**How Long Must I Suffer From the Pangs of Rheumatism?**

Is there no real relief in sight? Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D, Atlanta, Ga.

Style, like art, should follow nature. Pointed toes on children's shoes are false style—because they do not follow nature, but actually damage the child's feet.

Moselle. We have assured the retreat of divisions standing at St. Mihiel.

"Between Cote Lorraine and the Moselle an enemy attack at Thiaucourt gained ground. Our reserves intercepted the thrust of the enemy."

"Between the roads leading from Arras and Peronne to Cambrai the enemy continued his attacks yesterday under the strongest artillery protection. They failed with heavy losses. Wherever the English infantry penetrated it was driven out. In the evening a fresh attack between Mocuvres and Gonzeaucourt was repulsed."

**SOCIETY**

By OLEVIA KERSEY

THE Salvation Army drive will be commenced in Salem on Tuesday of next week. Mrs. John A. Carson, who is one of Salem's most efficient organizers, is in charge of the drive. Various committees have been appointed, and Salem will be generally solicited in both the residential and down town districts.

The Salvation Army drive is one of the most noteworthy causes of the day. Because these maidens and lassies have endangered their own lives, that soldiers and refugees in France and the devastated regions of war stricken Europe may be saved and given a few comforts, while on duty. They have established billets near the front line trenches and warm and nourishing food is served the soldiers, even before their mess trains arrive. The Salvation Army lassies are among the most fearless and notable organizations across the seas," is the general statement of the men in olive drab and in a letter to his mother Allan Carson, a former Salem man, compliments the work of the Salvation Army.

A number of girls, with ukuleles, under the leadership of Dan J. Langenberg, will make up a chorus and will sing on the streets of Salem on Tuesday.

**Stork and Cupid Cunning Plotters**

Many a New Home will Have a Little Sunbeam to Brighten it.

Cupid and the stork are held up to veneration; they are rated as cunning plotters to herald the coming of the little sunbeam to gladden the hearts and brighten the faces of a host of happy families.

There is a most remarkable preparation, known as Mother's Friend, which has been used by women for over half a century before the arrival of the stork. This is a restraining external for the use of the loins and breast. By daily use throughout the waiting months, strain and tension is relieved. The muscles are made elastic and pliable so that when baby comes they expand with ease and the pain and danger of the crisis is naturally less.

Then, too, the nerves are not torn and drawn with that usual wrenching strain, and many distresses, such as nervousness, nausea, bearing down, and striching pains are among the discomforts and debilitating experiences women who have used Mother's Friend say they have entirely escaped by the application of this time-honored remedy.

Thousands of women have used Mother's Friend and know from experience that it is one of the greatest contributions to health, happy motherhood.

Write to the Bradford Regulator Co., Lunar Bldg., Astoria, Ore. for their "Mother's Friend." There is a wealth of instruction and comfort to be derived from reading this little book. It is plainly written just what every woman wants to know. Get a bottle of Mother's Friend from the drug-gets today, and thus fortify yourself against pain and discomfort.

or not it pleases our western neighbors. As for the remainder of territorial possessions existing before the war, they can everywhere be restored."

The vice chancellor declared Germany ready to join with a league of nations.

"We desire a disarmament on the condition of complete reciprocity," he said, "applied not only to land armies, but to naval forces also."

"The nations of the earth cry out against war for a league of nations with international courts for arbitration. We are ready to collaborate to the best of our ability."

"The central powers' primary condition for peace is that all territory we held on August 1, 1914 should be restored."

**Throne No Longer Firm.**

Amsterdam, Sept. 13.—Does the kaiser feel his throne is no longer firm? The newspaper Nieuw Vandaag asked today, commenting on Wilhelm's speech to the Krupp workers.

"The almost pleading tone of this speech is a significant sign of the position of Germany in these critical hours. It is far from being a happy utterance for the promotion of peace."

**Want Chamber Dissolved.**

Zurich, Sept. 13.—Immediate dissolution of the Prussian chamber has been demanded in a resolution adopted by socialists, according to dispatches received here today from Breslau.

**Position Most Serious.**

Rotterdam, Sept. 13.—Our position is the most serious in German history," copies of the Cologne Zeitung, received here today declare. "We fight the world with only our own strength. Suggestions that we evacuate Belgium avail us nothing."

**Story Of A Well Known Marion County Boy**

The following letter from La Neil B. Davis, Co. A. 4th Engineers, written from France, tells the story:

"Mr. and Mrs. Enos Presnell, Marion, Oregon.

Dear Grandparents:

I was wounded, and am now at a base hospital at Nantes; my address is now "Base Hospital 34, A. P. O. 767, Am. Ex. F." I hope you are both feeling good. I am getting along fine. I

received a wound in my left leg, and was also hit near the eye. My eyes will be all right before long, the doctor says, but the right one is now a little dimmed, so I am having a Red Cross worker drop this note to you for me.

I shall write you myself, later.

Your loving grand-son,

LA NOIEL"

**HOW A YOUNG GIRL SUFFERED**

And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. F. FRORE, 516 Marcy Ave., Brooklyn, N. Y.
