

**Are You In Trouble?**

The Problems of Life: Fear, Worries, Sorrows, Love, Domestic and Business Affairs, SOLVED; Nervous, Mental and Physical Diseases, TREATED; and Your Natural "Place"—Vocation—on Earth, FOUND by the PERSONAL TROUBLE SPECIALIST DR. ALZAMON IRA LUCAS, Psycho-Analyst and Vocational Director, 638-9 Morgan Building in Write your troubles down. Enclose 1 cent stamp. Address P. O. box 87, Portland, Oregon.

**Bishops May Celebrate Mixed Marriages**

By Henry Wood (United Press staff correspondent) Rome, Sept. 2.—Owing to the irregularities and delays in international postal service as the result of the war, the holy consistorial congregation has conferred on all American bishops, including those in the Philippines the right to celebrate mixed marriages between Protestants and Catholics without first obtaining a papal dispensation. The latter procedure always requires long correspondence. Such bishops are also authorized to confirm marriages that have already taken place without papal dispensation.

**ECZEMA IS ONLY SKIN DEEP**

No internal medicine will cure Eczema. Only by the application of CRANLENE, the greatest external remedy, can the Eczema be cured. It is a simple, safe, and effective treatment. Write for free literature. Address: Mrs. J. C. Perry, 1015 N. 1st St., Portland, Ore.

**Calcerbs**

FOR THROAT AND LUNGS

A Catechol compound that will bring relief in every acute and chronic case. It is a simple, safe, and effective remedy. Write for free literature. Address: Mrs. J. C. Perry, 1015 N. 1st St., Portland, Ore.

**War Department Would Not Say What Units At Kemmel or Vladivostok**

Washington, Sept. 2.—The war department declined today to identify for the present the American unit which fought in the Mont Kemmel sector, or that which landed at Vladivostok. Press reports from the western line the last few days tended to indicate that both French and American forces have been added to British divisions on the northern end of the battle line. That a maximum effort is being put forth in that region is indicated. Breaking of the Drocourt-Quant switch is significant for that line is a reserve bulwark for the Hindenburg line. Indications are that General Foch does not intend to let the boche establish himself on the Hindenburg line. Speed and punch are the watchwords now. The allies are manifestly engaged in an effort to clear Northern France of the Germans before snow flies. The Hindenburg line will be reached by the Germans during the week, according to all forecasts here. The Germans will undoubtedly try to stabilize the situation in these strong positions, but there is every indication that the allies will give him no let-up.

**Mount Lassen Remains The Only Live Volcano**

Redding, Cal., Sept. 3.—The eruption of Preston Peak was explained today and two forest service observers asserted that it looked mighty like a volcano anyway. Preston Peak was reported in eruption by observers on Orleans mountain and at Dry Lake yesterday. A ranger sent to investigate the phenomenon found several acres of "grease wood" or chinquap burning and sending up dense clouds of black smoke in the vicinity of the peak. Mount Lassen, Shasta county, remains the only active volcano in continental United States. President Wilson used no gas last Sunday.

**Purifies**

Highly antiseptic. Used as a curative agent for all external skin troubles. Cleanses permanent blemishes and restores natural color. Ideal for correcting greasy skins.

**WAR CALL FINDS WOMEN PREPARED FOR VITAL WORK**

Heartstrings Bind Oregon Homes Close to French Battlefields—Fighters' Hands Upheld

By Mrs. Hazel Pedlar Faulkner

Twenty-six Americans cited for conspicuous bravery and valor. Your heart thrilled, too, to that news, which now has been repeated many times. The little shivers of pride ran down your spinal columns, women of Oregon, as you read of the things those boys did over there. And honestly, down in your heart, didn't you wish, for the thousandth time, "I wish I could do something worth while!"

Something worth while—of course you can. You can do something immensely worth while, just now, for those same boys and all their kind. You can make possible the continuation of their deeds of valor and heroism. You can help them put an end to the need for such sacrifice and hardships as they have been compelled to make.

**MAKE DEEDS OF VALOR POSSIBLE**

You are the instruments chosen for a great work, and the time for service is here. The government is asking you once more to bring out your hidden treasure—the dollars you have been carefully putting away for some special need. The call for the Fourth Liberty Loan has been sounded. Our country's challenge to our patriotism has been voiced once more. Oregon women have a record for loyal response to all of the previous Loans. There has been a generous reply to the country's war need. The daily lists of names of American boys who have given their all for their country have found Oregon's sons among the number. It is for such as these, and for the things for which they fought and fell, that the aid of the folks at home is sought. Ours is a lesser part, but it is an essential part.

**PATRIOTISM CHALLENGES**

The report of what women all over the United States did for the Third Liberty Loan is an inspiring page in the history of united war effort. From east to west, from Canada to the Gulf of Mexico the story is the same. Everywhere the women came forward, bringing their dollars for the Loan. What they will do in this Fourth Liberty Loan will be no less creditable. The time for questioning is past. The day of speculation is gone. Here and now, with one aim and one purpose, you women of Oregon in line with your sisters from all over the land, will march in the army behind the khaki-clad boys over yonder, furnishing the funds not alone for the successful carrying on of the war—that we are pledged to do—but for the speedy complete defeat of the enemy. Money means power in this struggle between the right and wrong. Dollars spell success in the conflict for righteousness. Yours is a vital part in the struggle, women of Oregon—the "thing worth while" is yours to do now.

**WHAT LIBERTY BONDS WILL BUY FOR ARMY**

- 1 \$100 bond will buy overcoats, slickers and blankets for 3 soldiers and mess kits for 15.
- 2 \$100 bonds will buy 5 complete rifles with bayonets, 1 automatic pistol and 250 rounds of ammunition.
- 3 \$100 bonds will buy 6 airplane demolition bombs (the kind dropped on munition factories and dumps, trains, stations, etc.) and 24 signal flares.
- 4 \$100 bonds will buy 20 airplane incendiary bombs.
- 5 \$100 bonds will buy 20 airplane fragmentation bombs (the kind dropped on masses of troops), and 11 hand grenades.
- 6 \$100 bonds will buy 10 airplane flares (each of which will light up 4 square miles of ground at night).
- 7 \$100 bonds will buy a trench knife, steel helmet and 1 day's rations for 216 men.
- 8 \$100 bonds will buy mess kits, canteens and entrenching picks for a company.
- 9 \$100 bonds will buy harness for the wheel horses of 4 artillery teams.
- 10 \$100 bonds will buy each man of a company 9 hand grenades, 9 gas or phosphorus grenades, or 8 rifle grenades.
- 1 \$1000 bond will buy 1 loaded 16-inch shell.
- 1 \$1500 bond will buy one of the effective little 27 mm. cannon used in the trenches for breaking up enemy strong-points and machine gun nests out of range of trench mortars.

Buy a Liberty Bond today. Urgent is the nation's call. Young and old must help and say, America over all.

Buy a bond, now don't be slow. Over there our brave boys go. Need they ask you to respond. Don't be slackers—Buy a bond.

Make them Saliam to Uncle Sam—Buy Liberty Bonds. Stop! Look! Loosen! Liberty Bonds.

**SOCIETY**

By MABEL GARRETT

Mr. and Mrs. O. C. Kenner returned to Portland Monday evening after a week and visit spent in Salem as the guests of their daughter, Mrs. Carl Beckett, at her home on the Wallace road. During their stay Mrs. Beckett was hostess at a delightful little dinner party in joint observance of the wedding anniversary of Mr. and Mrs. Kenner and Mr. Beckett's birthday. A delicate pink and white color scheme prevailed in the decorations including a festive birthday cake with its twinkling array of pink and white candles. The table was centered with pink glassware while dainty place cards and favors also prettily carried out the decorative scheme. Mr. and Mrs. Kenner were also the recipients of a handsome piece of silver in honor of the occasion.

The many friends of Mr. and Mrs. R. Monroe Gilbert will be interested to know that Mrs. Gilbert has left Salem to join her husband, who has been working in the ship yards at Portland for several months. They have closed their summer home at Hazelton and expect to make their home in Portland as long as he continues his present work.

After spending a vacation of several months at Newport, Mr. and Mrs. Warren Hunt and daughter, Alicia, returned home. Dr. and Mrs. B. L. Steeves and daughter, Muriel, who have been spending a month at Newport in the Chas. Weller cottage, motored home last evening. Miss Grace Young, who formerly lived in Salem spent the last two weeks with the Steeves at the coast. She will visit friends in Salem for a time and later will go to Portland to enter the Medical college there.

After spending Labor day with her parents, Mr. and Mrs. Henry Schultz, Miss Ruth Schultz returned last night to Bremerton, where she is employed as a yeoman in the navy service. Mrs. Irwin Griffith and daughter, Harriet, are spending the day in Portland. Miss Harriet Griffith expects to leave soon to enter Mrs. Catlin's school in Portland.

Mrs. F. M. Chittenden and son, Richard, accompanied by Mrs. Ruth Sayre and little granddaughter, Mary Ruth Cohen, left today for a trip to Pacific City. Mr. and Mrs. E. Wallace have just returned from a week's motoring trip into Washington where they visited Seattle, Tacoma, Camp Lewis and various other points of interest. They also visited Mrs. Wallace's brother, J. B. Loughary, who is a doctor at the Western State hospital at Fort Steilacoom. Mrs. Ada Gibler has returned from Brownsville where she went on business for a few days. Miss Ruth Rauch left last evening for Portland after spending Labor day with friends and relatives. She is now employed with the Carey and Kerr law firm.

Among those who spent the week end in Salem were Mr. and Mrs. George Cooper (Mabel Meyer). They were guests of her parents, Mr. and Mrs. J. W. Meyer, on the Wallace road. Driving over from McMinnville, Mr. and Mrs. George E. Martin and children, Adolphine and Dale, spent Sunday with Mrs. Martin's mother, Mrs. L. L. Nicklin, 1207 State street. Mrs. Martin is manager of the Telephone Register publishing company there. Their little son Dale did not return with them but will spend a short time visiting Mrs. Nicklin.

Mrs. Mary Tinderman of Weiser, Idaho, has left after visiting her sister, Miss Emma Kuhlman. She attended the meeting of the Grand Army of the Republic in Portland before coming here. A quiet wedding was solemnized last Saturday when Miss Hannah Louise Lambert of Fruitland, Oregon, became the bride of Fred Geving of Pratum. The ceremony was performed by Rev. Jacob Stoeker in the Evangelical parsonage before a few relatives and friends. Mr. Geving will leave Thursday for Camp Lewis with the draft contingent.

Miss Marie Ege of Fairbault, Minnesota, who arrived Friday evening is the guest of Mrs. W. H. Byrd on Court street. Miss Ege will have charge of the music department at the state school for feeble minded. She is a graduate of an eastern conservatory and took manual training work at the Thomas Normal in Detroit of which she is also a graduate. Formerly Mrs. Byrd and Miss Ege were associated in work at the state school, La Pierre, Michigan. Miss Ege has also taught at the state school for feeble minded in Fort Wayne, Indiana. Beside her musical work here she will have charge of some of the industrial work.

**STEAMER ESCAPED.**

remainder of the Hindenburg position untenable, while they form the basis for a general house cleaning in northern France. The German retreat is not yet entirely out of hand. But it is

**"HARD SKIN" AND FOOT CALLUSES**

Magic—Peel Them iRight Off Without Pain Or Soreness.

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the toughened calluses or "hard skin" on bottom of feet, then lift those painful spots right off with fingers.

When you peel off corns or calluses with Freezone the skin beneath is left pink and healthy and never sore, tender or even irritated. Losing rapidly the aspect of control which it had for a time. The German in other words is not choosing his own time and gauging his own retirement. General Foch is master and the men behind Foch are regulating the German backward movement.

**FIELD MARSHAL HAIG**

(Continued from page one)

is the principal supply base for the Cambrai sector and is the natural receiving center for the large quantities of military stores that Von Hindenburg must try to rescue from Cambrai. Field Marshal Haig's ambitious project, as it is now developing, is to cut off Cambrai from Valenciennes and to compel the Germans to move their supplies over the more difficult country to Maubenge, further south from Valenciennes along the Belgian border. Von Hindenburg will certainly lose a large part of his stores if he is compelled to accept this dictation from Field Marshal Haig.

A retirement upon Cambrai from the southwest, the opposite direction from Field Marshal Haig's present advance, has been ordered today by Von Hindenburg. His purpose is apparently to try to move his troops into a position where they will not have to relinquish the Cambrai-Valenciennes railway. But to do this he must move quickly and if he speeds his retirement too rapidly, his retreat will be in danger of becoming a rout.

**ROOSEVELT ROASTS SLACKERS ENGAGED IN SHIPYARD WORK**

Says Any Man Who Delays War Work Is Worst Kind Of Traitor.

Newburgh, N. Y., Sept. 3.—Declaring he has heard that shipyard slackers are present in some sections of the country; that union workers in some instances are setting a limit to the number of rivets that shall be driven into a ship's plates in a day, Colonel Theodore Roosevelt yesterday told shipyard workers that every such man is a traitor to his country. "If I had my way," he said, "I would take any such man, or any man, who aided or abetted such a man, put him in the army at once and send him across the water to do the hardest work in the most dangerous position and I would not give him a rifle until he had learned the spirit of patriotism."

Colonel Roosevelt also took another shot at war "profiteering." "The army we have in France," he said, "has been put there only because the British furnished us 60 per cent of the tonnage needed to ferry them across. From now on, American shipbuilders must themselves bear this burden. Our men at the front cannot fight effectively unless they are given enormous quantities of food and munitions and unless they are reinforced literally by millions of men who are trained, or who will be trained here on this side of the ocean. Under such circumstances, it is the highest patriotic duty to make the output of ships the largest possible."

"Therefore, as a corollary to this any limitation of output whatever in our shipyards is criminal at this time. Pershing's men are not limiting their output. They don't limit the blood they shed or the efforts they expend, and shame and disgrace should be the lot of any man here at home who limits the output necessary to make the blood and labor of our soldiers at the front of avail."

"Of course when loyalty and devotion are prime necessities, the capitalists should take the lead in showing such loyalty and devotion. No profiteering whatever should be allowed out of war industries. Capital should not receive an excessive return and the government should supervise the government work, and especially all shipbuilding contracts, to make sure that there be no profiteering, to make sure that the necessary and advisable moderate return on invested capital be not exceeded, and to make sure that in asking labor to do its utmost, capital should be held to the same standard."

**THIN PEOPLE NEED BITRO-PHOSPHATE**

How it Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances

"Take plain bitro-phosphate" is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are usually due to starved nerves. Our bodies need

Miss Josephine Davis, reporting her own experience with BITRO-PHOSPHATE, says: "It is remarkable what it did for me. After a few days I began to regain my strength, felt full of life, was able to sleep soundly and all my little troubles seemed to disappear. I gained twelve pounds in four weeks."

more phosphorus than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphorus known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing. This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

**CAUTION**—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, owing to its remarkable flesh growing properties it should not be used by any one who does not desire to put on flesh.

As further proof that people are wearing out their old clothes there is the case of the handsome young thing who went tripping down the street yesterday in her 1914 "slit skirt."

**SERVICEABLE DENTISTRY**

Nineteen Painless Parker offices in the United States repair the teeth of over 100,000 people annually.

emy positions north of the Aisne. If their progress continues the German crown prince will be compelled to withdraw from the Vesle positions. General Mangin's left is advancing northward toward St. Gobain further imperiling the crown prince's rear in this region. All along the line from Tross to Blichin the French and Americans continue to play a tune to which Ludendorff must dance.

**He Won't Drop Dead Any More**

"My husband suffered terribly from stomach and liver trouble, which caused such bloating of gas as to seriously affect his heart. Doctors warned him that he might drop dead at any time from this trouble. A friend in Cleveland advised him to take Mayr's Wonderful Remedy, and since taking it, 4 months ago, he is feeling like a young man again. All his friends are surprised at his appearance." It is a simple, harmless preparation that removes the intestinal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry, Capital Drug Store and druggists everywhere.
