GREAT DRAFT REGISTRY
WILL HAVE NO HITCH

All Machinery For Important
Event In Order Through-
out Nation.

Washington, Sept. 11.—America's second registry of men to down Kaiserism will come tomorrow.

From men to night 13,000,000 men between 18 and 45 years of age not hitherto registered will list themselves as available for military service.

All through the land today the registration machinery was in place. That there will be an enthusiastic compliance with the law was evident from reports to the provost marshal general's office. Evaders will be almost negligible in number and for their a relentless police system is ready.

General Crowder today sent the following telegram to draft executives in all states:

"Under the authority of act of congress approved August 31, 1918, the president directs that in calling and drafting for military service the persons who register September 12, 1918 shall have attained their 19th birthday and who shall not have attained their 37th, shall be called for classification and draft for military service until further ordered."

Following registration the questionnaires will be mailed only to the registrants included in the above named ages.

PETROGRAD BURNING.

Washington, Sept. 11.—Petrograd is burning in twelve different places and there are indiscriminate massacres of people in the streets, according to reliable information received by the American Christiana league reaching the state department today. No details are added.

CANTONMENT AT THE STATE FAIR GROUNDS

Efforts To Be Made To Bring
Soldiers To Salem By Or-
der War Deptmt.

An army cantonment will be established at the state fair grounds if the recommendations of Governor Withycombe and A. H. Lea, secretary of the state fair board and that of the representatives in Congress from Oregon will have any influence with the war department.

This morning representatives of the Salem Commercial club called on the governor and asked his co-operation in offering the state fair grounds to the government as a suitable place for the training of soldiers. F. W. Steunlopp, resident of the Commercial club, Frank J. Chapman, manager, E. T. Barnes, one of the directors, and Postmaster August Hucklestein were in conference with the governor.

The idea of turning over the state fair grounds for the training of soldiers was heartily approved by the

governor who promised to do what he could in suggesting to the war department the special facilities offered as a camp. This includes the new coliseum or stadium, constructed of brick. The building is 300 feet long and 200 feet wide and is said to be one of the largest buildings of the kind in the United States and one especially adapted to camp purposes.

Chas. F. Boebe, adjutant general, is in the city today and was present at the conference this morning. He will be taken to the grounds today by the governor and a general survey made in order that the war department may be fully informed as to the special facilities offered for caring for troops.

Oregon senators and representatives will be at once communicated with and an effort made to enlist their support in presenting to the war department the special accommodations that the state fair buildings and grounds can offer for the housing and training of troops.

Mohair Released By New Order Industries Board

The price of the fall domestic clip of mohair will not be fixed, at least until further notice, is the word received by William Brown & Co. from Louis Penwell, chief of the wool division,

PRICES ESTABLISHED BY LOCAL FAIR PRICE BOARD

Hereafter once a week members of the Fair Price board will meet and decide just what the retailer should pay for various articles of food and what would be a fair retail price. This is done under directions of the national food administration. No store is obliged to buy or sell at the prices named. All that the board does is to name what it considers a fair price in order to give the purchaser an idea of the prevailing wholesale and retail figures of the week. The board met Tuesday afternoon and approved the following prices:

Wholesale	Retail	Wholesale	Retail
Wheat flour, per 4½ bbl bag (49 lbs.)	\$2.85	High Price	Low Price
Wheat flour (bulk) (per lb.)	11.75	12.45	3.50

Big Game Rifles and Cartridges for Shooting Right

KEEP the right spirit burning—the good American pioneer spirit—and get some wholesome recreation and some game for your table, with a Remington UMC big game rifle and cartridges. With a Remington UMC Autoloading or Slide Action Repeater in your hands, loaded with Remington UMC Cartridges, when your well earned chance comes to bag that big buck you will be prepared to shoot right.

No bolt or lever to fumble with and no bulky pump—your hands stay right in shooting position. Easy to shoot because fit, balance and sights are right. And has the speed, the accuracy and the punch to do its work quick and clean.

There is not a single behind-the-times model or out-of-date feature in the Remington UMC line of big game rifles. They are the leaders—leadership backed by the Grand Prize gold medal, highest possible of honors. For modern Firearms and Ammunition, awarded to Remington UMC at the San Francisco Exposition.

WOOLWORTH BUILDING NEW YORK CITY

war industries board.

At a meeting held Sept. 4 between the war industries board and all parties interested in mohair, it was shown that if the price was placed below 85 cents, it would be less than the cost of production and would work a great hardship on the industry.

It was shown that the cost of producing mohair was in excess of anything that the government could afford to pay, considering the uses to which it was put. It developed that just at present the needs of the government

are not such that it would feel justified in placing an arbitrary price below the cost of production.

Hence, until further notice, the fall domestic clip is released. It is hoped that advantage will not be taken of the situation and that profiteering on the part of speculators will not force the government to take further action.
