RUMORS GROW FAST MAY BE BECAUSE SOIL AT SALEM AS IDEAL

Bevy Of Them Turned Loose Here; Have But Little Foundation.

Just as a sample as to how stories can grow and how rumor will sometimes magnify things, is the story of the two men from Astoria who were here to secure men to work in the Astoria Marine works.

The rumor this morning was that every employe of Vick Bros. had left for Astoria on a promise of wages of \$10 a day. That no one would be permitted to buy more than five gallons of gasoline a week. That no more pleasure cars could be repaired and that the garages would not be permitted to employ mechanics.

After considerable inquiry the rumors sifted down to the following plain facts: Two men of Vick Bros. garage were employed by the Astoria men and their pay instead of being \$10 a day, will be \$4.40 a day. One other garage reported one of their men missing this morning but didn't know where he had gone. Others said the men had talked with the Astoria agents but nothing had been decided.

The three representatives of gasoline in the city have no information limiting the sale of gasoline and Vick Bros. said they had received no orders from the government to put a limit of five gallons a week to each car.

There is some truth in the matter of repairing cars. No garage will be permitted to buy steel for repair work on pleasure car and there will be no welding in the hop. One may buy entirely new parts for the car but there will be no repairing of broken steel parts. This taboo on repairing refers only to pleasure cars. Garages are permitted to buy steel to be used in the repairs of trucks, tractors and farming implements. Fred Hansen, gas pumpier and Tom Moisan, mechanic are the two men who left from Vick Bros.

Chicago, Aug. 30.—Stay of execution was today granted the 97 L. W. W. leaders awaiting sentence here after conviction on charges of sedition. Federal Judge Landis before starting a review of the case leading up to sentencing granted the prisoners one week.

Funeral Services Over Chester Wilcox Saturday Morning

The funeral services of Chester M. Wilcox will be held Saturday morning at 10 o'clock from the Masonic Temple and will be conducted by O. A. Olson, Worshipful master of Pacific Lodge No. 59, A. F. & A. M. The body will be sent to Portland for cremation. Mr. Wilcox was formerly a member of Company G of the Oregon Home Guard in Salem, serving as corporal.

Masons should assemble for the services at 9:30 o'clock in the morning and the public at 9:45. The body will be forwarded to Portland on the 11:09 Electric accompanied by O. A. Olson, master of the lodge and relatives.

As Mr. Wilcox was formerly a corporal of Company G of Oregon Guard, the pall bearers will consist of members of his company, attending in uniform.

These services are open to the public and will be held on the sixth floor of the Masonic Temple.

State House Notes

Fire Marshal Harvey Wells will go to Lebanon next Tuesday to appear before the city council of that place in behalf of the volunteer fire department, the 20 members of which have prepared to present their resignations at that time because the city council refuses to give them any support.

Mayor Underwood of Lebanon took the matter up with the state fire marshal, who communicated with the volunteer fire department and was told

You can save or waste in buying clothes

There are many ways to serve the country besides fighting; men on the farm; men under fighting age; men in business keeping things going for the fighters; all can serve in some way. Serve in your clothes-buying. Maybe you can save money by not buying any; you may have clothes enough. If you need to buy, save by getting the best clothes possible; the kind that last long; good durable fabrics; staunch serviceable tailoring.

RUMORS OF ALLIANCE ARE DENIED BY LEWIS

Says All Countries Must Be Left Unhampered In Arranging Peace Terms

London, Aug. 30.—Rumors of an impending alliance between England and America were denied here today by United States Senator James Hamilton Lewis of Illinois, in a speech at the American luncheon club. He also expressed his opposition to a statement of the allied war aims, with the exception of a statement of general terms.

"If circumstances ever justify a change in the existing Anglo-American relations," he said, "President Wilson and Premier Lloyd-George will ask their respective peoples to decide. There will be no diplomatic juggling and no secret compacts will be entered into while Wilson is president and while a democratic government exists in England. I feel particularly that war aims might be left for the peace. No allied nation would be embarrassed by premature, individual efforts to mortgage the peace-commissioners to any specific provisions before the negotiations."

"It would deprive them of necessary trading powers as well as equip the enemy with knowledge of particular, detailed claims against which he would immediately prepare counter measures."

"All questions of trade and future economic relations should be left to final adjustments."

Forest fires are still a menace in Jackson county, although just now they are under control, according to State Forester F. A. Elliott, who has just returned from a trip to that county.

He said the rains which put out the fires in this section of the state did not reach Jackson county to any extent and it is still dry there. Electrical storms are the principal source of forest fires in that county.

After Two Years He Recovered His Lens

Tom Cronise, the photographer, feels that to some extent things have broken his way this week. The reason therefor is as follows: Two years ago this June during the Cherry fair thieves broke into his photograph gallery and stole among other articles a fine No. 6-D Bellmeyer lens, valued at \$208.00. As the lens could not be located he had given it up as lost.

Last week while visiting his son at Bremerton, he stepped into a photographic house and noticed an advertisement of a firm in Spokane offering in exchange a lens, exactly like the one stolen from him for a camera.

Having a picture of his lens, he took it to the Bremerton police with instructions to send to the Spokane police and investigate. It proved to be the long lost lens and shortly upon being questioned the Spokane man who had the lens said that he had traded it about two years ago for a \$10 kodak and seemed willing to part with it for that sum. To make a long story

of their cause for the complaint. They said the council refuses to buy any equipment for the department.

The Independence & Monmouth Railway Company will cease operations September 1, according to a letter received today by the public service commission from H. Hirschberg of Independence. He advises that the company has disposed of its rolling stock and equipment.

The public service commission issued an order today granting the Lebanon Mutual Telephone Company an increase in telephone rates. The principal increases include 25 cents per month on desk phones, 25 cents per month on two-party business phones, and an increase in the net rate for farmer line switching service of 7 1/2 cents per month.

The decision of the supreme court in the case of Martin vs. Gilliam county does not affect in any way the law requiring school districts to post and publish budgets before making a tax levy, according to an opinion given by Attorney General Brown to J. A. Churchill, superintendent of public instruction. The decision referred to held that chapter 222, laws of 1915, which sought to make the county budget law apply to all taxing districts was invalid.

Three companies filed articles of incorporation today, as follows: Porter Industrial Company, Portland; capital stock \$250,000; incorporators, Andrew C. Porter, A. G. Oakland and Omar C. Spencer.

McDougal-Overmire Company, Portland; capital stock, \$50,000; incorporators, Charles C. Overmire, A. D. McDougal, and Natt McDougal.

W. L. Miller Mill & Lumber Company, Cottage Grove; capital stock \$5000; incorporators, W. L. Miller, Blanche M. Miller and Whitten Swaffield.

The Roberts Motor Car Company of Portland increased its capital stock from \$5000 to \$100,000.

"TO HELL WITH THE KAISER"

- 1. It tells how the Germans determined to make war on the world, and shows the Kaiser in just the place you'd like to see him.
2. Forty aeroplanes battle for the supremacy of the air—the largest air fleet ever shown in a picture.
3. The story begins with Germany's ploy to rule the world before the war and carries on until it has demonstrated just how it is possible to win the war through air supremacy.
4. Patriotic features abound throughout the picture.
5. One of the principal roles is taken by John Underland, a Belgian aviator, who was wounded many times in air battles at the front.
6. It employs a cast of seventeen principals and over two thousand extras.
7. Shows how American aviators aird captured the Kaiser.
8. Details how an American girl put an end to the Crown Prince.
9. Shows how we are fighting to win the war in the air, and is, therefore, in full accord with the sentiments of the United States government.
10. It is a life-like characterization of the men who have made America famous and Germany infamous.
11. Feature, Lawrence Grant as the Kaiser and Olive Tell as the American girl.
12. "To Hell With the Kaiser" is a picture that every red blooded American should see and will be mighty sorry to miss.
