

Potatoes are O. K. The Food Administration says so. Use lots of them; the Government wants you to.

And does anything taste better? Think of a big mealy baked potato—with a lump of butter, pepper, salt and paprika.

And what cooking does for raw potatoes it does for "raw" tobacco—gives flavor. Burley tobacco—toasted—has made Lucky Strike cigarette famous. It's toasted.

SECRETARY LANSING APPEALS TO PEOPLE TO KEEP ON FIGHTING

Head Of State Department Declares Liberty Loan Must Be Made Success.

Washington, Oct. 17.—"The war is not over. This is no time to slacken effort or to fail to do our part here at home. To keep up and to increase the pressure on the retreating Germans is the only certain way to win."

Secretary of State Lansing who has been handling the diplomatic dealings with Germany, made this emphatic declaration in support of the fourth liberty loan. He declared that Germany is "bending and with more pressure, she will break."

Treasury officials declared at noon that receipts would send the fourth liberty loan total to \$3,600,000,000 today. This leaves \$2,400,000,000 to be raised Friday and Saturday.

Business now in transit to the federal reserve banks will reduce the amount to be thus subscribed-materially officials said. In any case the sum remaining is the most gigantic requirement ever placed upon the nation. Despite the greatly increased numbers of men now serving in the nation's military forces as compared with the time of the third loan, there are ample indications that the number of individual subscribers in this campaign will greatly exceed that of the third, when 18,300,000 subscribers were recorded.

From the employees of the national railways the government war chest has received more than \$110,000,000.

Sioux City, Iowa, came forward with a new selling plan and covered its allotment in a single day. The citizens of Sioux City went to their regular polling places as if they were participating in a primary election and subscribed \$3,500,000.

The liberty loan campaign has been released from all fighting restrictions, Fuel Administrator Garfield announced today.

One or Two More Bond Drives

Washington, Oct. 17.—The American people must be prepared to subscribe one and probably two more liberty loans. This was revealed today by Secretary McAdoo who said that the financial plans of the government will require a much heavier burden than has yet been placed on the nation. Authorizations by congress now aggregate \$27,000,000,000 for the current fiscal year, McAdoo said.

The status of the fourth loan campaign, McAdoo said, is much more encouraging than the figures indicated. "We are going to get the \$6,000,000,000," the secretary declared emphatically.

"We will get it by Saturday night. There is no reason to believe that the American people will fall down on this job, gigantic as it is. We won't be compelled to use any strong arm methods."

McAdoo declared that reconstruction plans ought not to be allowed to take precedence at this time. He told correspondents that the whole financial and economic structure of America and of the world was so disrupted and so abnormal, that few persons had been able to get a true conception of problems after the war.

The problems which are to come will be vastly different than they appear as viewed at this time, McAdoo predicted.

Reports from Districts

Chicago, Oct. 17.—Subscriptions of \$772,600,000 of the \$870,000,000 liberty loan quota of the seventh federal reserve district had been recorded today. Of the district's deficit of \$97,400,000, Chicago alone has \$76,000,000 to raise.

Iowa and Michigan were both over-subscribed. Wisconsin was within 15 per cent of its quota of \$100,000,000. Indiana had raised \$103,000,000 of a quota of \$108,750,000.

Cleveland Ohio, Oct. 17.—Estimated liberty loan pledges in the Cleveland federal district totalled \$510,834,100 at noon today. The quota is \$600,000,000.

Kansas City, Mo., Oct. 17.—Liberty loan subscriptions to date in the tenth federal reserve district are \$148,646,400, it was announced today.

St. Louis, Mo., Oct. 17.—The eighth federal reserve district was \$29,100,000 short today of its liberty loan quota of \$280,000,000.

San Francisco, Oct. 17.—The twelfth federal reserve district today had more than \$100,000,000 to subscribe in less than three days to complete its fourth liberty loan quota of \$102,000,000.

As the sun of life sinks toward the west

Life has been said to consist of a constant succession of breakdowns and repairs.

In old age, the former predominate. The body machine is more or less worn out. Digestion is less perfect, elimination of waste is increased in quantity, but reduced in efficiency.

Hence, constipation is particularly pernicious. Constipation means more than mere failure of the bowels to move regularly and thoroughly. It means stagnation of the contents of the intestine, increased fermentation, putrefaction and germ action, the production of irritating and poisonous substances, that are absorbed into the blood and carried all over the body.

This is always serious—in old age it is especially dangerous.

Constipation cannot be cured by drugs at any age. It is especially harmful to an aged person to use pills, salts, and similar strong purges in order to force the bowels to act.

But the Nujol Treatment for Constipation is not only safe, it is in every way efficient.

Nujol is not a drug, does not act like any drug.

Nujol helps nature to re-establish easy, soft, thorough bowel evacuation—as "regular as clock-work"

Nujol softens and keeps properly moist the intestinal waste.

Nujol makes it easy for the intestinal muscles to act, and prevents them from overwork.

Nujol absorbs poisons and carries them out of the body.

Get Nujol from your druggist and take it according to directions.

Warning: NUJOL is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes
