Monmouth Boy Was Killed By Auto Truck

(Capital Journal Special Service) Monmouth, Sept. 24.--At Moreland 1 1/2 year old M. and M's Frank Moreland died early Saturday morning as the result of injuries received Friday when one of the county gravel trucks ran over his leg, tearing and maiming it terribly. Neal had gone to Independence to see the war trophy exhibit and was just starting for home when the truck, loaded with a ton of gravel came along, headed for Monmouth. He and the other boys with him, hoping to get a lift, hailed the driver who slowed down to let them get on; then started up again and when

Monmouth Canning Team Wins First Fair Prize

(Capital Journal Special Service) Monmouth, Sept. 24. Monmouth canning team won first place in the canning contest at the Polk county fair, Thursday morning. The team consists of Beth Ostrom, Fannie Steinberg and Una Winegar. They will go to Salem one day this week to take part in the demonstration at the state fair. Mrs. Mary A. Green left Friday for Ventura, California, where she goes to spend the winter with a sister. Mrs. Edith Parker returned Friday from Portland, where she had been spending the week with relatives. J. P. McClellan and son-in-law, Harry Judd, are working near The Dalles getting out black locust for making treenails which are used in ship building. Miss Barbara Steinberg, who has successfully passed the civil service examination for post office clerk, left for Portland Sunday, where she will be employed in the Portland post office. A ten pound baby boy arrived at the home of Mr. and Mrs. W. W. Newman Monday. The parents have six youngsters, all under eleven, so they think of naming the latest arrival "Enough."

Corn-dodger Last

Monday night the "Red, Red Heart" was shown on the screen at the Normal chapel and was much appreciated by the public who had been invited to attend this first entertainment free. Friday night the "Beat of Berlin" was given at the Normal, this being the first number on the lyceum course to be given this winter. Paul Green, private "medic" stationed at Toledo, spent the week end with his sister, Mrs. John Riddell. Ralph Winegar, small son of Mr. and Mrs. J. E. Winegar, recently fell off the porch and broke his collar bone. Miss Gaynelle Shore, who was 40 have begun her school at Crane, Ore., on the 9th, was detained on route by a serious affection of the throat. She is still under the doctor's care and was compelled to engage a substitute to teach until she is well enough to take the place. Mr. and Mrs. George Crow and Miss Daphne Ostrom spent the week end at Sunshine farm. Considerable excitement prevailed in the Monmouth grape drier last Friday when the woodwork of the kiln caught fire. Plenty of water and help was at hand and the flames were soon extinguished but not until quite a bit of damage was done. About 300 trays of grapes were destroyed. Mr. and Mrs. Ed Rodgers and Mr. Treat left Tuesday for Netarts beach in quest of clams, as has been their custom every fall for several years. They returned Sunday night with one hundred eight pints of clams and a choice fat ham taken from a bear which Mr. Rodgers killed while there. He and Dr. Sharp, a friend living on a ranch in the vicinity, went out one night in search of bear. They caught sight of two big fellows in an orchard where they had come to feast on apples. Dr. Sharp fired first and wounded one of the bears slightly. Mr. Rodgers then fired and killed the bear which was a big fellow and weighed about 500 pounds. The Rodgers made the trip in their car so they left the bear skin and most of the meat with Dr. Sharp. Huelobers are plentiful there and are ripe now. Mr. Rodgers says there are plenty of bear as well as deer in that part of the country and he expects to return again for a longer hunting trip some time soon. Friends of Sumner Ostrom will be interested to know that he has been promoted to the rank of engineer, dating from August 26. Sumner enlisted as a private almost as soon as the U. S. joined the allies. He was stationed at Clackamas, where he, with a squad, were guarding army supplies stored there. Soon after that he did guard duty in Portland in August, 1917, he was sent to Ft. Canby as electrical sergeant second class. Some time later he was promoted to electrical sergeant first class, and last month he received the promotion to engineer. The next step for which he will aim is master electrician, which is the highest in his line of work. Sumner receives money from the government \$103.50 in now besides his clothing, medical attention house rent, light, fuel, etc. Sumner has the responsibility of the large lights and all the electrical apparatus in the fort, besides teaching regular classes in gas engine and electricity. He and his wife are comfortably located there and he is very happy in his work for Uncle Sam, tho' of course wants to go "over there" and help the boys at the front. He has declined the offer of 2nd lieutenantcy several times, preferring to keep on in his line as a non-com.
