ted much farther north and are paralleling the Vardar from the Dorian region to its junction with the Cerna. West of Dorian the Allies are within reach of Bogdane, six miles west and north of the village of Dorian, while their left wing has passed Mogila, five miles north of Monastir.

Official reports of prisoners and guns to date are lacking, but it is unofficially stated that the Serbians alone have taken nearly 10,000 Bulgarians and 120 guns. British, French and Greek, together with Italian and Czechoslovak

## WHEN NEURALGIA ATTACKS NERVES

Sloan's Liniment scatters the congestion and relieves pain

A little, applied without rubbing, will penetrate immediately and rest and soothe the nerves.

Sloan's Liniment is very effective in allaying external pains, strains, bruises, aches, stiff joints, sore muscles, lumbago, neuritis, sciatica, rheumatic twinges.

Keep a big bottle always on hand for family use. Druggists everywhere.

**Sloan's** Liniment Kills Pain

## WASHING WON'T RID HEAD OF DANDEUFF

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

## FAMOUS SEAPORT

(Continued from page one)

ed by the combined British and Austrian fleets in 1846.

Pursuit Is Continued London, Sept. 24.—Allied cavalry is heading toward Stroumitza, the important Bulgarian city twenty miles north of Doiran and ten miles within the Bulgarian border, according to dispatches received from the Salonika front today.

The pursuit of the retreating Bulgarians on the whole front from Monastir to Doiran continues. British and Greek troops have reached the line of Pazarli, Parka and Smolvka, extending from the Vardar east to more than four miles north of Doiran. They are in touch with French and Greek forces on their left.

Bedin Official Report Berlin, via London, Sept. 24.—The trench sector recently lost to the British, south of Villers-Guislain and east of Epehy has been retaken in local counter attacks, the German war office announced today, together with some prisoners. Counter thrusts by the British were repulsed.

Partial British attacks were repulsed north of Moenvres.

In Flanders several prisoners were taken in successful enterprises north-west of Dixmude and northeast of Ypres.

Artillery fighting occurred between the Omignon brook and the Somme river. In the Champagne there was lively reconnoitering activity.

troops are participating in the offensive.

The latest official announcement that General Allenby's armies have taken more than 25,000 Turk prisoners in Palestine leads to the belief that thousands more will be added to this haul. It is supposed that between 40,000 and 50,000 Turks were trapped between the Jordan and the Mediterranean, when British and Indian cavalry headed off the retreat northward by seizing the line through Nazareth to the Sea of Galilee.

Semi-official reports have been received here that Japanese troops have occupied Blagovychensk, on the Amur river, 500 miles northwest of Vladivostok. Two thousand Austro-Germans were captured in this region.

French troops south of St. Quentin have reached the west bank of the Oise on the three mile front between Vendeville and Travecy. Farther northward the British are still battering away at the Hindenburg line between Cambrai and St. Quentin.

## SOCIETY

By OLEVIA KERSEY

THE Women's League of the University of Oregon as a member of the State Federation of Women's clubs at the session of the federation last Thursday morning, asked for the support of the members of the federation in securing for the League a new woman's building on the University of Oregon campus.

"The new demands that the war has brought upon us the women of the state university, makes the woman's building more necessary than ever," stated the appeal. "Nurses aid work, Red Cross work, courses relative to the home are without proper buildings."

"A substantial and beautiful building can be erected for \$200,000. Of this sum \$19,000 has been raised and all pledges paid in invested Liberty bonds."

"The Woman's League is one of the largest of the federation of clubs; it is the one organization on the campus of the state university that is carrying on large construction war work (at present the league is pledged to raise funds to build and equip a nurses hut in France.) For the housing of this league the support of the federation is asked."

"All who give \$500 or more will have the privilege of naming one of the memorial tablets on the building, either for himself or for someone dear to the giver. Small gifts will be tabulated in panels of artistic lettering. It will be the pride and interest of the students of all times to read there the names of their relatives and friends who have made the building possible."

"During the few months a series of teas have been given in the thirty largest cities in Oregon for the benefit of the woman's building, and about \$190 were the total receipts of the teas."

Mrs. M. A. Culvert and daughter, Miss Jennie Culvert, arrived in Salem this week, after having spent the past five months at their summer home in Newport. They will take up their residence in Salem this winter.

Mr. and Mrs. Henry Freerksen arrived in Salem from Shedd, Oregon, to spend the week at the home of Mr. and Mrs. Charles Elgin of 647 South Capitol street.

Senator and Mrs. Robert Booth of Eugene will arrive in Salem Wednesday to be guests of friends during the fair week.

Dr. and Mrs. F. E. Smith of Portland are to be house guests of friends this week. They will arrive in Salem Wednesday.

Mr. and Mrs. J. Lee Penton and Mrs. Fred Toner were over Monday visitors in Salem, having motored from Dallas.

Miss Abbe Walker of Dallas spent Monday in Salem visiting with friends.

Miss Vola Selig and Miss Edith Gardner of Falls City spent Monday evening in Salem attending the state fair.

Mrs. O. S. Goff of Boise, Idaho, was in Salem the last of the week. She had been a house guest of Mr. and Mrs. Ward Butler of Independence, during the past week. Mrs. Goff has been traveling during the past number of months in the principal eastern cities. She also spent a portion of her time in Cuba, where she visited with friends. She departed for her home in Boise Saturday.

## THIN PEOPLE NEED BITRO-PHOSPHATE

How it Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances

"Take plain bitro-phosphate" is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need

Miss Josephine Davis, reporting her own experience with BITRO-PHOSPHATE, says: "It is remarkable what it did for me. After a few days I began to regain my strength, felt full of life, was able to sleep soundly and all my little troubles seemed to disappear. I gained twelve pounds in four weeks."

more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health.

CAUTION—Although Bitro-Phosphate is unsurpassed for relieving nervousness, sleeplessness, and general weakness, owing to its remarkable flesh growing properties it should not be used by any one who does not desire to put on flesh.

The Outdoor Girl Protects the skin and complexion from all weather conditions. Soothing and healing after exposure. Relieves sunburn, tan and rough or chapped skins. Try it to-day.

## ITALY MIGHT

(Continued from page one)

coal as she sent there last year.

"It is of the greatest importance that the people of Italy, who have endured with wonderful fortitude, far more and far worse things than we in America have ever imagined, should not be compelled to go through another such trial. With the proper effort in this country, with only a little of this spirit of sacrifice of which the people in the other allied countries have shown so much, we ought to be able to spare for Italy enough coal to enable her to get through the winter."

"At best the shell supply in Italy has never been what it ought to be. We can meet this emergency and we ought to do it. We ought to begin to do it at once and not stop until we are assured that Italy has adequate coal, steel and oil."

"It would be infinitely better, for instance, for us to do as they do in England, that is to say, warm only one room instead of the entire house; cut out the pleasure riding; cut out every new electrical sign; cut out the hot water, rather than allow an ally so gallant and so important to be weakened to a point vital to our success."

## "Walnut Acres" Residence Destroyed By Fire

(Capital Journal Special Service) Monmouth, Sept. 24.—The residence on the Preland place, now known as "Walnut Acres," two miles south of Monmouth, caught fire Tuesday morning and was burned to the ground. Mr. and Mrs. Taylor Hill, who own the place, were in the orchard, some distance from the house when they noticed the flames. Hurrying as fast as they could they finally reached the house and immediately telephoned for help. Neighbors and townspeople came and assisted in saving the furniture and valuables, but the fire was beyond control and no water available, owing to the water system being out of or-

## Portland To Vote On \$250,000 Tax Levy

Certificate for an increase of \$250,000 in the tax levy for 1919 for the Port of Portland was received today by Secretary of State Olcott for filing and placing on the ballot for submission to the voters of the port district at the November election, but as the law provides that such districts shall file bills for tax increases with the county clerk the certificate is being returned by the secretary of state.

The increase in taxes, the certificate says, is needed to pay judgments against the port district, construct a new hull for the dredge "Columbia," secure extra dredging equipment, and provide adequate docks for stering and facilities for moving coal.

## Try Making Your Own Cough Remedy

You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and helps the sore, irritated membranes soothe gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## GERMAN ATTEMPT

(Continued from page one)

north of Moenvres by a successful minor operation last night.

"We regained a portion of the old British line southeast of Voormezele (in Flanders). Hostile raiding parties were driven off last night in fighting west of Belleghise and east of Neuve Chapelle."

Fighting resulting to our advantage occurred in the sector east of Verdun where some progress was reported.

"A local attack by the enemy yesterday north of Little Priel farm was successfully repulsed, leaving prisoners in our hands."

## Only Artillery Fighting

Paris, Sept. 24.—Artillery fighting in St. Quentin sector and between the Ailette and Aisne was reported by the French war office today.

In the region of St. Quentin and between the Ailette and the Aisne, the night was marked by artillery fighting," the communique said.

"In the region of Perthes and near Butte Du Meunil our two surprise attacks resulted in forty prisoners."

"Front lines," clever little stories of trench life, amusing and pathetic, but always courageous and inspiring, by Boyd Cable.
