MAY CLOSE SCHOOLS CHURCHES AND THEATRES

State Board Of Health Likely To Send Out Sweeping Order Today

Dr. O. B. Miles, city health officer, expects at any moment to receive an order from the state board of health closing down all places where the public gathers. This will mean the closing of the moving picture theaters, schools and churches.

Today eight or nine cases of mild influenza were reported by physicians and it is understood there are a number of unreported cases. While the order for closing had not been received up to 3:30 o'clock today, it is thought that the state board of health will not only close Salem but all cities in the state.

This closing will follow the general form by which Portland was closed, the order coming from the federal authorities and the state board of health and put in effect by a proclamation of the mayor.

May Close Everything

Portland, Or., Oct. 11.—H. E. L. Holt, state health officer, may recommend that Governor Withycombe close up several of the smaller Oregon cities to check the spread of influenza.

Dr. Holt began communicating with western Oregon cities this afternoon to learn conditions. He was in touch with health officials in Salem, Eugene and Astoria.

Portland had closed its doors to the epidemic today. By order of Mayor Baker theaters and churches were closed and public gatherings of all sorts were forbidden.

Brazilian Steamship Sunk Off Atlantic Coast

An Atlantic Port, Oct. 11.—A Brazilian steamship destroyed a submarine a few miles off the Atlantic coast yesterday, according to the crew of the ship, which arrived here today.

The submarine was sunk after two shots had been fired, the second making a direct hit on the deck of the U-boat. The explosion of the shell was followed by a giant geyser of water, which shot 100 feet in the air, according to the crew.

Open Forum

Salem, Oregon, July 6, 1918. An open letter to Bishop Matthew Simpson Hughes:

Dear Bishop: Four weeks ago a public letter addressed to you charged the Sunday newspaper with being an abominable nuisance, and the republican party with being "an hypocritical, un-Godly old liquor party, over forty years behind the times, ruled by liquor and tobacco." I boldly renew both charges. To me these seem to be vital and irremissible issues of vast and immediate importance. Are you a daughter? Respectfully, Wm. N. Taft. (Reprinted from Capital Journal, July 6, 1918. (Paid adv.) 10-14

INFLUENZA IS OUR OLD TIME ENEMY LA GRIPPE

Physicians Say There Is No Need of Becoming Unduly Alarmed Or Panicky

HOW TO COMBAT THE INFLUENZA

Gargle salty hot water. Gargle Dabell's solution in equal parts of water. Keep out of crowds, and don't get panicky. Stay home.

The Spanish influenza is nothing more than our old time enemy "la grippe." This has been with us every year since 1889 and this year it just happens to be in a more virulent form. But there is no special need to become panicky. And with but a few cases in the city, there is no need of a general scare.

This is the opinion of several physicians who met with the Red Cross last evening at the Commercial club to discuss the situation and to determine whether it was necessary to close the town. It was the opinion of all that with ordinary care against catching colds, there should be no epidemic in the city.

Dr. Miles reported last evening that only two cases had been reported and both of these had come from Corvallis. He thought if the people would stay home and take the ordinary health precautions, everything would be all right, although he was willing that all public places be closed should the state board of health deem it necessary. But there was no need of people becoming frightened.

A. A. Lee, chairman of the Salem hospital board, said that the service of the hospital would be offered in case of necessity. Prof. J. C. Nelson, principal of the high school, said that no general assemblies were being held in the school and that pupils were sent home if they developed colds.

Dr. A. B. Starbuck said no cases had been reported at Dallas and that that people were becoming unduly alarmed. He said soldiers had been attacked by the disease on account of their life in the barracks. That people should take care of the mouth and throat by antiseptic gargles. His advice was to stay home, avoid crowds, have plenty of air in sleeping quarters and not become panic stricken as this is nothing but the grip that has been with us every year.

Dr. Griffith of the Oregon state hospital said that antiseptic gargles were a preventative and in reply to the question said that a teaspoonful of salt to a glass of water was about the right proportion for a gargle.

To the suggestion that the physicians of the city be called to discuss the situation, Dr. Miles said he was in favor of the idea. Dr. C. E. Cashatt, city physician, said that no cases had been reported in the city and that several colds had been reported from Mt. Angel.

In a general discussion, the physicians agreed there was no cause for alarm or drastic measures such as closing the town. All that was necessary in case a cold developed, that the patient should stay at home and observe

GERMAN LOSE MILLION SINCE DRIVE BEGUN

General Sir Frederick Maurice Calls Attention To Growing German Weakness

London, Oct. 11.—(By Wireless Press)

—Written in the London Daily News

General Sir Frederick Maurice declared that since the second battle of the Marne the Germans have lost 200,000 in prisoners and have suffered casualties totalling 1,000,000 men.

"As they have been unable to make good this loss," he declares, "they have had to reduce their establishments on the western front by not less than half a million men. During this same period, allied strength on the western front has been growing steadily, as more and more American troops have come into the field, so the balance of military power in the west is changing very rapidly in our favor."

"This is the main fact to keep in mind in considering the military situation in the west. It is of more importance than the piercing of the enemy's strongest defenses, or the re-capture of great towns. The enemy's commitments in the west are greater than he can meet and he must therefore reduce them."

PERSONALS

M. Denny left Thursday for Quincy, Washington.

G. W. Shovel and wife of Newberg are registered at the Bligh.

Dr. C. E. Cashatt is in Mt. Angel today of professional business.

Arthur Leong left yesterday over the Oregon Electric for Seattle.

Mrs. Geo. Falk has been spending a few days at Halsey with her nephew, Chas. Mishler, who was injured recently in a runaway.

Mrs. Lola Edwards received a telegram this morning that her son Clarence M. Martin was ill of pneumonia at Camp Meade, Md.

A telegram was received this morning by Mrs. Jessie M. Crossan of 877 Oak street, Salem, that her son Kenneth Crossan had died of pneumonia this morning at 2:40 o'clock at the navy hospital at Portsmouth, Va. He was a grandson of Robert Crossan and had been in the service since last December. The body will be brought to Salem for burial but it is thought it will not reach the city until about this time next week.

Central Howell Red Cross Auxiliary will hold an ice cream social and give a home talent program Saturday evening at their hall. But the big event of the evening is not the ice cream, but that a horse has been presented to the auxiliary by Frank Durbin and numbers will be sold on the horse whereby the person holding the right number will come into possession with but a small expense. Everybody is invited to come and take a chance on the horse and also to enjoy a social evening.

The usual rules of health laid down for a cold or if in doubt, call a physician.

Week End Special
