PEACE TALK WITH SPANISH INFLUENZA INJURIES BOND SALE

Many Liberty Loan Meetings Cancelled Because Of Epidemic.

Washington, Oct. 10.—Peace talk and the ravages of influenza combined today to throw the fourth liberty loan further behind its schedule.

There was absolutely no reason for encouragement in early reports from the federal reserve banks, treasury officials declared.

In some of the districts the war exhibit trains have been compelled to cancel stops by order of health authorities. Units of the Great Lakes naval band which have been distributed throughout the west have been idle because of parades being under the ban.

In the Cleveland district alone sixty towns have cancelled arrangements for loan meetings because of the influenza epidemic.

Because of the handicap on campaign plans, resulting from influenza, half a dozen sections report "invidious propaganda" under way among the Austro-Hungarians. Reports have been spread that if they buy bonds they will be imprisoned whenever they return to their native land.

Treasury officials said the propaganda appears to be spreading rapidly and threatens now to include other foreign born peoples as well.

Secretary McAdoo today issued the following statement:

"The brilliant victories of our British Americans and French forces yesterday should impel every patriotic American immediately to double his subscription to liberty loan bonds. This is the only way to put the fourth liberty loan over quickly and that is the best way to strengthen the fighting power of these brave men, who are

MANY DEFICIENCIES ARE AUTHORIZED BY STATE BOARD

Money Not Yet Collected To The Sum of \$511.95 Will Be Expended.

Deficiency appropriations totaling \$104,450 were authorized by the state emergency board at its meeting yesterday afternoon. Since the last legislature adjourned the emergency board has now authorized deficiencies which aggregate \$511,950.

The board did not allow all the requests presented. It turned down entirely a request from the state line board for an additional \$2000, this board having been given \$5000 a few months ago, and it cut the penitentiary appropriation from \$40,000 to \$35,000, and took under advisement the request of the Oregon Agricultural college for funds to meet the emergency arising from the great enrollment of student soldiers until the opinion of the attorney general can be obtained as to the legality of allowing this request.

The request for funds for the O. A. C. was presented by President W. J. Kerr and J. K. Weatherford, president of the board of regents. President Kerr asked for a total of \$43,338 to aid in the construction of barracks, remodeling buildings and other improvements and providing additional equipment and teachers.

When members of the emergency board objected to an item of \$6000 included in the total for aid in constructing barracks for the soldiers, President Kerr volunteered to withdraw it from his request and make arrangements with friends of the college to finance this construction work until the legislature can make appropriation for it. This left a sum of approximately \$37,000 which President Kerr said the college absolutely must have if it is to perform the duties asked of it by the war department and take care of the students who are now on the campus.

Members of the board, with the exception of Senator Moser, expressed their willingness to authorize the deficiency if the board has legal authority to do so, but they were unanimously in favor of putting the matter up to the attorney general before any action was taken. Secretary of State Oicott told them that he would issue no certificates of indebtedness until after the attorney general has passed on the question. If the attorney general's opinion is favorable, the board will be called in session again probably next Wednesday.

This request was considered to be different from the others allowed for the reason that the last legislature had made no appropriation at all for the purposes for which the deficiency is now desired.

Oregon state hospital \$100,000; industrial school for girls \$3000; state tuberculosis hospital \$9000; state training school for boys, \$14,000; penitentiary \$35,000; penitentiary pumping plant \$750; board of inspection of child labor \$1000; capital building and grounds \$1700.

KELLER INVESTIGATION NOT BEING HURRIED

Attorney General Brown Gives No Intimation Of Evidence Gathered.

Attorney General Brown reports that he is making progress in his investigation of the state penitentiary parole scandal, which involved Parole Officer Joe Keller and guards at the prison, but he will give no indication of the

moving with such irresistible dash and success against the Germans. Latest figures on the subscriptions showed slightly more than \$1,800,000 in pledges. This sum is equal only to the quota assigned the New York district alone.

Open Forum

Salem, Oregon, July 6, 1918. An open letter to Bishop Matthew Simpson Hughes. Dear Bishop: Four weeks ago a public letter addressed to you charged the Sunday newspaper with being an abominable nuisance, and the republican party with being "an hypocritical, un-Godly old liquor party, over forty years behind the times, ruled by liquor and tobacco." I boldly renew both charges. To me these seem to be vital and irrefragable issues of vast and immediate importance. Are you a doubter? Respectfully, Wm. N. Taft. MARSHAL FOCH STRIKES TO BRING WATERLOO TO GERMAN MILITARISTS

Planning For Blow That Will Destroy Germany's Last Vantage Of Hope.

Washington, Oct. 10.—Foch is striking to bring upon Germany a semblance of Waterloo to emphasize allied determination for unconditional peace.

The spectacular victory on the west front will carry to Germany more than anything else to date the futility of her dreams of conquest.

Napoleon, after two great disasters, rose again and was not vanquished until his Waterloo. Germany must not be given even the opportunity to rise again in her military might, army men declare.

Already the smashing has reached the German people. According to reports to this government, public opinion, which was counting on a stop at the Hindenburg line, "is seriously affected." There is feverish recruiting every where in Germany. All exempted are taken. Workmen are replaced by prisoners, by Russians and Poles—veritable slaves—and by Belgian and French evictees. It is reported that the allied bombardments have maddened the people.

But all available advices of an authoritative kind indicate that elimination of the evil genius, militarism, can only be attained by absolute defeat and Germany will only confess she is vanquished when her people see close at hand, on their own soil, the horrors of war.

Military men are delighted over the developments of the western battle line.

Some military men here believe that Germany will answer President Wilson's inquiry with an offer to withdraw from invaded territory. They say that the German peace offer was the result of the desperate situation in which the boche found himself on the west front and that he would like nothing better than the chance to get out with an armistice. However more acceptance of the armistice idea will be insufficient for the present, for the president left another stumbling block in the path by his indirect notice that he could not bargain with the Hohenzollerns.

Character of the information he is gathering. From other sources, however, reports accumulate that convicts at the prison have been "bled" persistently under the guise that it was necessary to produce some money before they could hope to get a parole.

While C. A. Sheridan and J. A. Horan, the two guards at the prison, who were charged with having connection with this traffic in paroles, have been discharged, suspicion is most strikingly directed toward Parole Officer Keller, who is said to exercise greater authority over the convicts than even the warden.

Because of the pull Keller has with Governor Withycombe, who has stated more than once that he relies on Keller's recommendations in granting paroles, the convicts know that they must win the favor of Keller before they can get out of prison. The consequence is that his word is law among the convicts, while the authority of Warden Murphy is something to be winked at.

What the attorney general's investigation will bring forth is unknown, but it is generally believed that Attorney General Brown is going to the bottom of a findings at the prison and that he will find a bad mess.

JAPANESE STEAMSHIP VICTIM OF U-BO AT

Feared There May Have Been Heavy Loss Of Life—No Warning.

An English Port. Oct. 10.—The Japanese steamship Hiram Maru, (Hiram Maru) has been torpedoed and sunk without warning off the British Isles, rescued passengers arriving here today aboard an American destroyer, said.

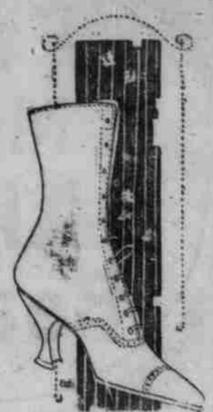

Interviewed on their arrival here, the captain, butler and an English passenger declared the destroyer was sighted after members of the crew and passengers had been in the water for some hours.

They declared the submarine remained in the vicinity of the attack for some time and tried to sink the rescuing vessel but was beaten off by the Yankee sailors.

"The rapid approach of the destroyer buoyed us wonderfully," said one of them. "Survivors in the water were worn out with their hardships and by the sight of the bodies of the crew and passengers floating about."

"Only twenty nine of us were picked up and we fear the rest were lost, in-

DEPENDABLE FOOTWEAR

For Women And Children

Our fall stock was selected with great care. We made sure that the leather and other materials used were of good quality; that the styles were correct and that there had been no lessening of the high standard of workmanship.

Boys' or Girl's school shoes in tan or black stitchdown, sizes 8 1-2 to 2 \$2.65 and \$2.95

Kasowry Bros

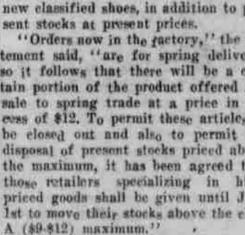

416 State Street, Salem, Oregon.

Shoe Prices Are Being Fixed By War Board

Washington, Oct. 10.—Progress in establishing the new maximum and minimum price schedule for shoes from \$12 to \$8 was announced today by Chairman Baruch, of the War Industries Board. By November 1, it was stated, many stores will have on their shelves the new classified shoes, in addition to present stocks at present prices.

"Orders now in the factory," the statement said, "are for spring delivery, so it follows that there will be a certain portion of the product offered for sale to spring trade at a price in excess of \$12. To permit these articles to be closed out and also to permit the disposal of present stocks priced above the maximum, it has been agreed that those retailers specializing in high-priced goods shall be given until June 1st to move their stocks above the class A (\$9-\$12) maximum."

Court House Notes

The executors of the estate of John Werner have made their semi-annual report showing receipts for the past six months of \$1800 and disbursements of \$278.45, with cash on hand amounting to \$1,511.55.

The semi-annual report of the executor of the estate of Daniel A. Sievert shows receipts of \$2,329.98, with disbursements of \$1654.02 and cash on hand \$675.96. In the disbursements is included the \$100 a month paid Mrs. Sievert and the loan of \$800 of the estate's funds.

The case of Lange against Taylor will come up late this evening for trial or tomorrow morning. It is a case of ejectment wherein Taylor bought some land near Chemawa and, according to the complaint, failed to make payments. Taylor is on the land and Lange brings suit to eject.

The last case on the docket for department No. 1, Judge Kelly, will be called Friday morning and the chances are the term will be adjourned Friday afternoon. In Department No. 2, Judge Bingham, court will convene Monday morning, October 21.

In the case of Clark vs Kelly for wages was called Wednesday afternoon and occupied this morning for a completion of testimony. This afternoon the attorneys were arguing before the jury making it rather indefinite as to when a verdict would be returned. There is a difference of opinion between Mr. Clark and Mr. Kelly as to whether Clark was working for wages or whether he intended to buy the saw mill near Sublimity and failed to fulfill the contract. Clark says he was working for wages with no amount specified and Kelly says he wasn't and the case was put to the jury to decide.

The amount pledged so far is \$779,650 and the quota for Salem is \$1,025,500.

Liberty Loan Situation Looks Rather Discouraging

Regarding the fourth liberty loan situation in Salem, headquarters gives out the following:

The total amount pledged up to 5 o'clock last evening amounted to \$779,650.

This includes subscriptions of every kind, not only where there has been one payment, but also those pledged with the first payment to come later.

No subscriptions of any kind whatever have been held back. The committee is not holding any amounts up its sleeve (metaphorically speaking) with the intention of springing it at the last moment.

No big subscriptions are coming in so far as the executive committee knows. The \$779,650 represents absolutely everything in sight.

Unless many people of average wealth who have been re-terted by the loyalty committee increase their subscription, the capital city will fail to secure its quota.

Local business conditions are not to be blamed for the failure in raising the quota. Bank deposits show more money on hand than ever known in the history of this community.

There is but one more week to work before the date of closing this fourth liberty loan drive. Headquarters feel that unless men who can afford to increase their pledges, Salem will be one of the cities to be known as having failed.

The amount pledged so far is \$779,650 and the quota for Salem is \$1,025,500.
