**Dallas Woman Gets Rich Oregon War Job**

On October first, Mrs. Winnie Braden, secretary of the Dallas Commercial club, secretary of the County Fair association, secretary of the Polk County Council of Defense, and assistant food administrator for the county, will enter a larger field and has tendered her resignation to the local organization, to become effective on that date.  
Mrs. Braden will go to Portland, where she has accepted a salary of \$300 per month, the position of director of the department of business economy in connection with the council of defense, working under the war industries board. There was some hesitancy on the part of Mrs. Braden in accepting this lucrative position, her present relations with the interests she so ably represented being most agreeable to herself and all concerned, but the opportunity not only offered a larger field for service at a time when service is needed but carried with it financial betterment, for which more than the average aims, and while the vacancies will be difficult to fill her friends throughout the country will be gratified to learn of her good fortune and of the good fortune of the organization with which she will be associated in war work.—Dallas Observer.

## Children's SHOES

**OUR GREAT BOAST**  
We are making a special effort to PROPERLY take care of the children's feet.

**OUR PLAYHOUSE LINE**  
for baby to misses are among the very nicest, best wear and most comfortable shoes known for children.

Then in lighter weights we have all kinds from the lowest price up. Also all colors and styles in soft soles for those dear little baby feet.

We are showing the largest line of Shoe Polishes, cleaners and dressings and laces in the city.

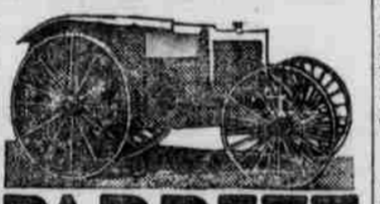

See the new army cleaning outfit for brown shoes and puttees, 50c.

### BRITISH DRIVE AGAINST

Continued from page one  
On the northern end of the active battle line, having taken Havrinecourt wood, the British are entering the old Cambrai battlefield, where General Byng made his smash for that city last November.  
German artillery fire, heavier than

at any time within recent weeks, is reported from the line west of Rheims. (This takes in the American front north of the Vesle.)  
The London Times learned that since July 18, when the counter offensive started, the allies have captured 150,000 prisoners. The Rotterdam correspondent of the Telegraph in dispatches today estimates that 70,000 Germans had deserted.

### THE JOY OF MOTHERHOOD

Came to this Woman after Taking Lydia E. Pinkham's Vegetable Compound to Restore Her Health

Ellensburg, Wash.—"After I was married I was not well for a long time and a good deal of the time was not able to go about. Our greatest desire was to have a child in our home and one day my husband came back from town with a bottle of Lydia E. Pinkham's Vegetable Compound and wanted me to try it. It brought relief from my troubles. I improved in health so I could do my housework; we now have a little one, all of which I owe to Lydia E. Pinkham's Vegetable Compound."—Mrs. O. S. JOHNSON, R. No. 3, Ellensburg, Wash.  
There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.  
Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years experience is at your service.

### Bring Down Enemy Planes

London, Sept. 9.—Eight enemy air planes and one captive balloon were destroyed by British airmen on September 7, the British aviation communique reports.  
"Clouds and rainstorms limited work in the air on September 7, but a great deal of aerial observation was carried out as well as reconnaissances and constant patrols," the communique said.  
"Eight hostile machines and one balloon were destroyed by our airmen. Three of our machines were missing. Thirteen tons of bombs were dropped by us during the 24 hours. Our night bombing machines all returned safely."

### Artillery is Active

London, Sept. 9.—Artillery fighting on the Arras-Cambrai road and at several other places on the front was reported today by Field Marshal Haig.  
"A hostile raiding party was successfully repulsed last night north of Arleux (between Cambrai and Douai)," the statement said.  
"With the exception of artillery activity in different localities, being mutual particularly in the neighborhood of the Arras-Cambrai road and in the La Bassée canal and Ypres sectors, there is nothing further to report."

### Little to Report

Washington, Sept. 9.—"Aside from patrol encounters and heavy artillery fighting south of the Aisne (Sunday) there is nothing to report," said General Pershing's communique today.  
Just you take this tip for one who was 18, 19 and 20 himself once upon a time: The young man now 18, 19 or 20 doesn't let any man of any age think himself a better man than he is, nor be it, either.

### State House Notes

State Highway Commission Nunn received a telegram Saturday from Pennybaker, secretary of the United States Highways council, stating that highway work in this state may continue if no difficulty is experienced in securing materials, but in the meantime to file applications with the highways council.  
This will mean that there will be no cessation in the road work now under way, all of which would have been stopped September 10th unless the special permit had been received. The United States Highways council recently passed an order that no more road work can be done without authority of that council. This order became effective on September 10th.

Walter B. Jones, of Eugene, will be an independent candidate for state senator from Lane county, as Saturday he filed his petition of nomination as an independent candidate with the secretary of state. He was a candidate for the republican nomination for state senator in the May primary election and was defeated by O. H. Foster. He was a member of the lower house at the last legislative session.
