Instructions To Young State Fair Exhibitors

In order that the children in the rural districts may know fully regarding their exhibits at the state fair, the following letter has been mailed

SOCIETY WOMEN USE NEW WRINKLE REMOVER

Since the discovery that a solution of ordinary axolite and witch hazel has a peculiar effect upon wrinkled skin, it has been learned that many prominent society women all over the country have used this simple home treatment with great success. The formula is: powdered axolite, one ounce, dissolved in witch hazel, one half pint. Use daily as a wash lotion.

The beneficial action of this wash is felt at once. There's an agreeable refreshing sensation and feeling of exhilaration. Flabbiness and all wrinkles are immediately affected, and the skin soon becomes firmer and more youthful looking. No one need hesitate to get the ingredients at the drug store and make the remedy herself, for there are no harmful effects whatever.

from the office of the county superintendent of schools. Information is also given regarding other matters of interest to the young exhibitor.

"You will find enclosed a state fair premium list and entry blank. As soon as you know that you can make an exhibit at the state fair fill out the entry blank at once and send it to Mr. A. H. Lea, Salem, Oregon. It should reach him not later than Saturday, September 21.

"Please read the following questions and answers carefully:

- "1. When should the baking be done? The baking should be at the fair ground on Monday, September 23. It should be brought in or mailed by parcel post to W. M. Smith, Salem, Oregon, September 21.
- "2. How shall I mark my exhibit? Fill out the enclosed tag and attach it to the coop, crate, or package.
- "3. When should my exhibit be at the fair ground? With the exception of baking it should be there on Saturday, Sept. 21, and must be there not later than Sunday evening, Sept. 22. Some one will be at the Marion county school south in the old pavilion all day Saturday and Sunday to receive the exhibits.
- "4. If I bring my exhibit what shall I do when I get at the fair ground? You should ask for the Marion County School exhibit.
- "5. If I ship my exhibit by freight

Pro-German Senator Living In Obscurity

Pomona, Cal., Sept. 12.—Senator Robert M. LaFollette of Wisconsin, with members of his family, including his invalid son, has been living quietly in Pomona since last February, it became known here today. It is understood he has rented quarters at San Diego, where he will go soon in the interests of his son's health.

Experience the Best Teacher

It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own? The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those diseases. Try it. It is prompt and effectual and pleasant to take.

SHEEP RAISING IS ENCOURAGED BY CANADIAN GOVERNMENT AND RAILWAYS

Mary's Little Lamb, together with the whole Sheep Tribe, is being given the best of care these "Wool Wanted" days. When it is realized that lamb and mutton are fetching never-before-known prices; that sides command a figure that boosts the price of shoes 75% and more; and that the annual wool clip brings big money into the sheep raiser's pockets, it is easy to understand the farmer's efforts to increase the size and quality of his flocks.

Nowhere has the impetus given to this branch of farming been more marked than in Canada. The Canadian Government in its far-sightedness has, through its experimental farms, sent blooded stock into all communities suited to sheep raising. The Shropshire, Leicester and Oxford rams introduced into Nova Scotia flocks have worked wonders. From a few scattered flocks, the industry has grown into one of considerable importance. Nova Scotia wool is of a particularly fine texture and is in great demand by New England manufacturers of the woolen underwear. In 1917 they bid 72 cents for the unwashed, and 95 cents for the washed product. As the local demand for fine wool was not sufficient to meet these prices, most of Nova Scotia's wool was exported to New England.

The Dominion Atlantic Railway Company is helping the farmers of Nova Scotia in this direction. It promotes prize-winning contests and wages a continual campaign for the education and encouragement of farmers in sheep husbandry. In western Canada the Canadian Pacific Railway is doing a like work, but on
