ton, Ore., expressing his appreciation of the army Y. M. C. A. as follows: "There is always something to be done. Y. M. C. A. to dispel the blues. If a Sammie happens to be troubled with them it is certainly a soldier's retreat. If you want information of any kind, go to the Y. M. C. A. man. If you want England, writes to his wife, at Silver-reading matter, go the the Y. To hear band concerts, good singing, good speaking movies, music of all kinds, all good too, what I mean, why just spend your evenings at the Y. If you have no pass, no money and the most of the boys are gone and you scarcely know what to do, just drop over to the Y and you are sure to find something to interest you, something to do to take away the general monotony of things that sometimes gets a hold of a guy. If no one else is there just start chewing the rag with the Y man and he is

sure to make you feel better by the time he is through with you. There is always writing material at hand, if you wish to write. Every Sunday we have religious services. There are little, needy articles kept on sale there, too, at all times for the convenience of the soldiers. All in all, I think it is one of our greatest organizations. I can't say enough to express my appreciation and the rest of the boys as well of the good old Y. It seems like a fellow never goes there without feeling better when he goes away.

Oregon Men Proud Of Their Home State Says Sergeant Hoxie

Harrie E. Hoxie, quartermaster sergeant with Field Regiment 303, G. M. C., in France, says the Oregon men over there are proud of their home state for the record it has made in Liberty loan, Red Cross and other drives.

He was formerly employed in the state insurance department and his comments are contained in an interesting letter just received from him by Insurance Commissioner Weils.

Hoxie writes in part as follows: "It is a shame all the young fellows have left old Salem. However, war is war and does not play any favors upon people of cities. The way things are going now it surely can't last a great deal longer. The sooner it is over the better for all, so if we all co-operate the end will soon come. The way the people of the U. S. have backed up the Liberty loans, Red Cross and W. S. S. drives, gives us very much encouragement, which in a time like this is very beneficial."

Salem can well be proud of the way her men have answered the call to the flag. Even old and young have done their part, and done it well, too. It is sure fine the way Allan Hall, Art Wilson and the other officers are leading the men. Seems queer to read of such men as Judge Burnett, Ben Oleott, Milton and Henry Meyers, Hal Patton, George Brown and many others, in the ranks. That is the spirit alright and I wish every city in the United States would follow Salem's example. There are many Oregon boys in my squadron and we get Portland papers regular, so keep in touch with the "doings" at home.

The state police have done good work in their guard duty. Here's hoping they continue and have no strikes, uprisings, fires, etc., to deal with. Isn't it wonderful how Oregon has stepped to the front in her support of our boys in O. D? Well I can say I am proud my home is in Oregon.

I see by the papers that the crops are larger than usual this year. For a while I feared there would be a great shortage, but it's just the opposite. It must seem queer to have to ask for sugar at hotels and restaurants. We get a plenty of everything. Have what bread almost all the time. For a change every now and then we get war bread and it's really good. I can truthfully say I like it.

W. Collins attended the Haysville convention at Bethel, Sunday. The next convention will be on the last Sunday in December and will be held at Hazel Green.

Mrs. Frank Rape and children have been visiting at the home of her husband's parents, Mr. and Mrs. F. Rape.

A recent card from Rev. F. Fisher stated that he was visiting relatives in Los Angeles and having a pleasant trip.

Mrs. Olive Harvey and children from eastern Oregon arrived Wednesday evening to visit her parents, Mr. and Mrs. P. Curtright.

A baby girl arrived at the home of Mr. and Mrs. Herman Waeken, last week.

October 13th will be Rally Sunday at the U. B. church.

Corporal Estef Writes Of His Experiences

Corporal Lemuel E. Estef, of Co. D, 127 U. S. Infantry, in a letter to his mother, Mrs. Addie C. Estef, tells how he came very near stopping a German bullet. Under date of Sept. 4, he writes in part as follows:

"About four days ago we were going over the top, when it came my turn to get one of Fritz' bullets. It was very fortunate for me as it went through my right leg above the knee, a mighty clean wound and no fracture. It is healing mighty fast and I am hobbling around on crutches and will be walking before long.

"I have sure been treated fine. At present I am in a hospital near Paris. After going through the hardships of the trenches, it sure seems too good to

GLASS OF SALTS IF YOUR KIDNEYS HURT

Eat Less Meat If You Feel Backachy Or Have Bladder Trouble—Salts Fine For Kidneys

Ment forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithin, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

COMB SAGE TEA IN FADED OR GRAY HAIR

Look Young! Common Garden Sage And Sulphur Darkens So Naturally Nobody Can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old time recipe, improved by the addition of other ingredients, and ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

be enjoying all the comforts and good things to eat and the best of medical attention.

"I have this chance to write you as I had brought in some German prisoners several miles back of the line and there met a Y. M. C. A. secretary who mailed the letter for me. We were in the fighting where it was the heaviest. "I assure you I had my share of experiences and have every reason in the world to believe my escapades have been almost miraculous."
