

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

GERMANS TRY TO

(Continued from page one) something in the way of a reply will come from the reichstag session. On both points, the government professed early today to be in the dark. However, it is anticipated that before many days the nation will find some new phase of the German peace offensive, for there is no mistaking the German desire for peace and the German effort to keep the peace subject alive, authorities say. Danger of Bolshevism Bolshevism appears growing through out Germany and is even penetrating the army according to entente and neutral diplomats here today. Thriving on military defeat, food shortage and general war weariness, extreme socialists are growing bolder as they see popular support increasing, according to meager information seeping out through tight German censorship. Hopes were expressed guardedly by neutral and allied diplomats that Germany would head off this movement by establishment of a liberal government. Diplomats are openly apprehensive lest a growing bolshevik spirit in Germany invade surrounding neutral and allied countries and result in a reign of disorder throughout Europe. Reported warning by Lord Milner, British war minister, that it is to the allies' interest to see a stable government maintained in Germany aroused considerable speculation in diplomatic circles here. QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative. No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cleanse the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime. Thousands take one or two every night just to keep right. Try them, 60c and 50c per box. All druggists.

Lord Milner, according to London reports, warns allied statesmen against holding out for drastic changes in Germany, declaring that this would result in stiffened resistance by Germany. Diplomats are carefully studying reports reaching here today of socialist and trades union protests in Germany in which more food and easier working conditions were demanded of the government.

Protests From Trades Union. Speeches for one delegation recently, appealing to the chancellor, declared: "The whole nation has become terribly dispirited as to the result of domestic political events of the last few weeks. Representatives of the German working classes will no longer look on as spectators while the nation sinks from one stage to another, economically."

Delegates openly protested against the food shortage, demanded shorter working hours to "paralyze under-nourishment" and regarding the failure to make franchise reforms declared: "The people are turning in angry embitterment away from the comedy in the Herrenhaus (the upper Prussian chamber)."

Reputation of the pan-Germans was demanded by another delegate. The trades unionists and socialists wanted a hearing in the determination of the peace policy of the government. One Newspaper View. The following excerpt from Erzberger's organ, the Neue Zuercher Nachrichten was read with interest: "Some time ago we were informed in a quarter in very close touch with the entente that Britain, France and Italy were resolved to avoid a fifth year winter. Now we learn that high placed neutrals in Berlin are confident that the war will not survive 1918. These statements should be received with caution. The military and political situation by no means points to an early termination of the war."

The organ remarks, however, that there is the growing anxiety of European financial circles at the prospect of a continuation of the war."
