STRIKE MAY END SOON.

Washington, Sept. 18.—James Neal of the fuel administration said today that 25,000 men, still out on strike in the anthracite fields, probably would be back at work by Thursday or Friday. The men particularly affected are those of West Mount Carmel. He said today on Monday, the number of miners idle were estimated at 30,000.

It is extremely disconcerting to rise respectfully to greet a prosperous looking grandfatherly kind of a gentleman, ask him what his wishes may be, and then have him hand you a telegram and say "Sign here."

One reason the Americans are such good fighters, said the streetcar conductor, is because every American has an extra good opinion of himself as a fighter. Every once in a while the streetcar conductor says something.

OFTEN REQUIRE GLASSES WITHOUT KNOWING IT.

Have the children's eyes examined before they start to school. Bring them here for a careful examination and learn for a certainty whether their eyes are in need of glasses. Much suffering and harmful effects are avoided by BEING SURE on this point.

School Days About Here!

Have you had your child's eyes examined? Is that child's eyesight in proper condition to begin the school year? Children suffering with eye strain cannot make a showing with school work and are often thought to be dull.

Why not make sure and have that child's eyes examined and if necessary have the proper corrections made. I make a specialty of correcting defective vision in children's eyes and have examined over 1500 pairs of children's eyes in Marion and Polk counties. If glasses are not needed I will not recommend them. I use no drugs or drops in making examinations, as they are dangerous. I guarantee satisfaction.

Collect your old clothing and have them convenient to hand out next Friday and Saturday is the word sent out from the Red Cross The Belgian relief department will send automobiles to all parts of the city for the two days in order that those who have old clothing or shoes or any kind of wearing materials for babies, children, men and women, may give them to this worthy cause. Salem is expected to give 3000 pounds. The suggestion is made that the clothing be tied in bundles and placed on the front porch in order to facilitate the collection. Those who find it convenient to deliver packages should leave them at 141 North Commercial street, in the store building used during the March drive for old clothing for the Belgians.

Although no definite date has been announced for the change in the time card of the Oregon Electric and Southern Pacific and the taking off of several trains, it is thought that the change will take place next Sunday, Sept. 22.

This legal advisory board of the local exemption board, Division No. 1, has called a meeting of all associate members for Thursday evening at 7:30 o'clock in department No. 1 at the court house for a general discussion of the latest rulings in regard to registrants. Questionnaires are now being mailed and as the board is for the purpose of giving information to registrants, it was decided to call a meeting in order that all members of the board might have a uniform understanding. John H. McNary is chairman of the board with Rollin K. Page and Roy Shields, as permanent members. The board includes about 70 lawyers from this part of the county.

LATEST WAR BULLETINS

London, Sept. 18.—British aviators have dropped thirteen tons of bombs on the Bruges docks, and an important airbase in the last two days, the admiralty announced this afternoon. "During the last 48 hours royal air force contingents, working with the navy, working with the navy, dropped 13 tons of bombs on Bruges docks and the Maria Alter airbase," the statement said. "Eleven machines and a kite balloon were destroyed and seven driven down out of control. Four of our machines are missing. "A formation of five enemy seaplanes, approaching the coast was met and engaged by two seaplanes and two airplanes. One enemy machine was destroyed and the remainder retired eastward."

London, Sept. 18.—(6:55 p. m.)—French forces, attacking to the right of the British assault in Picardy are fighting to break through the line from which the Germans started their offensive March 21, according to advices from the front this evening.

London, Sept. 18.—In their attack between St. Quentin and Cambrai, the British have captured Borthaucourt, Levergur, Villerey, Roussey, Hargincourt, the best factory near Villeres Guislain and have surrounded Ephey, according to dispatches from the front tonight.

Vienna, via London, Sept. 18.—"At Monte Pertica, the Italians continued their efforts to storm Tasson ridge, being driven back five times in hand to hand fighting," the Austrian war office reported today.

"At Monte Tomba and Monte Solar, other enemy attempts were frustrated."

Plans Approved For Enterprise District

Plans for the Enterprise Irrigation district in Klamath county has been approved by State Engineer Lewis, as required by law before an irrigation district project may be developed. He reserves the right to pass upon the designs for the principal structures, which have not yet been submitted to him.

It is proposed to water the 2000 acres included in the district by pumping from the main canal of the Klamath reclamation project, which was built by the United States reclamation service. The district will pay the reclamation service \$15 per acre for water rights and the use of its canal, while it will install its own pump and build ditches at an estimated cost of \$12.50 an acre, making a total cost of \$27.50 an acre.
