Elks Elect Officers Slect Klamath Falls

Portland, Or., Aug. 28--Dr. W. S. Kennedy, The Dalles, was re-elected president of the Oregon Elks today. Other officers elected are: First vice president, R. Alexander, Portland. Second vice president, C. T. Crosby, Astoria. Third vice president, George W. Owen, Ashland. Secretary, H. G. Allen, Portland. Treasurer, T. O. Russell, Eugene. The state convention will be held at Klamath Falls next year.

Store your potatoes this way says the National War Garden Commission of Washington, and send a two-cent stamp for a storage book to aid you in saving war garden crops.

State House Notes

In reply to a query from W. K. Newell of Portland, chairman of the building committee of the board of regents of the University of Oregon, Attorney General Brown says if an appropriation is made by the next legislature for a new hospital building to be erected in Portland the construction of the building will not be subject to review or

SENATE DRYS CALL ON TREASURY FOR FACTS BEARING ON MEASURE

Will Undertake To Prove No Financial Interests Will Be Hurt By It.

By L. C. Martin. (United Press staff correspondent) Washington, Aug. 28--Senate drys who favor immediate prohibition of intoxicants from the United States, today called to the aid Treasury department experts to prove that no great financial loss will result. Armed with a great mass of figures, they plan to tell the senate that the claim that scores of banks will be forced to the wall unless liquor interests and banks which hold their paper are given ten months or a year to settle their affairs is "boosh." They already have quoted a high official of the department as saying that six months would be ample time to let all the banks which have loaned money to liquor interests get out from under. But in spite of the radical drys' determination to fight for immediate drouth the belief grows that July 1, 1919 will be the date fixed. The whole question probably will be settled one way or the other this week. Prohibition has the right of way until disposed of. "Wets" are prepared to forestall the efforts of Senator Sheppard, dry leader, to open the discussion today. The day has been set aside for eulogies on the life of the late Senator Newlands. Proceeding that, however, between noon and 2 p. m., the regular routine business of the senate is in order. Sheppard wants to set this aside to take up prohibition. Wets insist on the regular business. They have seen to it that there will be plenty of such business. But under an agreement the prohibition question comes up Thursday at the latest and must be kept before the senate until finally voted on.

Court House News

In the circuit court, in the divorce case of Anna Mabel White against Clifford White, the defendant has filed a motion asking that the court require Mrs. White to make more definite and certain her charges that he neglects Agnes Osborne, and to state definitely what parks and hotel he took her, and also to define more carefully the time of each visit. Lena E. Medley has filed suit for divorce from George R. Medley. In her complaint she alleges that they were married in Oakland, Calif., March 3, 1911 and that they have one child, a daughter six years old. She alleges that when married she was but 15 years old and that he was twice her age. That he was addicted to the use of intoxicating liquors so much so that within a year after her marriage, she had to go and live with her own folks. Also, that he was in the habit of laying round the house reading novels and doing too much resting. She also alleges that he went on a drunken spree while she was ill at Stayton and that at times he abused and called her bad names. She asks for the custody of the daughter and a reasonable amount for support. In the matter of the estate of Mrs. Caroline Hansen, deceased, the county court ordered that the will be admitted to probate and that A. G. Anderson be appointed executor with without bond. As appraisers, the court appointed J. P. Moser, W. L. Pry and J. W. Smith. Walter Reynolds, an executor of the estate of Silas Reynolds, was given permission by county Judge Bushey to sell the interest of Silas Reynolds in lots 5, 6, 12 and 13 of Sunnyside Fruit farm No. 8.

But 20 Per Cent Of Substitute To Be Used

Beginning next Monday, the new wheat regulations will go into effect in this country, according to the best information to be had. This will mean that hereafter, the flour miller must make his bread on a 20-80 basis and that in the purchase of wheat flour she will be obliged to buy substitutes on a basis of one pound of substitute to four pounds of wheat flour. However, the number of articles to be used as substitutes has been limited to corn products such as corn meal and corn flour and barley flour. On the 20-80 basis, such foods as rolled oats, rice or rice flour, hominy and corn starch are not to be considered as substitutes. There are to be no more wheatless days, according to the new regulations. Hereafter 80 days supply of flour may be carried by grocers and millers in stead of the old time regulation of a 30 days supply. Hence, when the housekeeper orders wheat flour after Sept. 1 she must order one fourth as much in barley flour, corn meal or corn flour.

HORVATH'S SEIZURE OF REINS IN SIBERIA LASTED SHORT TIME

Is Last Of Russian Leaders Still Loyal to Czar Nicholas.

By Joseph Shapiro. (United Press staff correspondent) New York, Aug. 28--The reported seizure of power in Siberia by General Horvath as a result of a coup d'etat, in which reactionary bolshevik soldiers participated, has realized the fears of the revolutionary democracy in Russia. The coup d'etat itself may be but a short lived one, as the people of Siberia entertain but little sympathy for Horvath and other small counter revolutionary leaders. Horvath is one of the few remaining servants of the czar. The fact that bolshevik soldiers have joined him will be no surprise to the revolutionary democracy of Russia that is struggling for the establishment of a democratic government and a renewed war on Germany. The social revolutionists and the Mensheviks, the bitterest opponents of the bolsheviks in Russia, have pointed out repeatedly that the bolshevik army and red guard comprised nothing but a praetorian guard that will readily change side at the opportune moment and serve any usurper that may arise in Russia. The only reason Siberia will not yield easily to the rule of any new usurper that may arise to take the place of Dictator Lenin, regulation of the city authorities if the bill making the appropriation provides that the money shall be expended under the supervision of the board of regents. The query relates to the contemplated request for an appropriation to erect a hospital building in connection with the U. of O. medical school. Justice Benson of the supreme court today added his approval to the bond for \$7000 to secure the release of Frederick Rader from the penitentiary pending the supreme court's decision on his appeal from the conviction of manslaughter in the circuit court for Grant county. Rader, who is the son of a prominent stock man of that county, was sentenced to serve from six to 15 years in the penitentiary, and recently took an appeal to the supreme court. Public Service Commissioner Miller today received a letter from J. R. O'Brien, federal manager for Oregon under the railroad administration, stating that the entire question of per diem and demurrage in connection with short line railroads is having consideration. The commission has asked the railroad administration to allow feeder railroads 24 hours extra free time for loading and unloading cars. The Lewis and Clark Railway company has applied to the public service commission for authority to cross two county roads in Clatsop county at grade in three different places. The company is rushing the construction of its road as it is under contract with the spruce division, it says. Wilford Allen, a member of the state industrial accident commission, today received word that his son, Niel Allen, 24 years old, was commissioned Monday at Camp Fremont and assigned to the Eighty infantry. He graduated from Stanford university last May. Another son, Wilford Allen, Jr., will leave Salem today for Seattle to enter the naval training camp.

GENERAL PERSHING PAYS HIGH TRIBUTE TO AMERICAN ARMY

Valor At The Marne Helped Turn Tide of War in Favor Of Civilization. Washington, Aug. 28--Tribute to the American arms for its great fight on the Marne was paid by General Pershing, reported in section D of Wednesday's communique. Pershing's general order follows: "It fills me with pride to report in general orders a tribute to the service on achievements of the First and Third corps comprising the First, Second, Third, Fourth, Twenty Sixth, Twenty Eighth, Thirty Second and Forty Second divisions of the American expeditionary force. "You came to the battlefield at the crucial hour of the allied cause. For almost four years the most formidable army the world has as yet formed had pressed its invasion of France and stood threatening its capital. At no time had that army been more powerful or menacing than when, on July 15, it struck again to destroy in one great battle the brave men opposed it and to enforce its brutal will upon the world and civilization. "Three days later in conjunction with our allies you counter attacked. The allied armies gained a brilliant victory that marks the turning point of the war. You did more than give our brave allies the support for which, as a nation our faith was pledged. You proved that our altruism, our pacific spirit, our sense of justice, has not blunted our virility, our courage. You have shown that American initiative and energy are as fit for the test of war as for the pursuit of peace. You have justly won the unstinted praise of our allies and the eternal gratitude of our countrymen. "We have paid for our success in the lives of many of our brave comrades. We shall cherish their memory always and claim for our history and literature their bravery, achievements and sacrifice. "This order will be read to all organizations under the first assembly formation after its receipt." GREAT HELP TO WIN WAR. With the American Armies in France, Aug. 28--The Germans have increased their aerial bombing of the Weverre area, one bomb killing an 84 year old French woman. Artillery has resumed bombardment of Frapelle, recently captured by the Americans.

Burglars Kill Wife And Wound Husband

Maquoketa, Iowa, Aug. 28--Mrs. Gay Wilford was shot and killed in her bed, and her husband was slightly wounded by burglars at an early hour today. The woman was shot through the heart and stomach. Wilford was shot through the arm. Wilford claims he was awakened by a burglar about 3 a. m. He jumped out of bed and grappled with him. During the struggle, his wife was killed and he was wounded. Wilford called his niece from a room upstairs and handed her about \$20, which he said the robber did not get. Police were called an hour later but found no trace of the murderer. The girl told the police she saw one in the room but Wilford and his wife when she got there.

THREE SECTORS LINKED UP--The latest gains reported from the battlefield were made by the French in the new drive between the Oise River and Soissons. The British advanced in the Lys sector. The dotted area show the ground previously won by the Allied drives. The solid line is the present battle line, the dash line the limit of the German advance in 1918.

SHIPYARD WORKERS WILL GET MATERIAL INCREASE IN WAGES

No Announcement Made Other Than That Shipyards Will Celebrate. Washington, Aug. 28--Skilled workmen in the shipyards of the United States will be granted an increase in wages, it was learned authoritatively here today. Demands for a country-wide standard wage of \$1 an hour however, will not be met. Announcement of the advance and the amount will be made probably on Labor Day. As a result of the conference with the president last night the shipping board labor adjustment committee has worked out a scale which, it was said, would be accepted by the union leaders. None of them would divulge the nature of the agreement, however. The present wage controversy while originating among Pacific coast workmen, now includes all shipyards. Previous decisions of the labor committee would indicate that four separate wage schedules would be established in raising the pay generally. Because of the variance in living conditions and costs different wage scales likely will be made for the Pacific coast, Great Lakes Delaware and New England and the Gulf coast yards. Officials intimated the announcement of the committee's decision would be the signal for celebration in all shipyards. Production of America's ship-building plants will be well on its way to the four million of tonnage on Labor Day and it is proposed to use the combination of circumstances to spread enthusiasm among the workers.

PUT THEM UP HIGH SO KIDDIES CAN'T REACH

PICKLES HAVE LITTLE FOOD VALUE BUT THEY GIVE A FLAVOR TO A MEAL WHICH IS LIKED BY MANY. THEY SHOULD NOT BE GIVEN TO CHILDREN. NATIONAL WAR GARDEN COMMISSION, U. S. DEPARTMENT OF AGRICULTURE, D. C. Pickles are great when done right and the right way is told in a free book The National War Garden Commission of Washington will send for a two-cent stamp for postage.
