EXTENT OF SMASH

(Continued from page one)

None of the divisions originally listed in the first corps, except the 42nd, would account for the Pennsylvania, Missouri and Kansas troops mentioned by Pershing. The Rainbow division is probably farther east than the present offensive.

The object of this joint drive of the Americans and French is to make untenable the upper reaches of the Hindenburg line. The situation on this strong defensive position apparently had shown signs of too much equilibrium—too much of a tendency to revert to the see-saw of trench warfare to suit Poeb, military say. Hence, the American-French smash, followed by a British blow near the Senese today.

It is all a part of Poeb's plainly revealed policy of keeping the Hun on the jump and in suspense. The boche may have had some idea of the imminence of this Argonne stroke, but there were to it many elements of surprise. At points he offered a strong resist-

General Ludendorff Explains His Defeat

Paris, Sept. 27.—General Ludendorff in an order dated August 11, declares the defeat at the Avese suffered by the German armies, was due to lack of proper organization of a systematic defense both in the line and at the rear. The order which fell into the hands of the French through some captives, it is stated in battle front dispatches, received here today, says:

"It is absolutely inadmissible that tanks after penetrating the advanced lines, should be permitted to push along the roads or beside them for miles.

He declared that the principle that a body of troops, even when surrounded, must defend their own ground to the last man and last cartridge seems to have fallen into oblivion.

SOCIETY

By OLEVIA KESSEY

AN appeal has been made to the women of Salem to meet Saturday afternoon at one o'clock, at the Belgian relief headquarters to assist in arranging bundles of clothing, which are going to be sent to the headquarters in Portland.

Mrs. O. Kirkpatrick is in Salem spending the week at the home of her mother, Mrs. C. E. Brown, of North Twenty first street. Mr. Kirkpatrick, who has been in Salem during the past few weeks returned to his home in Walls Walls.

Kenneth Legg, after having spent the past four months in training at Camp Terry, Ohio, has returned to his home in Salem. He was one of 70 students sent from the Presidio in San Francisco to Camp Terry, representing the Willamette university.

Mr. and Mrs. L. W. Loughary of Monmouth, accompanied by their son, Frank, and daughter, Miss Elthe Loughary, have been in Salem during the past week attending the state fair. Miss Loughary left this morning for Dallas where she will spend a few days at the home of her uncle, Mr. and Mrs. U. S. Loughary. She will leave Saturday for Corvallis, where she will enter the Oregon Agricultural college, as a senior.

Mr. and Mrs. Howard Gibson, Mr. and Mrs. W. T. McBee, and sons, Manuel and Merle, from Fall Creek are in Salem this week attending the state fair, and while in Salem are the guests of relatives.

Mrs. Gus Molden of Portland is in Salem this week, visiting at the home of Mrs. Emily Moir, of North Liberty street. Mrs. Molden will be remembered by her Salem friends as Miss Mollie Bernard.

Mrs. Richard Kirk of McMinnville arrived in Salem this week, and is the house guest of Mr. and Mrs. Carey F. Martin at their home, 697 South Liberty street. She will remain in Salem during the fair.

SICK WOMAN NOW WELL

Took Lydia E. Pinkham's Vegetable Compound. Read Her Letter.

Pottsville, Pa.—"For a long time I was bothered with pains in my side, and was so weak from my trouble that I could not do any lifting or hard work of any kind. If I tried to straighten out when lying down it seemed as though something would tear loose. Lydia E. Pinkham's Vegetable Compound has restored my health and I am quite myself once more."

—Miss HAZEL CHUBBUCK, Pottsville, Penn.

Thousands of women drag along from day to day in just such a miserable condition as was Mrs. Chubbuck, or suffering from displacements, irregularities, inflammation, ulceration, backache, dizziness, headache, nervousness, or "the blues."

Such women should profit by Mrs. Chubbuck's experience and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and find relief from their sufferings as she did.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

CHILIAN GOVERNMENT SEIZES FOUR GERMAN INTERMED STEAMERS

This Step Taken As Preventative Measure—None Had Been Damaged.

Santiago, Chile, Sept. 27.—Chilian government forces today seized four and probably five intermed German merchant steamers. It was announced that this step was taken as "a preventative measure."

None of the vessels had been damaged by the crews.

The steamer Westfalen was seized at Valparaiso by marines from the cruiser Ministro Zenteno. At the same time naval forces at Antofagasta occupied the Memphis and Abra, while the Nitokris was taken over at Carolene. The naval forces are said to have been acting on secret orders, issued at yesterday's cabinet meeting.

Chile is neutral, but it is apparent that the government feared an attempt by the German crews to destroy or damage their vessels.

The Memphis has a tonnage of 7074, was built in 1913 and is registered in Hamburg. The Nitokris is of 6150 tons, built in 1906 and registered in Hamburg. The Westfalen, of 5122 tons, was built in 1906 and registered at Bremen. The Abra is not listed by Lloyds. The Ministro Zenteno is a protected cruiser of 3600 tons.

Flax Fiber Exhibit Is Warmly Praised

W. J. J. Cunningham, of Seattle, the well known flax expert, now at Turner for a few days, writes to the Capital Journal that the exhibit of flax fibre at the state fair is worthy of the highest praise.

If production was sufficient Mr. Cunningham contends that its use in aeroplane construction would save many American lives. He says:

"No matter what our fibre experts of U. S. A. agricultural bureau, J. D. Ryan, aircraft director, and all the rest of our wise men may say, it remains an incontrovertible fact that flax is king for airplane cloth."

German Still Claims Submarine Success

Amsterdam, Sept. 27.—Declaring the German submarine campaign has not failed, Captain Von Mantey, of the German admiralty, speaking at Dortmund, Westphalia, explained that the reasons for America's success in land-

ing so many troops in France is that she has seized neutral shipping.

"We will get square with America in Flanders," he is quoted as having said. "The number of submarines Germany loses each month is five."

Coming of The Sunbeam

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

Too much cannot be said for a wonderful preparation, familiar to many women as Mother's Friend.

It is more effective in its action than all the health rules ever laid down for the cure of expectoratory troubles. It is an external application that spreads its influence upon the cords, tendons and muscles of the diaphragm, rendering them pliant, and they expand gracefully without that peculiar reaching strain.

The occasion is, therefore, one of unbounded joyful anticipation and too much stress cannot be laid upon the remarkable absence which a mother's happy prenatal condition has upon the health and fortunes of the generations to come.

The pain at the crisis is infinitely less when Mother's Friend is used during the crisis of expectancy for the muscles expand easier and with less strain when baby is born.

Mother's Friend is for external use only, entirely safe and may be had of your druggist or is prepared by the Bradford-Eggleston Co., Lamar Bldg., Atlanta, Ga. Write them to mail you their interesting "Motherhood Book." They will send it at once, without charge, and you will find it very helpful. Do not neglect for a single day and morning to apply Mother's Friend according to directions around the bottle and thus fortify yourself against pain and discomfort.

Not a Corn or Callus on Feet

Apply few drops, then lift them off without pain.

A noted Cincinnati authority discovered a new ether compound and called it freezone and it now can be had in little bottles for a few cents from any drug store.

You simply apply a few drops of freezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it off with fingers.

No pain, not a bit of soreness, either when applying freezone or afterwards, and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses, just shrivel up and lift off so easy. It is wonderful! It works like a charm. Try it. Women should keep freezone on their dressers and never let a corn ache twice.

Annual Banquet Of Livestock Association

The annual banquet of the Oregon Pured Livestock association at the fairground, last night, O. M. Plummer was toastmaster; Wm. Schumler advocating including calves in the pig clubs. G. W. Eyre, founder of the United States National bank pig club, told the story of that flourishing organization. It's growth in one year increased its membership from 56 to 156, all of whom had paid back the money borrowed.

Mrs. J. F. Schilke, president of the Oregon Congress of Mothers, said a few words in praise of the organization for having taken up the care of children in connection with the dairy industry. W. H. Bushnell, C. C. Chapman, Mr. Tanner a Jersey breeder from Sumas, Wash., E. A. Rhoten of the Pacific Homestead, Horace Addis, editor of the Oregon Farmer, Frank Doerfler, M. D. Kirby and Ed Shaw were among the other speakers.

Resolutions were passed advocating legislation curbing the activities of mongrel dogs, which have caused losses to sheep men, sending a delegation to Washington to submit suggestions as to the improving of transportation so as to aid in the shipping of stock, requesting the food administration to rescind wheat restriction orders so that a lar-
