

A DEAD STOMACH

Of What Use Is It?
Thousands! Yes, hundreds of thousands of people throughout America are taking the slow death treatment daily.

They are murdering their own stomach, the best friend they have, and in their sublime ignorance they think they are putting aside the laws of nature.

This is no sensational statement; it is a startling fact, the truth of which any honorable physician will not deny. These thousands of people are swallowing daily huge quantities of pepsin and other strong digesters, made especially to digest the food in the stomach without any aid at all from the digestive membrane of the stomach.

Mi-na stomach tablets relieve distressed stomach in five minutes; they do more. Taken regularly for a few weeks they build up the run-down stomach and make it strong enough to digest its own food. Then indigestion, belching, sour stomach and headache will go.

Mi-na stomach tablets are sold by druggists everywhere and by Dan J. Fry who guarantees them.

The Journal Job Department will print you anything in the stationery line—do it right and save you real money.

Fall Plowing Proceeds; Poor Train Service

(Capital Journal Special Service.)
Donald, Or., Oct. 11.—The fine rains which are coming along these days and nights are speeding up fall plowing and farmers are rushing their work, to get in as much fall rain as possible. Ben Eppers is sowing 150 acres of summer fallow land to wheat, and others too are putting in all they can.

Train Service Poor.
The people of Donald, Fargo, Broad acres, have certainly been discriminated against by the Oregon Electric railroad. There were ten high school pupils, from these places in the Woodburn high school dependent upon the 7:45 train, or one even an hour later, to get them to school in time but it seems the little strip between Wilsonville and Woodburn was cut off from that service, while all along the rest of the route there is a train, even a special school train runs from West Woodburn to Salem, morning and evening. Query: Why could not that train have come as far as Fargo and picked up the pupils at Fargo, Donald, Feller's station and Broad acres, and gotten them to Woodburn in time for school. As it is some have gone to Portland some secured rooms in Woodburn, others must go on the 9:30 or stay out of school entirely. It is not just. From the patronizing the Oregon Electric receives from Don-

ald and community not only by passenger service, but by freight, in the way of shipments of wood, stock, grain and everything else almost, we deserve better treatment.

The Eastern Star held a session on Friday night, initiating Mr. and Mrs. J. L. Reisbeck, who came out from Portland to be present. Refreshments were served afterwards, and a general good time for all during the evening.

Ray Hopkins came in from Portland on Tuesday on a business trip.

Mrs. Phelps went to Salem Thursday to see a doctor. She is having trouble with her throat and is expecting to have her tonsils removed.

The harvest festival was observed in the Presbyterian church in Donald last Sunday. Rev. Quist the pastor preached a good sermon on the subject.

Joe Bixel went to Woodburn Tuesday evening, remaining over until Wednesday afternoon to attend the Presbytery which was in session at the time. He reports a light attendance because of so many of the ministers going into service. It is claimed that 15 per cent more of the Presbyterian ministers are in the Y. M. C. A. chaplain service than of any other denomination which means a scarcity of pastors for the local churches.

Mrs. Whitney and Mrs. Moore of Broad acres, attended Macabee lodge in Donald Thursday p. m.

Lawrence Kunkle left Saturday for Portland where he joined the service of

CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

"California Syrup Of Figs" Can't Harm Tender Stomach Or Bowels.

A laxative today saves a sick child tomorrow. Children simply will not take time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because in a few hours all this constipation, poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

Uncle Sam. This makes the third boy from the Kunkle family to join the service.

Mrs. Gresham of St. Louis, spent several days with her daughter, Mrs. Ben Eppers, returning home Friday evening.

The Macabee lodge had a very pleasant session Thursday afternoon, serving a fine lunch at the close. Among the visitors were Mesdames Davis, J. O. Austin, Maupin and Harrington of Woodburn, Mrs. Chamberlain, district deputy of Portland and Mrs. Frank Osborn of Newberg.

Mrs. O. Cone and children Harry and Vivian left for Portland Tuesday, where she will put her children in school.

O. A. Kunkle is moving to the Deeres farm southwest of his present location.

Gus Moberk will move to the place vacated by Mr. Kunkle.

Jim Feller was a business visitor to Butteville Saturday. Mr. Feller is an officer in the insurance company which still has their office in Butteville.

Mr. West, representing the True-Blue company of Portland was calling upon the Donald merchants Wednesday. This is Mr. West's first visit since his annual vacation. We were glad to see him return.

Word has reached Donald that Earl Carver, formerly of Donald, is a victim of the Spanish influenza. He has been in San Diego since he was drafted during the summer.

Mr. and Mrs. Roundtree, Mr. and Mrs. Hagedorn, Mr. H. C. Davis of Portland and Mrs. Walter Lechow of Sacramento, Cal., motored out from Portland, Sunday and were guests at the C. J. Espey home.

Mr. H. C. Evans and daughter Edith motored to Portland Friday. Miss Edith remaining over until Sunday evening.

Misses Leatha Goss and Idell Lamb have secured a room in Woodburn and

SALTS IF BACKACHE AND KIDNEYS HURT

Drink Lots Of Water And Stop Eating Meat For a While If Your Bladder Troubles You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

The Following Letter Received by The Bootery Is Self Explanatory

BOSTON, 183 Essex street, Room 506.
NEW YORK 5 East 42nd street

Cable Address: "STETSHOECO," NEW YORK, Western Union Code.

THE STETSON SHOE

The Stetson Shoe Company, Inc.
South Weymouth, Mass.

September 20, 1918.

THE BOOTERY,
J. B. Littler, Mgr.
167 N. Commercial St.
Salem, Oregon.

Dear Sir:

The War Industries Board have published their final ruling affecting the manufacturing and retailing of shoes.

\$12 is the maximum retail price for high grade shoes, and \$11 for Oxfords

Prices placed on our Spring 1919 samples before the receipt of this ruling will not permit the retailing of our shoes within these prices.

However, in our endeavor to cooperate with the government in every respect, we are ready to make very radical change in our business methods.

Both retailer and consumer will agree with us that Stetson quality, so long maintained regardless of cost, should not be lowered. Our slogan—"More by the pair, less by the year"—never meant more than it means today, when the public has learned to appreciate the principle that the purchase of the best standard article is true economy.

The success of this plan will depend on the entire cooperation of our customers.

THE PLAN

We will withdraw our salesmen from their territories, thus reducing our selling expense by the cost of traveling, a large item today.

We will standardize our product by putting in stock a complete line of men's high shoes and Oxfords, and will confine our manufacture to these styles, thus reducing cost of production.

The retailer must cooperate by ordering from our Stock Book, or thru personal call at our New York or Boston Sales Rooms.

He must refrain from asking us to make any special styles, but must confine his orders strictly to stock styles.

He must eliminate special pairs and custom work.

On November 1, a complete new Stock Book will be placed in your hands, showing standard Spring styles as well as shoes available for immediate use. Until that time use Stock Book No. 24, disregarding Styles 3, 46, 49 and 50.

In the new Stock Book there will be suitable material for placing orders, and orders must be placed for advance shipping dates just as though the salesman had called.

In addition to our complete line of Civilian Styles, our present line of Officers' Boots and Shoes will be continued in Department 5.

We realize that this is a very radical step, but these are unusual times.

Careful consideration, we are sure, will convince you that this is not only the best possible measure that can be adopted, but that by studied cooperation it will mean success both for the retailer and for ourselves.

The case is in your hands. We shall be glad to discuss it further through correspondence.

The Bootery
MADE IN AMERICA

Yours truly,
THE STETSON SHOE COMPANY,
C. O. HEALD,
Sales Manager.

Exclusive Agents for
The Stetson Shoe for Men

will stay from Sunday evening until Friday evening so as to be at school in time, owing to the change in train service.

Chris Christensen left Thursday for southern Oregon on a hunting expedition and will stay until he gets his share of game.

Mr. and Mrs. W. Walker returned from Salem Monday evening where they had been spending several days.

Mrs. Kuntz the principal of our school has resigned, so far the vacancy has not been filled. It is with regret we must give Mrs. Kuntz up as the school was starting off in fine shape—scholars and teacher both pleased with each other.

Mrs. Earl Cone and Miss Hazel Cone, teachers, attended the institute in Salem Saturday.

Miss Sophia Eppers went to Woodburn Thursday to have her arm attended to by Dr. Chapin. She had a fall some time ago and hurt her arm quite badly.

J. C. Moore came out from Portland Monday, for a short visit, he was accompanied on his return by Mrs. Moore, who returned Wednesday evening.

A car load of hogs was shipped out of Donald to Portland Wednesday by J. Smith. His car was not large enough to hold all, so he will have to have another shipment soon. Some fine hogs were brought in by the Donald farmers which means money in their pockets.

Miss Myrtle Walker of Salem is spending today, Thursday, with Mrs. O. Freeman.

Mrs. Roy Garrett was called to the bedside of her sister Saturday, who is very sick with cancer at Hartford, Wash.

O. Freeman went to Portland last week to do some carpentering work for J. C. Moore, who is preparing to open up a lunch counter at St. Johns.

Dr. Shore, of Hubbard, was called to Donald last week to attend Mrs. C. Collier who has a very bad case of blood poison, caused from a tooth. Indications are that she is out of danger. She has been a great sufferer.

CASH UP!

The cream of the earth are the sons, that you sent
To battle the beast on the old continent,
A gilt-edged investment each lad of the lot,
You cannot go wrong if you give all you've got,
To back up their course, to help them push through
To bring them back home again faithful and true,
Why, they'd be ashamed if you didn't respond—
So come on, cash up, buy a Liberty Bond!

This minute some boy out on God's frontier
Is giving his blood for your safety here,
He's breaking with strain to his finger tips,—
Perhaps, 'going west' with your name on his lips;
He's spending his son in the holy cause,
Can you for a few paltry dollars pause
To question the deal or have interest conned?
O, come on, cash up, buy a Liberty Bond!

CATARRH

Quickly Ended by a Pleasant, Germ-Killing Antiseptic

The little Hyomei inhaler is made of hard rubber and can easily be carried in pocket or purse. It will last a life time.

Into this inhaler you pour a few drops of magical Hyomei.

This is absorbed by the antiseptic gauze within and now you are ready to breathe it in over the germ infested membrane where it will speedily begin its work of killing catarrhal germs. Hyomei is made of Australian eucalypt combined with other antiseptics and is very pleasant to breathe.

It is guaranteed to banish catarrh, bronchitis, sore throat, croup, coughs and colds or money back. It cleans out a stuffed up head in two minutes.

Sold by D. J. Fry and druggists everywhere.

Complete outfit, including inhaler and one bottle of Hyomei, costs but little, while extra bottles, if afterwards needed, may be obtained of any druggist.
