republic in Portland last week are extending their western trip by visits with their friends in other parts of the state. Salem has been an attraction for many, some of whom are on their way to California and others, who are going north to visit in Seattle and other points in Washington.

Mrs. Lizzie Wyatt Smith, past department president of Oregon, is entertaining at her home guests, Mrs. Anna Belle Roberts, past department president of the Woman's Relief Corps of Baltimore, Maryland. Mrs. Smith also has as her guests, Miss Cora E. Harris and Mrs. Adell H. Ballard of Evansville, Wisconsin. Mrs. Harris is state president of the Woman's Relief Corps of Wisconsin, that organization having a membership of 9000 women in the Badger state.

Mrs. Anna Hofer and daughters, the Misses Marie and Dorothy Hofer, left this morning for their home in Pasadena, California. They have been visiting in Washington and Oregon for about a month. While in Salem they have been the house guests of Mr. and Mrs. E. Hofer, 765 South Commercial street.

Mrs. N. J. Haas of 191 South Church street is entertaining at her home guests, her sister, Mrs. J. P. Hatchford. Mrs. Hatchford came from Independence, Iowa, as a delegate from there to the meeting of the Grand Army of the Republic held in Portland last week. Mrs. Hatchford will probably remain a week before returning. On her way home she plans to visit in Seattle and other northern places.

After spending a week with his parents, Mr. and Mrs. J. H. Burris, and his wife of 1270 Summer street, Paul P. Burris left Monday for Camp Dick, Dallas, Texas, which is a camp where men assemble before being sent to the flying schools.

Mr. Burris has just finished the training required at the ground school in Berkeley and was home for a short furlough before leaving for Texas. From Camp Dick he will be sent to a flying school in preparation for work overseas.

Dr. and Mrs. Claude E. Williams and son, Warren, left Monday evening for their home in Los Angeles after a week's visit with Dr. and Mrs. W. H. Cusick at their home, Oak Villa, Mrs. Charlotte A. Selden and Mrs. Marie Phil from Roseburg, who have been spending the summer with the Cusicks will remain for an indefinite time.

Mrs. F. L. Purvine and son, Paul, returned recently from a vacation at various places in western Washington and Oregon. They were gone about a month visiting friends at Astoria and Seaview, Washington.

Honoring the 77th birthday of Mrs. Simon Heist, 828 North Commercial, a delightful family reunion was given at her home yesterday. A pretty color scheme of yellow was carried out in the bowl of summer flowers centering the table and yellow-shaded candles lent a harmonious soft glow. The place of honor, accorded to Mrs. Heist, was marked by a bright birthday cake.

Only relatives of Mrs. Heist were present. Places were laid for Mrs. W. W. Emmerson and children Lucille, Marion and Ralph, Miss Blanche Steininger, the Misses Liza and Lulu Heist, Rev. A. A. Heist and Miss Laura Heist of Portland were down for the dinner. Miss Laura Heist is taking the reconstruction aid course at Reed college this summer.

The home of Mr. and Mrs. William Zosel at Liberty was the scene of a very pleasant family gathering on Sunday. The occasion was in honor of their son, Corporal Walter H. Zosel, who is home from Fort Wayne, Michigan, where he is now stationed. He had been sent to Fort Stevens for a short time and was given a short leave to visit his home. He has been in the aerial department for ten months and is very enthusiastic over army life.

Among the out of town guests were Mr. and Mrs. Arthur Reynolds and Miss Martha Zosel of Portland who came down for the day.

Miss Lois Pinley spent a short visit the first part of the week at the home of Mr. and Mrs. F. L. Purvine, 1009 Fifth street. She left yesterday morning for her home in McMinnville.

Sergeant Fred Paulus of the spruce division of Portland, spent Sunday with his parents, Mr. and Mrs. Chris Paulus at their home on North Sixth street. He was accompanied by his friend, Jack Grant.

The important event of the week for society folk will be the battalion dance given Friday evening at the armory. Invitations will be issued to the governor, the general staff at Portland and to all the Oregon guard members in Salem, Stayton and Silverton. The Salem and outside companies will appear in uniform. Several committees have been appointed of which Captain Arthur Wilson of Company E, is general chairman.

convenient place that may be selected and complete the transaction."

"To some this idea may seem somewhat Utopian, but the fact is that the American nation is in great earnest and its people are going to demonstrate this fact."

London, Aug. 28.—Thomas Nelson Page, ambassador to Italy has arrived here from Rome. It is strongly rumored he will succeed Walter Hines Page, who has just resigned as ambassador to Great Britain.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Nitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as nitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, nitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness, and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION—Although nitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh growing properties, be used by anyone who does not desire to put on flesh.

FRENCH NEAR NESLE

By Webo Miller (United Press staff correspondent) Paris, Aug. 28.—(10 a. m.)—The French are fighting their way forward this morning on the whole Chaunay-Noyon pocket against strong rear guard resistance.

French troops last night were in the edges of Chaunay. They were several miles past Roye, advancing down the road toward Noyon and already have passed Hoignise (six miles southeast of Roye).

They are also pushing along the roads toward the great railway center of Nesle (ten miles northeast of Roye) and Ercheu (six miles east of Roye), and are less than four miles from Nesle.

The Germans are in full retreat but are fighting. Indications are they will try to turn at Nesle to cover the passage across the Somme.

Hundreds of additional prisoners are being taken almost hourly.

GERMAN LINE CRACKED ON FIFTY-MILE FRONT

(Continued from page one)

Capture Chavigny London, Aug. 28.—(4:30 p. m.)—French troops, attacking north of Soissons, have captured Chavigny and reached the western outskirts of Juvisy, it was learned here this afternoon.

Chavigny is three miles north of Soissons. Juvisy is two miles north of Chavigny. A previous dispatch reported that the Americans are cooperating with the French in this attack.

Take Many Prisoners Paris, Aug. 28.—The French have occupied Craupan-Mesnil, south of Roye, taking several thousand additional prisoners, according to Reuters Dispatch from the French front.

Chaunay Captured Paris, Aug. 28.—(12:05 p. m.)—French troops captured Chaunay, the great German defensive position on the Pheary front last night, the war office announced today.

The advance along the whole front between Chaunay and the Oise continued through the night and this morning the French had reached the vitally important railway town of Nesle. Thirty villages have been retaken since yesterday and at some points the French have advanced seven and a half miles.

The French are now within two miles

"North of the Scarpe strong hostile counter attacks were launched in the afternoon on the Arras-Douai railway, forcing our advanced troops back a few hundred yards to the old German trenches on Greeland hill, where the enemy attack broke down under our fire.

"The British troops carried out a successful local operation yesterday astride the Neuf-Berquin road advancing our line on a front of about four miles and taking a number of prisoners."

HE SANK THE LUSITANIA

Paris, Aug. 28.—The Journal says that Captain Schweiger, captain of the submarine that sank the Lusitania, is a prisoner in France. It was recently reported that a German submarine was sunk in the Mediterranean and that its captain was rescued. The officer who possibly may be Schweiger, declared he sank the Lusitania.

DRAW ON RESERVES

By Lowell Mellett (United Press staff correspondent) With the British Armies in France, Aug. 28.—The Germans, in their desperate efforts to stay the British advance, are strongly increasing their front line forces by recklessly drawing on Rapprecht's reserves.

Several divisions of fresh troops are reported to have been thrown into the battle south of Bapaume.

There was less fighting on most parts of the battle front last night and this morning, the British utilizing the hard rains to draw the first long breath in many days, while still holding their gains.

Americans Helping Paris, Aug. 28.—(4:50 p. m.)—American troops are reported to be participating in the great Pheary battle. General Mangin's army with Americans cooperating, is attacking north-
