WAS FORCED TO GO OUT OF BUSINESS

Mrs. Hall's Health Failed Completely—Tanlac Restores Her.

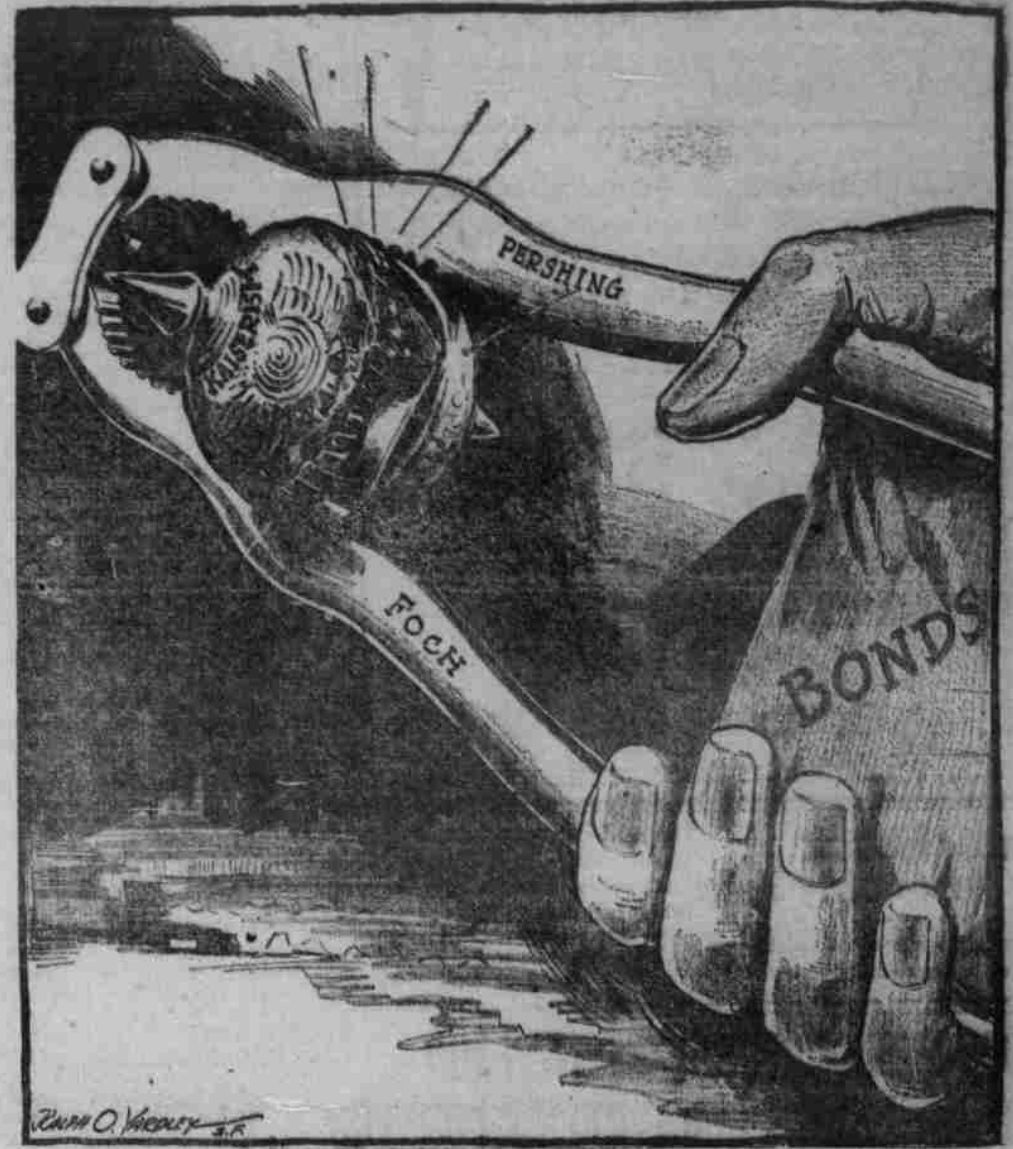

"I regret now that I did not take Tanlac sooner as I would not have had to sell out my business," said Mrs. Minnie Hall, proprietor of the lunch stand known as "Mother's Lunch" in the Farmers Market at Seattle, Washington, recently. Mrs. Hall has lived in Seattle for eighteen years and resides at 330 29th Ave., North West. Continuing her statement, Mrs. Hall said:

"I had suffered from stomach trouble and nervousness for several years. My system got in a terribly rundown condition and kept getting worse until it resulted in nervous prostration. I sold out my business because I was unable to hold out any longer. I was then taken to the hospital, where I lay for nearly two weeks, and when they carried me home I was no better off than before. My head ached so badly I felt like my eyes were weighted down with lead, and my back hurt so it felt like it would break, my stomach got in such a bad condition I could hardly eat anything, and what little I did manage to force down would ferment, and the pain caused by it would almost draw me down. Gas would form and blot me up so I could not wear my corset, and I was so nervous and miserable that I never knew what a good night's sleep was. I lost weight all the time, and had gotten in such a bad fix that I really thought my time had about come.

"Then as a last resort I began taking Tanlac, as I had read and heard so much about it, and the first bottle made a big change in my feelings. I have taken four bottles now, and it has made such a wonderful improvement in my condition, that I have bought my business back, and am working every day without the least bit of trouble. I have already gotten back fifteen pounds of my lost weight and am not bothered any more with headaches or backache. My appetite is fine, and my stomach is in such a good condition that I can eat just anything I want and never feel a sign of indigestion. I think so much of Tanlac, that whenever anyone comes to my stand and talks of having indigestion and stomach trouble, I always tell them to take Tanlac, and I know several people who are taking it because they know what it has done for me."

Tanlac is sold in Stubbard by Stubbard Drug Co., in Mt. Angel by J. M. Gooch, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shorey, in Salem by Dr. S. C. Stone, in Silverton by Gen. A. Steelhammer, in Gates by Mrs. J. P. McGurdy and in Stayton by U. A. Beauchamp, in Aurora by Aurora Drug Store. (Adv.)

members from Silverton. As a part of the dedicatory ceremony Elsie B. Simons sang "Never Let the Old Flag Fail." To the encore she responded beautifully with "The Story of Old Glory."

Veteran Jewsels were presented by the lodge to C. B. Moores of Portland, A. N. Moores of Salem and W. P. Walker of Salem. The presentation was made by Justice George H. Burnett. This was followed by Reminiscences by Chas. B. Moores, a member of Chemeketa Lodge No. 1. A number of members of the Order responded with impromptu remarks; among them were Ethel Fletcher, grand warden of the Rebekah assembly; Alma Henderson, noble grand of Salem Rebekah Lodge and A. N. Moores. A pleasing dust was rendered by Leona Peterson and Leona Belle Tartar, entitled "Keep the Camp Fires Burning." Mrs. P. L. Waters led the audience in the closing number, "Star Spangled Banner."

LOAN SLOWED UP BY BIG VICTORIES ON WESTERN FRONT

Over Optimism Result of News That German Power Is Broken At Last

Washington, Oct. 3.—Over optimism because of military success is tending to slow up the great fourth liberty loan.

This fact, coupled with prevalence of Spanish influenza in many cities, is hampering the loan campaign. While there is no doubt that finally the loan will go across with a smash, war and treasury authorities joined today in pointing out to America that it must put its money punch behind the men's punch right now.

To get the situation in its true perspective, officials declared that the loan is being gathered to pay for the victories now being achieved. Military men supplemented the treasury men's views with warnings that there still is very serious work ahead for the American-allied armies. The German retreat promises to be tremendous. Events are shaping themselves in a manner most encouraging to all war leaders, but it is pointed out that winter is setting in and there is so far no sign that the campaign will not go into next spring; in any event, money and more money is needed. Vast sums must be paid for material, other vast sums must be paid for future operations and then there must be finally a home coming fund of sizeable proportions.

Closely on the heels of Iowa, Oregon today went over her quota by at least thirty per cent. Edward Cookingham, Oregon state chairman, telegraphed this morning that Portland already had subscribed its quota.

Pessimism marked nearly all reports despite the fact that the second state in the union has subscribed its minimum. Figuring that \$315,000,000 has to be subscribed each day in the campaign in order to raise the required \$6,000,000,000, the country is running approximately fifty per cent behind its schedule. The gain in the last 24 hours in subscriptions is less than \$200,000,000.

One encouraging feature of the campaign was evidenced today, however. From all reports, it appears that the bonds are more widely distributed than in previous campaigns. More \$50 and \$100 bonds are being sold than ever before.

Treasury officials believe that the nation has weakened fully to the privileges of installment payments.

Oregon Leads Coast District San Francisco, Oct. 4.—Oregon today

led all major divisions of the Twelfth federal reserve district in liberty loan subscriptions actually reported to the banks.

Oregon had 40 per cent of her quota already paid in. Utah, Idaho and Nevada each had 30 per cent, Arizona and northern California 15 per cent and Washington and southern California 12 per cent.

For class B cities in the shipbuilding contest, Oakland was ahead of Portland, with Seattle third. San Francisco was slightly ahead of Los Angeles in class A. Tacoma led Salt Lake City by a wide margin in class 3, with Spokane third and Honolulu fourth.

In Class D, San Diego and Pasadena were tied, with Berkeley, Sacramento and San Jose following. In class E, Long Beach was leading Alameda, Bakersfield, Fresno, Eureka and Santa Cruz.

Total paid in subscriptions up to last night in the entire district were \$67,640,000, or 18 per cent of the quota. With subscriptions which have been

made but not officially reported, it was believed the actual total was well over \$100,000,000.

Oregon is Second State Portland, Or., Oct. 4.—Oregon today claimed the distinction of being the second state in the union to subscribe its full quota in the fourth liberty loan. The state outside Portland raised its quota two days ago. Portland came under the wire last night.

Portland's quota was \$18,323,421. Oregon's quota was \$33,708,130. Word that Oregon and Portland have completed their allotted quota was immediately dispatched to William G. McAdoo, secretary of the treasury, in a message jointly signed by Edward Cookingham, state chairman, and Emory Olmstead, city chairman.

"Oregon has over subscribed its quota of \$33,000,000 with at least 30 per cent more subscribers than the third loan," the message announced. "Portland has also over subscribed its quota, and claims to be the first city of its class to go 'over the top.'"

Salem Odd Fellows Dedicate New Flag

Your Advantage as a clothes buyer

You choose one store rather than another for "your advantage"; not the advantage of the store. That's the way you ought to do.

But it's quite important that you know just where your advantage is; you'll find it in the quality of the merchandise more than in the price; and you'd better not trust your own judgment too far as to qualify these days.
