In the case of Ed Wert against Al Tucker, before the circuit court last Saturday, it required but little time for the jury to decide in favor of the plaintiff. The suit was for \$133.50 involved in a milk route and wagon deal. By the verdict, Mr. Tucker will pay this amount besides the costs of the suit.
The First Methodist church of Salem, representing a membership of 1100 went on record at the services Sunday morning as being opposed to any peace talk under present conditions. To not only express the feelings of the members of the church but also refute the idea that church people are pacifists and willing to think of peace under any conditions to end the war, resolutions were introduced at the morning services by Dr. Doney and put to a vote by the Rev. R. N. Avison, in which the church asked President Wilson to demand from our enemies an unconditional surrender as a preliminary to peace. The resolution was put to a standing vote and was passed unanimously. It has been telegraphed to the president.
The funeral services of George D. son of Mr. and Mrs. Ed DeShirley were held Sunday afternoon from the Terwilliger burial home. Burial was in the Odd Fellows cemetery.
Word was received yesterday afternoon of the death of Lieutenant Wm. C. Kantner at a base hospital in France. He is the son of the Rev. and Mrs. W. C. Kantner of Salem. The cablegram announcing his death, stated that he had died of a heart failure. The Rev. Kantner left yesterday afternoon to join Mrs. Kantner and daughters in Portland. Lieutenant Kantner was well known in Salem as he attended the medical school of Willamette University when his father was pastor of the Congregational church in the city about ten years ago, later completing his studies in Seattle. Besides his parents he is survived by a wife and child, two brothers, Clifford and Penroy, and a sister Mrs. Will Thomas of Seattle and two sisters in Portland, LaVerne and Constance. Mr. Kantner succeeded the Rev. James Elvin as pastor of the First Congregational church.
An interesting service was held Sunday at the First Presbyterian church in the way of a Harvest Home festival. The church was appropriately decorated with foliage and fruit. The Sunday school services included a solo by Miss Joanna James. The regular morning services there was a sermon on "A Basket of Summer Fruit" and singing by the new choir under the direction of Miss Ada Miller. The program of the evening included exercises by all organizations of the church.

PASTORS OF SALEM OPPOSED TO PEACE

In Resolutions They Demand Unconditional Surrender Before Talk of Peace

The ministers of Salem are most emphatically in favor of a knockout blow for Germany and opposed to any peace discussion with the enemy. Their stand on the peace talk was taken this morning at a meeting of the Salem Ministerial Association when they unanimously adopted resolutions to be telegraphed to President Wilson asking that he demand of our enemies unconditional surrender as a preliminary to a peace conference.
At the meeting of the Ministerial Association held this morning the opinion was freely expressed that the world in general felt that the church and the pastors would be foremost in peace talk and opposed to continuing the war, and would be willing for a peace of any kind. To positively refute this opinion, the association went on record and telegraphed its resolutions to the president.
Members of the Salem Ministerial Association have 15 sons in the service and the son of one member, Rev. W. C. Kantner, has already made the supreme sacrifice. While adopting a message of condolence to the Rev. and Mrs. Kantner, the ministers protested against anything but an unconditional surrender as the price of peace talk.
The following ministers were represented by son or sons in the service; R. N. Avison, 1; H. N. Aldrich, 2; Dr. Carl Gregg Doney, 2; T. B. Ford, 1; E. S. Hammond, 2; George W. Holt, 3; P. H. Hess, 3 and E. Sherwood, 1.
In addition to the 15 sons of the ministers in the service, four members of the association are in various branches of the work. Rev. Carl H. Elliot, Rev. F. T. Porter, Rev. Robert S. Gill and Rev. F. T. Porter.

Looks Like Shoes May Go Up Instead of Down

Although the war industries board has placed \$12 as the maximum price for the retail price of shoes after next June 1, that is of but little satisfaction to the average buyer. It seems the news circulating that shoes would be cheaper was a long way from the truth. In order to get right on the situation E. T. Barnes telegraphed one of the largest shoe factories in the east as to the real conditions and today received the following telegram: "As far as we can see, there is nothing in the government's new regulations to cause lower prices in medium grade shoes. Said regulations prohibit retailing men's and women's shoes for more than \$12 after June 1, 1919, and misses and boys shoes for more than \$6. There will be an economic saving to the public by not tempting them to buy ultra high priced merchandise when good wearing staples can be purchased for less. Increasing labor prices and shortage of kid leather may tend to further increased prices."

Colonel Roosevelt Rejects Peace Proposals

Minneapolis, Minn., Oct. 7.—"The German peace drive," declared Former President Theodore Roosevelt here today "is only a part of the German war drive. I hope that under no circumstances will we consent to a suspension of hostilities until Germany surrenders unconditionally."

Freight on Apples May Be Reduced

A reduction of 10 cents in the trans-continental freight rate on apples may be obtained as a compromise between the present rate of \$1.25 and the rate of \$1.10, which has been requested by the fruit growers, according to a telegram received today by Public Service Commissioner Buchtel from Senator McNary.
Senator McNary said he had consulted Edward Chambers, director of traffic, and Judge Prouty of the railroad administration and they had intimated they would agree upon an apple rate of \$1.15 per 100 pounds.
"This is a compromise and I believe the very best that can be done," says the senator's message. "Please see in interest affected. And ascertain from them their views concerning this possible rate and wire me as quickly as possible."
Commissioner Buchtel got A. W. Stone, president of the Hood River Apple Growers association, on the telephone and presented the situation to him. Stone pointed out that the apple crop is now moving and unless the reduction in the rate is obtained immediately it will be of no benefit to the apple growers this year. He said a rate of \$1.15 now would be as good as a rate of \$1.10 two weeks from now.
Commissioner Buchtel estimates that a reduction of 10 cents on the 100 pounds now would result in a saving of over \$1,000,000 to the apple growers of the northwest this year. He wired to Senator McNary and also to Frank J. Miller, chairman of the Oregon commission who is expected to arrive in Washington today, recommending that the compromise rate be accepted.
Chairman Miller has gone to Washington to attend the hearing before the Interstate Commerce commission tomorrow on the complaint against the 25 per cent increase in freight rates on fruits, vegetables, canned goods and fruit juices. The apple rate is included in this case, but by accepting a compromise quicker results will be obtained.

Secretary McAdoo Sold Many Liberty Bonds

Washington, Oct. 7.—Secretary of the Treasury McAdoo says "it is a cinch" to raise money for the liberty loan.
He knows, for yesterday he canvassed a middle class neighborhood personally and he and his co-workers checked up close to \$2,000,000 after a brief after-noon's work. McAdoo's calls took him to the homes of the rich and poor. From Bernard Baruch, chairman of the war industries board, McAdoo got a \$1,000,000 subscription, while there was another for \$20,000 from President Wilson.
A negro maid, a foreigner in the grocery business and others of humble estate were among those McAdoo saw and everywhere he found the people were quite ready to loosen their purse strings.
The liberty loan committee is doubling its efforts today in view of the general world peace situation.

MORE MONEY TO BE ASKED OF WEALTHY

Average Citizens All Right Moneyed Men Not Showing Patriotic Spirit.

Pledges for the Fourth Liberty loan in the Salem district totaled \$772,550 when all returns had been made Saturday evening. The quota for Salem is \$1,028,300.
Every effort is now being made to secure the required amount within the next day or so. The great difficulty has been that men who have been rated and are able to give in large amounts have only subscribed for \$50 or \$100. To remedy this condition, an effort is now being made to have the captains and best workers visit those who have been rated and insist upon their giving more in proportion to their wealth.
It has been known all along that if the people who were really able should give in proportion to those who have sacrificed much in order to subscribe, the quota would have been pledged early in the campaign. Taken as a whole, the trouble has been in the small subscriptions of those who should have shown a more patriotic spirit.
At the matter now stands, it is up to those whom fortune has favored to in the average citizen has given liberally to do this if we are to raise our quota for Salem which is now the only city of any consequence in the state that has not raised it's quota.
If you are unable to secure the additional amount required and the party puts you off by saying they will take the matter up with headquarters, please tell them that we at headquarters can not possibly take time to listen to verbal explanations, as to why people can not take their prescribed quota of bonds, and that we request that they reduce their explanations to writing, and give it to you to turn in with the report, and the same will be handed to the rating committee in due form and order for consideration.
This program must be followed to expedite the work and enable us to finish our task."

Friends of First Lieutenant Carl Gabrielson will be pleased to know that he has arrived safely at Vaux-de-Crest, Siberia and that all the men sent over from San Francisco are enjoying fine health. In a letter received today by his parents, Mr. and Mrs. C. D. Gabrielson, he writes that the city is one of about 100,000 and that it is most interesting to visit a city wherein may be seen peoples from all parts of the world and to take note of customs so different from those to which we are accustomed.
