Court House News

In the suit of Lena R. Medley against George E. Medley, answering the affidavit of Mr. Medley, that he had an income of \$100 a month and was paying \$36 a month on Liberty bonds, Mrs. Medley filed a counter affidavit today in which she asserts that when she visited at his home last July, he told her that he was making \$100 a month but that he was working overtime and on Sundays and that his total income was \$150 the month. Also that he had already paid for all his Liberty bonds and was only paying on savings stamps.

Carrie Schulthess has entered suit against C. J. Smith and Christine Smith for the payment of three notes amounting to \$8,000 and interest, and also the foreclosure of a mortgage on the northwest quarter of section 24 and the east quarter of the northeast quarter of the southeast quarter of section 23, township 8 south o frango 1 east containing 280 acres. Also the foreclosure of a mortgage on the west half of the northeast quarter and the east half of the northwest quarter of section 23, township 8 south of range 1 east, containing 180 acres. The complaint alleges that the defendants failed to pay the taxes for 1915, 1916 and 1917.

Tine Heselrad, guardian of the estate and person of Orley Knutsen Overskel filed her annual report showing a balance on hand of \$1,511.02. LIBERTY LOAN GOES STRONG ON CLOSING DAY OF BIG DRIVE

Utah Is First State To Go Over Top—Every District Closing Strong.

UTAH IS FIRST

Washington, Oct. 19.—Utah is the first state "to go over the top" in both the classification and physical examination of class one men in the ages of 19 to 20 and 21 to 26, according to a telegram received at the provost marshal general's office today.

General Pershing Appeals

Washington, Oct. 19.—General Pershing today appealed to the American people to back up the boys at the front, in a cablegram to Secretary McAdoo. Pershing said:

"The success of the fourth liberty loan means much to the men of the American army who are engaged in the greatest battles of the war. The sacrifices our troops are daily making for the nation are adding glorious pages to her history.

"Occupying an important sector on the battle front, they are forcing the barbarous enemy northward, step by step, in hand to hand encounters, and are resolved to continue until the crime for our enemies had been expiated. Standing firmly on this resolve, your sturdy sons are fighting this war for freedom and firmly expect the continued support of all Americans at home."

Trying to Oversubscribe

Washington, Oct. 19.—Striving not only for the quota of \$6,000,000,000 but for an over subscription the nation this morning entered the last day of the fourth liberty loan campaign. Prospects were good for over-subscription, treasury officials said and workers everywhere were enthusiastic.

The greatest loan in history is about to succeed.

Half of the twelve federal reserve districts are within a comparatively few points of their minimum allotment. The others, with two exceptions, are not gaining much worry at loan headquarters here. Only Philadelphia and Atlanta have given reason for uneasiness in the minds of officials. However the executive committees of both of those districts are confident they will not disappoint the nation.

The most encouraging feature of the campaign has been the manner in which the communities of small population have responded to the government's call for funds. None has topped at its quota. All are plugging for double and trebled subscriptions.

In the national capital at noon a spectacular airplane battle took place. Twelve planes in battle formation participated. Six made a sham on the treasury building. The others were the defenders. Army officers who have been at the front, scored the battle.

War loan headquarters here was submerged under an avalanche of telegrams telling of the attainment of quotas by towns, cities, counties and states.

Reports by Districts

Cleveland, O., Oct. 19.—Officials of this district at 3 o'clock this afternoon announced the district's liberty loan quota of \$600,000,000 would be over-subscribed by between \$40,000,000 and \$60,000,000.

Minneapolis, Minn., Oct. 19.—The ninth federal reserve district has reported \$1,750,000 more than its \$210,000,000 quota in the fourth liberty loan, Theodore Weld, governor of the federal reserve bank, announced late today. Several millions more are expected to be reported by October 24.

Seattle, Wash. Oct. 19.—The state of Washington has over subscribed its \$58,000,000 liberty loan by \$2,000,000, committee men announced at noon today.

Indianapolis, Ind., Oct. 19.—Every county in Indiana has reached its fourth liberty loan quota. Over subscriptions at noon today exceeded \$5,000,000. The figures for the state at noon were \$111,425,550.

Wilmington, Del., Oct. 19.—Delaware has raised its allotment of the fourth liberty loan, which was \$16,000,000. It is believed that this amount will be over subscribed by \$3,000,000.

Boston, Mass., Oct. 19.—Maine and New Hampshire over subscribed their liberty loan quotas, according to today's official figures. Maine subscribed \$19,882,000, while New Hampshire went over with a total of \$16,419,000.

The Brunswick ALL PHONOGRAPHS IN ONE

The Super Phonograph

At last comes the ultimate phonograph—the NEW BRUNSWICK. After years of phonographic development, The House of Brunswick has achieved a new method of reproduction.

To properly interpret the sound waves of all records—to round out these vibrations in full, life-like volume—these were the problems.

And they are solved by the Brunswick's new and distinctive method, combining the ULTONA and the All-Wood Tone Amplifier.

With the ULTONA, the precise requirements of each type of record are met at a turn of the hand. The playing point, its position on the record and the exact degree of pressure with which it rests in the groove—all are provided in one compact, simple device.

Equally important in the new Brunswick method is the Tone Amplifier. It is built of wood, like a fine violin. Wood alone can give sound waves the mellow vibration essential to good music.

This explains why Brunswick reproductions are entirely free from metallic harshness. With the ULTONA and the All-Wood Tone Amplifier, new possibilities in phonographic music are discovered.

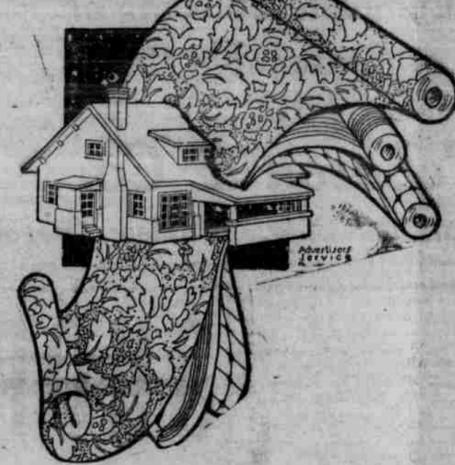

And remember, these perfect reproductions are possible not from one make or type of record alone, but from ALL records. No longer need you be restricted in making up your record collection. Choose the selections and the performances you prefer from any catalog—the stars of all the world are at your command.

Of the many models of Brunswick phonographs, there is one that will be sure to suit you exactly, and the price is little less than you expected to pay.

ALL THROUGH THE HOUSE

Every room in every home should have a distinctive air about it. Wall paper plays a very important part in forming this distinction.

Every Living room should be livable, restful, unobstructive. Every Dining room should be gay and fanciful, at the same time dignified and formal. Every Bed Room should be expressive of quietness in soothing tones. Every kitchen should be sanitary, cheerful, attractive.

We have such a wide variety of patterns in our stock that you can find just what you are looking for and still have a selection that's different from any other home in the city.

Salem, Oregon, July 6, 1918. An open letter to Bishop Matthew Simpson Hughes: Dear Bishop: Four weeks ago a public letter addressed to you charged the Sunday newspaper with being an abominable nuisance, and the republican party with being "an hypocritical, un-Godly old liquor party, over forty years behind the times, ruled by liquor and tobacco." I boldly renew both charges. To me these seem to be vital and irrefragable issues of vast and immediate importance. Are you a doubter? Respectfully, Wm. N. Tait.
