

The Republic Has Kept Faith

We know that Republic Tire users get more mileage. It is said that, figuring all the cars in use, the average car uses two sets of tires per year. The Republic average per car, per year, is bound to be lower.

New proof is piling up every day that the Pröidium Process does make Republic Tires last longer. You will understand that we must be sure of our facts. To persist in them otherwise, would be fatal.

The Republic Corporation has kept faith with you for years. It gives you its word again that Republic Tires do last longer.

commended the grouping of several southern Oregon churches in order that the ministers may be released for work in churches in commercial centers, where the people have concentrated on account of war work.

Because of the death of his son, the bishop will close the conference early this morning. His son's body will be buried at Wichita.

Rev. A. N. Fisher celebrated his 80th birthday yesterday and in honor thereof the conference presented him with a bouquet of roses this morning. The bishop paid a glowing tribute to this venerable preacher.

O. C. Bortmeyer, secretary of the civil service board and a member of Centenary church arranged for the entertainment of the 125 preachers and their wives who are in attendance at the conference. So complete were Mr. Bortmeyer's preparations that he had rooms to spare when all delegates were located.

By unanimous vote the conference sent a telegram of greeting to Bishop Matt S. Hughes who is conducting a conference in Iowa. The delegates also conveyed their sympathies to Rev. M. B. Paronagan and Rev. Mr. Oberg. The former fell in a faint in First church and was taken to his home, and the latter was struck by a streetcar.

Superintendents to be returned. It is almost certain that the four district superintendents will be returned to their work. For a short time it was thought that Dr. Ford of Salem district would ask for leave of absence on account of ill health, but this did not materialize, much to the personal delight of the bishop.

One of the surprises of the conference is that C. C. Barick of Central church is to assist Dr. Clarence True Wilson, who has charge of the prohibition work of the Methodist church of the United States. Several men have been named by delegates to the conference as possible successors of Rev. Mr. Barick, and the most of them seem to center about Rev. Mr. Mac Lean of Sellwood church. It is certain no changes will occur at First church and none is likely at Sunnyside.

Kaiser Was Kicked; Red Cross Benefits \$127.50

The kaiser in the form of a foot ball was kicked yesterday from Portland to the state fair grounds by 53 members of the junior naval marine reserve, each member of the reserve being assigned one mile of the kicking. Time required for the kick from Portland to Salem was four hours.

As David Fall had made the record kick, he was allowed the honor of doing the kicking through the fair grounds to the stand at the flag pole.

Here the ball was put up at auction as a Red Cross benefit. For the privilege of raffling the kaiser ball, a Portland man bid \$25 but that didn't look big enough to D. W. Eyre who bid \$50 for the privilege. Mr. Eyre then did the auctioneer raffle work and soon managed to raise \$42.50 at a much preferable price. Miss Vivian Phelps of Multnomah was the final drawing for the ball and it is hers for the asking.

The "kaiser ball" in its way did much for the Red Cross as the receipts for the \$25 bid by the Portland man for the privilege of raffling it off, then the \$50 bid by D. W. Eyre and finally the \$42.50 paid in from the raffle, a total of \$127.50.

In addition to the kicking of the kaiser, all the other features of the days program were of the patriotic order, included were speeches by Dr. Carl Gregg Doney who, always entertaining since his trip to France has a story of intense interest and of stirring patriotism. Dr. T. S. Anderson of The Dalles spoke, as did Earl Smith the boy orator, both along patriotic lines. Major Thornton A. Mills of the grape division awarding medals to boy scouts, a violin recital and a band concert helped fill out the program. Five of the boy scouts were presented government medals for having assisted in the liberty loan, by Major Mills. They were William Simmer, Lloyd Arnold, Harold Szeleofsky, Julian Burroughs and Herbert Szeleofsky.

Governor Will Appoint Conrad Olson Judge

Governor Withycombe is expected to announce this afternoon the appointment of State Senator Conrad P. Olson of Portland to fill temporarily the vacancy on the supreme court bench caused by the death of Justice Frank A. Moore.

This announcement will be good until the first of next year, when the person who is elected on November 5 to fill the position will take office.

Senator Olson was campaign manager for Governor Withycombe during the recent primary election campaign, and in the last session of the legislature he was considered to be the governor's spokesman in the senate. So as soon as the present vacancy occurred it was predicted that the governor would pay his political debt by appointing Olson to the place.

This will be Senator Olson's first experience on the bench, as he has never served as a circuit court judge. He is 36 years old and has been practicing law in Portland for the last nine years. He was a member of the lower house of the state legislature at the 1913 and 1915 sessions, and served in the senate at the 1917 session.

WILL MAKE CHANGES IN M. E. PASTORATES; SALEM GETS MEETING

Announcement Of Death Of Bishop's Son Made To Conference

Portland, Or., Sept. 28—Rev. J. C. Rollins of the Medford Methodist church is to be assigned to Centenary church in Portland. This is the most important assignment that will be made this year by Bishop Shepard. It is also stated that Rev. Aaron A. Hoist of the Rose City Park Methodist will be promoted to the Astoria church in accordance with the recommendations that Oregon pastors be given preference in changes that are made. These statements, while unofficial, come from what may be considered a reliable source of information.

Changes in Methodist charges that will equal if not exceed in number the great shake-up that occurred two years ago, will be made by Bishop William O. Shepard, presiding over the Oregon conference which is in session in Portland. The changes are from a different cause from those of two years ago, the shifting about now being due to war conditions which have caused many pastors to enter the army as chaplains or to enter Y. M. C. A. work. The authority that there will be a large number of changes comes, directly from the bishop himself.

Yesterday morning's session of the conference was significant for two circumstances. One was the selection of Salem as meeting place next year and the other was the formal announcement of the death of the bishop's son, Mark Shepard of the radio corps, United States army.

Supervisors to be returned. It is almost certain that the four district superintendents will be returned to their work. For a short time it was thought that Dr. Ford of Salem district would ask for leave of absence on account of ill health, but this did not materialize, much to the personal delight of the bishop.

Barick of Central church is to assist Dr. Clarence True Wilson, who has charge of the prohibition work of the Methodist church of the United States. Home Service Section Is Given More Work

The Home Service section of the Red Cross, with offices adjoining the Commercial club now has another duty handed over to it. This is that of determining by investigation whether there is sickness in the families of soldiers who apply for furloughs on the claim that some relative is sick.

It seems that boys who have been in the camps a month or so often get homesick or at least want to make one more visit home before being ordered to an eastern camp. It has been found that the best chance for a few days furlough lies in the sickness of a relative and there have been instances where the relative has been a rather distant one.

Hence the officers at camps in the west when application is made for a furlough on the strength of sickness of a relative, where there is the least doubt, have found it convenient to refer to the Red Cross headquarters and the matter of investigation has been passed on to the Home Service section.

Thursday of this week four telegrams were received asking that investigation be made as to alleged illness of relatives. Each of these cases required special investigation in order that the war department might properly issue or refuse a furlough to a soldier. This morning two more telegrams were received, asking for a special investigation, one of them being in the extreme northern part of the county.
