MEN NO LONGER HAVE CHOICE OF SERVICE UNLESS SPECIALISTS

Calls Will Be made From Draft In Sequence Of Order Numbers.

Enlistments for the army, navy or marine corps are a thing of the past according to orders received this morning by the local exemption board.

Hereafter, no man of draft age will have an opportunity of choosing his service, whether it be in the army or navy, unless he happens to be a specialist in a certain line.

The instructions read: "Calls for the navy and Marine Corps will in all respects resemble the ordinary calls for the army. Calls will be for men taken from the ordinary run of the draft in sequence of order number. Also special for men with special technical qualifications."

According to these instructions, it seems that when the call is made for the navy or marine corps, the exemption boards will take up the names of those next in order number and order them to report. If this rule is followed out to the letter, hereafter men will have no option as to whether they see land or naval service. Local exemption boards are instructed that no one shall be inducted into the navy who cannot read, write or speak the English language, no one who is not an American citizen and no one who is a conscientious objector.

If a man has just filed his declaration papers, the navy does not want him. There are also several restrictions as to diseased men, those who are partly color blind or who have not first class vision.

But the main feature of the new instructions is the fact that navy recruits will be inducted into the service by the local exemption boards exactly the same as for the army and also the fact that names are to be called in sequence number, giving the registrant no choice as to army or navy service.

\$300,000,000,000 CAN BE RAISED SAYS BANKERS CONVENTION

Says United States Ready For All War Emergencies And Those After It.

Chicago, Sept. 24.—Three hundred billion dollars can be raised by the United States if necessary, in the opinion of 3500 bankers gathered here today at the fourth annual convention of the American bankers association.

President C. A. Hirsch gave them the figures in an address opening the convention.

Bankers held that the United States has not only fully prepared to meet the present demand but is also prepared for the afterwar financial readjustment.

Dr. Clarence Outley, assistant secretary of agriculture, urged closer cooperation between bankers and farmers. The two working together would create sound bank reserves with an increased crop production, he said.

While Germany will not starve, he said, the matter of food production is one of the most important factors in the war.

NEWS FROM THE BIG STORE

38 Years the Leaders and Still On Top MEYERS GOOD GOODS

Saving can be practiced in more than one way.

When it comes to clothes for boys, the best way we know is always to buy XTRAGOOD

There's more value to the square inch in one of those suits than any other we've ever seen.

All Moderately Priced Blankets Quilts With the beginning of Fall your thoughts naturally turn to comforts. Keep warm at night. Avoid the ills of the chilly atmosphere. Big line here easily seen. All moderately priced.

Weigh well the importance of these tremendous moments and invest every dollar you can get on the side of Victory—BY BUYING LIBERTY BONDS.

THIS STORE CLOSSES WEDNESDAY SALEM DAY AT 11 A. M.

We can "sympathize" with the poor tired business man who was compelled to stay over in Pendleton through the end of the week on some big deal.

Spanish Influenza Exact Big Death Toll

Boston, Mass., Sept. 24.—With the death toll from the epidemic of Spanish influenza mounting steadily, the schools of Boston were closed at noon today until the disease is stamped out.

There were approximately 100 deaths in the 24 hour period ending today. Of these, seven were among men in the first naval district. Officials also reported 70 new cases among sailors this morning.

Chicago, Sept. 24.—The influenza epidemic at the Great Lakes naval training station is under control according to a statement today from Commandant Moffett's office.

During the last 24 hours 320 new cases developed as against 440 for the previous 24 hours, it was said. No figures were given as to the number of men in the hospitals or the total of deaths.

Stockholm, Sept. 24.—The epidemic of Spanish influenza is very serious in Sweden. Sixty-nine persons died Monday.

Bulgarian Armies In Most Serious Plight

London, Sept. 24.—Serbian troops have crossed the Vardar river on a front of fifteen miles, it was learned authoritatively tonight. The enemy's line of communication along the Vardar on this front is now definitely in the hands of the allies.

The Serbians are now within striking distance of the road running from Kopruliu to Istib, on which the bulk of the Bulgarian forces are retreating. It is believed this road will be cut soon.

Kopruliu is on the west bank of the Vardar, about 45 miles northwest of the nearest point of the line from which the allies started their drive and is only about 25 miles southeast of Uskub, Istib, or Stiplic, is about 15 miles east of Kopruliu.

Government's Delay Holds Up Business Of Prune Packing

Prune men are rather up against it until the government experts decide just the amount of damage that has been done to the California prune crop. It is reported raining again in California today and this is the time of year that rains are supposed to pass by and permit the drying of prunes out in the open. The Drager plants at Roseburg and Myrtle Creek are blocked with prunes and no more can be accepted. And the same is almost true of the Salem plant. Until the government officials decide just what part of the Oregon crop will be needed and just what sizes, packing plants will remain idle. The condition of the Drager packing plants applies to the Salem Fruit Union

State House Notes

Attorney General Brown has been advised that the attorneys for the Pacific Livestock Company have filed a motion in the circuit court for Harney county to set aside the order of the court dismissing the original suit brought by the state to recover approximately 26,000 acres of land on the grounds it was obtained through fraud. The old case was dismissed when the attorney general filed a new complaint. Attorney General Brown and Assistant Attorney General J. O. Bailey will leave Monday for Burns to argue the motion.

Word was received here today that a change has been made in the arrangements for the funeral of LeRoy Leedy, private secretary to Interstate Commerce Commissioner Aitchison and former reporter for the Oregon public service commission who died Saturday in Washington. Instead of the body being taken to Canyon City, in Grant county, it will be taken to Albany for burial. It is expected to reach Portland Thursday night.

Mrs. John A. Carson, chairman of the Salvation Army drive for Salem, reports that the collections last week in Salem amounted to \$1680.86. The quota assigned to the city of Salem for this drive was \$800.00. To the credit of the ladies of Salem, it may be said that the raising of the funds for the Salvation Army was taken over voluntarily by the Women's Clubs and that the business men and offices downtown were not solicited. The money was given almost entirely from the resident districts. Having more than doubled the quota asked for, Mrs. Carson feels like thanking the many faithful workers who gave their time and work in not only assisting in laying out the plans of the drive, but in the actual work of soliciting. The quota assigned to the county was \$2200. Reports have not as yet come in from the country districts, but with Salem going \$1680.86 it is felt that Marion county will easily run ahead of the quota assigned.

Salem Doubled Quota For Salvation Army

Mrs. John A. Carson, chairman of the Salvation Army drive for Salem, reports that the collections last week in Salem amounted to \$1680.86. The quota assigned to the city of Salem for this drive was \$800.00. To the credit of the ladies of Salem, it may be said that the raising of the funds for the Salvation Army was taken over voluntarily by the Women's Clubs and that the business men and offices downtown were not solicited. The money was given almost entirely from the resident districts. The quota assigned to the county was \$2200. Reports have not as yet come in from the country districts, but with Salem going \$1680.86 it is felt that Marion county will easily run ahead of the quota assigned.

Queen Mother Persuades Spain To Germanize

London, Sept. 24.—Through personal intervention of Maria Christina, the Queen Mother, it is understood that the Spanish cabinet accepted Germany's compromise proposal whereby the latter promised to give Spain seven interned ships and respect the Spanish flag when flown on vessels exclusively engaged in Spanish trade, according to the San Sebastian correspondent of the Times.
