## Annual Methodist Conference Meets

Portland, Or., Sept. 26.—The annual conference of the Methodist clergy and laymen of the state opened yesterday at the First Methodist church, with observance of the anniversaries of the Women's Home Missionary society, the Deacons' board and the Board of Education. At the morning session a resolution presented by Dr. C. E. Kline was adopted, and under the signature of Rev. W. O. Shepard, presiding bishop of the conference, was telegraphed to President Wilson. The resolution, which sounded a deeply patriotic note, follows:

"To the president: The Oregon conference of the Methodist Episcopal church, just convened in Portland, where 40,000 men are building ships and the drive is on for the \$20,000,000 in Liberty bonds, sees nothing to be gained but much to be lost by the present time by the discussion of abstract principles of peace.

**Fighting Now Only Course**  
"It is our conviction that when the German imperial government will say without equivocation or qualification on behalf of itself and its satraps, 'We will get out of Belgium, we will get out of France, including Alsace and Lorraine, we will get out of Serbia, out of Roumania, out of Russia,

## THIN PEOPLE NEED BITRO-PHOSPHATE

How it Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances

"Take plain bitro-phosphate" is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curves of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Miss Josephine Davis, reporting her own experience with BITRO-PHOSPHATE, says: "It is remarkable what it did for me. After a few days I began to regain my strength, felt full of life, was able to sleep soundly and all my little troubles seemed to disappear. I gained twelve pounds in four weeks."

more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

## FRANCE AND AMERICA

(Continued from page one)

I have one brother who has been wounded. He is now in the hospital. The war is on our side since the brave Americans came to help us and I am very positive that we will have victory and that France will have restorer.

The American soldiers are admirable from all the nations. The American soldiers with the French soldiers have the most courage and the Huns know that, too. We are a long distance from the front and there is nothing dangerous. My husband and my children and myself send you the best regards for all your family. E. ARNOUAT, 64 Rue L'Alsace, Nevers."

out of Italy and out of Armenia, and make ample restitution for substance and property everywhere devastated," then discussion of terms of peace will be in order. Until then we firmly believe we should not bony phrases nor who inaugurated war for murder and loot, but fight after the manner of the last few weeks and keep on fighting as the only safe road to peace."

**Experience the Best Teacher**  
It is generally admitted that experience is the best teacher, but should we not make use of the experience of others as well as our own. The experience of a thousand persons is more to be depended upon than that of one individual. Many thousands of persons have used Chamberlain's Cough Remedy for coughs and colds with the best results, which shows it to be a thoroughly reliable preparation for those ailments. Try it. It is prompt and effective and pleasant to take.

Mr. E. R. Page, Marshall, Mich.  
Dear Sir: I want you to know what your treatment has done for me. I had suffered with piles for many years and used "suppositories" and all kinds of treatments but never got relief until I tried yours. Am now completely cured. 1445 N. 8th St., Philadelphia, Pa.  
Mr. E. R. Page, Marshall, Mich.  
Dear Sir: It gives me great pleasure to write and tell you I am troubled no more with Piles. I am 64 years of age and have suffered for over 25 years; have tried all kinds of Ointments, etc., without success. You are at liberty to use my name in reference to your Pile Cure and also my photograph, which I am sending you. With best regards, I remain, Yours very truly, JOHN W. SHUMAN.

## Only One Sure Way

Try a Package of Our Internal Treatment and Forget Salves, Ointments and Unpleasant Local Applications

The only way in the world that you will ever find final relief from piles, is to treat them internally. Don't let anyone persuade you to submit to an operation until you have at least given our method a trial. This is not a new idea nor something that has not been given a thorough test. This system of treatment has been used for nearly a quarter of a century. There is a big difference between being temporarily helped—having the pain leave for a few hours or days—and being entirely freed from piles. So please notice that those whose letters are quoted especially state that they have been cured.

## Cured 15 Years Ago

Never a Return

One of the most grateful letters ever received in our office is dated from Gate City Virginia, and is signed by Mr. T. H. Quillin. Mr. Quillin encloses his photograph (shown herewith) and writes that he used our method for treating piles 15 years ago. He states that he was cured at that time and has never had any return of his trouble. He orders a treatment for his son. E. R. PAGE.

## HERTLING'S SPEECH IS INSINCERE, AND BASED ON FALSEHOOD

## Port Of Germany's Plan To Make Best Bargain Possible.

By Carl D. Groat (United Press staff correspondent)

Washington, Sept. 26.—Germany's latest peace flyer—Hertling's speech—was dismissed by officials today as summarily as its most concrete predecessor, the Austrian note. They promptly branded it insincere and pointed to the whole course of German military and diplomatic policy for proof of their claim that this is only another German effort to squeeze out of the war with the best possible bargain before American forces put the finishing touches on the Teuton dream of world conquest.

Officials said to look at the Russian situation is sufficient to show that Germany's glib acceptance of President Wilson's peace principles is not from the heart. The president demanded evacuation of Russia and abandonment of Teuton control there. But Germany's every act, they suggested, has shown clearly the fit was aimed at making Germany master in Russia.

In answer to the query, "does this offer a basis for discussing peace, even if it were granted that Hertling's acceptance of the Wilson terms were genuine?" officials declared emphatically that it does not. They said that any peace conference would have to be preceded by an armistice which would include withdrawal of German forces from Russia, Belgium and France.

There is no suggestion that Germany is ready for such a step, even though that would necessarily be the natural forerunner of a real peace talk. Hertling's speech caused surprising little comment. The government is fully prepared for all sorts of maneuvers in the German peace offensive and it is gratified that there is virtually no pacifist sentiment in the country. This lessens the task of officials in combatting the sinister Teuton moves. It is deemed significant of American power that Germany now admits for the first time that she is on the defensive and "up against it."

## Germans Boast To Boost Their Courage

Amsterdam, Sept. 26.—"The American armies should not terrify us; we will also settle with them," declared

General Von Wrisberg, representing the war ministry in addressing the main committee of the reichstag. "The German retirements have been partially for the purpose of shortening the line, the better to cope with the enemy tanks. "Defense is more a question of nerve than material. The higher command is looking confidently to the fu-

ture. The enemy calculates, more than ever, upon our internal collapse. We must fight for our existence." Captain Brueninghaus, speaking for the admiralty, said the German U-boats are destroying more tonnage than is being built, and that there are more submarines than ever before.

**THE MONTH'S LOSSES**  
London, Sept. 26.—British shipping losses during August totalled 176,401 tons and allied shipping losses consisted of 151,275 tons, the admiralty officially announced.
