SANEM'S QUOTA FOR NEXT LIBERTY LOAN MORE THAN MILLION

Thursday Will Be First Day of Drive—General Steiner In Command.

The quota for Salem for the fourth liberty loan is placed at \$1,057,896, according to information received at the Commercial club last evening.

With General R. E. Lee Steiner in active command and already giving all his time to the preliminary arrangements, things are moving rapidly along for the big drive to begin Thursday morning of this week.

Charles V. Galloway, chairman of the speakers committee announces that two of the liveliest speakers in Portland have been secured for the meeting to be held at the opera house Wednesday evening when every one of the 400 workers is to be present and take his final instructions.

Saturday evening the woman's parade will be held in the downtown district, led by the Cherrina band. The parade will form on the north side of the court house, with a march to Commercial street, thence on Commercial to State and on State to Willson park where there will be patriotic exercises and special speakers.

The big yellow automobile from Portland, which has been seen in every patriotic affair in that city will come to Salem for three days, beginning Thursday, the first day of the drive.

At the state fair, arrangements have been made for a fourth liberty loan booth with the Woman's club in charge. Dr. R. E. Lee Steiner, general in charge of the campaign, has issued the following call to his captains:

"Recognizing that the success of the 3rd liberty loan was due to the excellent selling organization and the personnel thereof, the government has urged that no change be made in the same in the 4th loan drive. Therefore, all of the members of the 3rd liberty loan sales organization, from the state chairman down to your humble servant, have agreed to serve in the same capacity as last year.

"Now, sir, I felt, as no doubt did those above me, and as you may feel, that I could not possibly spare the time to be more than a worker on this drive. However, I recognized that the national undertaking of this 4th liberty loan was more important than any state or personal matter, and agreed to serve in the same capacity as last year. You, therefore, have been selected as captain of practically the same team and district as you had last time."

Court House Notes

In the case of Carey F. Martin against Frank G. Goebel and John W. Goebel, the firm of McNary, McNary & Keyes has filed for the defendant Frank Goebel, notice asking the court for an order that no process be procured against Frank Goebel while in the military service.

Mabel Pelland was given a divorce from Fred Pelland by the circuit court yesterday. They were married Oct. 4, 1914. The divorce was granted on the grounds of desertion.

The county court issued an order confirming the sale of personal and private property in the matter of the estate of David E. Johnson, deceased. F. O. Johnson is administrator.

In the matter of the estate of William P. Massey, deceased, the county court named Oct. 18 as the date for the final hearing of the administratrix, Olive P. Massey.

George W. Gibbens was appointed administrator of the estate of Archie Ray Gibbens, aged 24, who died at Camp Fremont, Cal. The appraisers of the estate are J. M. W. Honney, John Din woodie and Joe Nibler.

W. J. Culver as executor of the last will and testament of Samuel Sebastian Gimble has asked for a final account. He reports that according to the will, \$150 will be expended in a suitable monument and that the remainder of cash in his hands will be paid as provided by the will. This includes a payment of \$20.48 to the First Methodist church of Salem, the same amount to St. Joseph's Catholic church and to Amy Morris \$31.23.

A suit for divorce has been filed by James S. Henderson against Myrtle Henderson. They were married in Iowa Aug. 30, 1903. She left him in Salem in January of 1916. No property rights are involved.

On petition of Roy O. Shields, administrator of the estate of Mary L. Hansen, the court ordered that he be permitted to distribute \$1000 between the two heirs, John R. Hensel and Esther Snyder.

Gertrude Pfeiffer was declared a delinquent child by the county court and ordered taken to the Girls' Industrial school. She is 12 years old. The father said he could not control her. The child's mother died when she was one year old.

BILL TO INCREASE SALARIES OF POLICE BEFORE THE COUNCIL

All Lights In Clusters Ordered Turned On.—Has Busy Session.

On account of the rapidly increasing traffic in the streets of Salem and the approaching state fair, at the session of the common council last evening, Frank Ward sent in a written request that markers or stands be placed at the intersection of the principal street corners in order that all cars may safely make the turn without the chance of cutting corners. As Mr. Ward was not present, the request will come up again at the next meeting of the council.

The city recorder was ordered to require the Portland Railway Light and Power company to turn on all the lights in the clusters of the downtown district. Some time ago, from a standpoint of economy, the city council had ordered all lights turned off from the clusters excepting one. Hereafter, they will all be on.

Williamette University, upon written request to the council was granted the use of the cement mixer. The University has some work in the cement line to be done.

The county was given permission to leave the city paving plant at its present location near the fair grounds, provided that the city does not want it elsewhere. When the plant was leased to the county last summer, it was agreed that it should return the plant to its old location on 12th street. As there is about five miles to pave on the Portland road next spring, the county would rather leave the plant near the fair grounds than spend \$500 to place it on 12th street.

An ordinance was introduced providing for an increase of salaries for the members of the police, fire and street departments and same was referred to the committee on streets. The ordinance provides that the chief of the fire department shall receive \$110 a month, and the captain to receive \$95 a month. Call men are to be paid \$10 a month and regular members of the fire department to receive \$80 a month for the first six months, \$85 a month for the following six months and then on a regular salary of \$90 a month. Policemen are to be paid the same amount beginning with \$80 and after three years' service, \$90 a month. The ordinance also provides that the common council may increase or diminish the number of policemen at its pleasure, but in case of the dismissal of any policeman, the reason for said dismissal shall be stated in the order.

Bean Market Opens With Prices Lower

The bean market is in a very unsettled condition, according to C. E. Lebold, who represents the S. C. Dalton Co., of Portland, bean dealers. He says the situation is about like this: There is left over from last season and now in the hands of the dealers in the country, 2,000 cars. The crop this year is about 20 per cent larger than last year, and in addition large quantities of Manchurian beans have been left over from last year's crop. With these conditions, the bean market has weakened and the opening price announced is seven cents a pound for choice, re-cleaned beans, with out over two per cent, cracked of foreign matter. From other dealers interested in the bean situation it is learned that seven cents is about the opening market price. Last year, when the opening price was 11 cents, farmers were rather backward about selling even at that figure and it is thought they will be in no rush to dispose of their crop at this opening price of seven cents.
