

Here's a Real War Saving

On washday, use Fels-Naptha Soap in the Fels-Naptha way.

Because it makes boiling water unnecessary, it saves the extra coal or gas you need for boiling water.

It is economical to buy Fels-Naptha when in fuel alone you save 15 to 25c on washday.

THE SENTIMENT UNANIMOUS.

A gentleman coming up Ferry street a few mornings ago had his attention attracted to a couple of Chinese kiddies, a boy and a girl, each about four years old. They were on their knees at the edge of the sidewalk and the boy was armed with an old hammer and the girl with a small rock were as busy as government contractors pounding at something they had placed on the walk. His curiosity still further excited the gentleman slipped quietly up to them and found the youngsters had cut the round pictures of the kaiser from the advertisement of the movie "To Hell With the Kaiser," at that time being shown at the Bligh. They had two dozen or more of these and each would lay one on the walk, face up, and go at it with hammer

and rock until the face was beaten out of all shape. Then they would throw it aside, and get another which they put through the same treatment. They were dead in earnest about it and showed the sentiment they felt against the big boss by the way they did him up. They stuck to it too until the last picture of Wilhelm was obliterated and then left the job apparently with the consciousness of work well dem.

Hops in the vicinity of Sheridan are showing up well. Those in the Fink yard are especially good and the quality and quantity will be excellent. With the present condition of the weather hop lice will not bother. Picking will begin soon.

Fiery Eczema and Skin Eruptions Readily Yield to This Old Remedy

Successfully used for 50 years. Eczema and similar skin troubles come from a disordered, impure condition of the blood, and they can only be cured by giving the blood a thorough cleansing, and removing from it all traces of impurity. This is why S. S. S. has been used so successfully in hundreds of cases of Eczema and other skin eruptions. This wonderful remedy is without

an equal as a blood purifier, being probably the oldest blood medicine on the market. It has been sold by druggists for fifty years. Get a bottle today and begin treatment that will get results. You are invited to write to-day for complete and full advice as to the treatment of your own case. Address: Chief Medical Adviser, Swift Specific Co., Dept. H, Atlanta, Georgia.

A MEETING of the members of the National Service League for Women, was held Saturday afternoon at the Commercial club rooms. Mrs. Isaac Lee Patterson acted as chairman of the meeting.

The meeting was called to discuss ways and means to obtain material for the making of refugee garments for the children of the devastated districts of Belgium, France and Russia. During the week solicitors will canvass the city, for old clothing and woolen materials, which will be converted into clothing for the orphans across the sea. People are requested not to give garments that have become tattered and are unfit for further service but articles that can be made over to a better advantage. Mrs. E. E. Lee Steiner was appointed chairman of the committee and a number of women will assist in the solicitation of the garments.

The National Service League will also furnish wards in the hospitals in the cantonment camps at Fort Vancouver, Canby, Columbia and Stevens with delicacies and sweet meats during the coming months. A ward containing not less than twenty beds will be supplied with fruits, jams and jellies, which are now being canned by the members of the league.

Over \$350 was realized Saturday afternoon from the Tag Day sale, which will be given over to the purchase of sugar for the canning and preserving of fruits. The sale was in charge of Mrs. Walter L. Spaulding, who was assisted by a number of young society women and high school students. A thorough canvass was made of the business houses and the down town residences.

Foremost among the picnic parties held on Sunday was a party made up of a number of the members of the younger set of the Astoria lodge. Early Sunday morning a number of motoring left Salem for Spang's landing where the day was spent in numerous modes of diversion. Some enjoyed swimming and bathing, while others took leisure strolls through the woods. At noon, lunches prepared in town were enjoyed. Wienerwursts were toasted over a roaring bon fire, which added to the pleasure of the feast. Late in the evening the party returned to Salem.

Mrs. Ralph W. Glover and little daughter, Maxine, accompanied Mr. and Mrs. A. B. Goodin motored to Portland the last of the week. They returned Saturday evening to Salem.

In discussing the salary proposition Alderman Frank Ward said that he thought it was about time that the council realized that it could not retain the services of firemen and policemen at the old salaries and cited as an instance the fact that Bert Smith, speed cop officer for the city has resigned to get a job that paid more than working for the county.

HOW TO BANISH WRINKLES QUICKLY

If your face is disfigured with wrinkles, no matter what the cause, you can quickly dispel every line, even the most obstinate, by using a simple, home made wash lotion. Merely dissolve an ounce of powdered saxolite in a half pint with hazel—inexpensive ingredients found in any drug store. Bathe the face in this, and—presto!—you scarcely believe your own eyes when you look into your mirror and behold the marvelous transformation!

The remarkable astringent action of the saxolite so tightens the skin, wrinkles are literally pressed out. Best of all, this result is not purely temporary, for the lotion also has a healthy tonic action, which tends to strengthen and tone up the weakened tissue, and added benefit may be expected with continued use. Use this once a day for awhile; it cannot injure the most delicate skin. The treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance.

Don't Try To Conceal Complexion Defects

Before applying powder—give your skin a protecting coat of **MARINELLO Motor Cream**

Shields skin against wind and weather. Prevents tan and sunburn. Keeps skin soft and velvety. Eliminates cause of most complexion defects. Absolutely essential to proper care of facial beauty. Try it.
