FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick Wavy And Beautiful—Try This.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

Get a small bottle of Knowlton's Dandruff from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

I have a rendezvous with death— At some disputed barricade, When Spring comes back with rustling shade And apple-blossoms fill the air— I have a rendezvous with death When Spring brings back blue days and fair. It may be he shall take my hand And lead me into his dark land, And close my eyes and quench my breath. It may be I shall pass him still— —ALAN SEEGER (Killed in action July 5, 1916)

THIS American did not fail that rendezvous—and death did not pass him by. When he died the world lost a true poet. His death brings out in sharp relief how much one soldier who is lost to us—one man killed—may mean to the world. So let us keep our rendezvous at home—our rendezvous with life. Let us look into our lives, our households, and see that they are mobilized for war. Let us save our money to save these men who daily have rendezvous with death. Let us keep our rendezvous with life and help them to win through and to come back to sunshine and happiness and home with victory on their banners. Buy Bonds to Your Utmost!
