S. A. T. C. Boys Have Fine Meals Served At Barracks

Members of the Students Army Training corps of Willamette University not only have commodious quarters in the Science hall, but the meals served them are most satisfactory, although they do not of course include any large amount of ice cream and fancy trimmings. That the food is the most wholesome may be judged from the menu for Saturday. And more than that, the meals are prepared in a kitchen that for its cleanliness, would be approved by the most fastidious housekeeper. Today the menu is as follows: Breakfast: Must, dry toast and butter, apple sauce and coffee. Dinner: Beef stew, potatoes, carrots and celery, pudding and coffee. Supper: Macaroni, tomato soup, salad bread and tea.

MOSER LAMBASTS (Continued from page one)

he arbitrarily made a cut in the amount of money requested. Moser insisted that the college ought to be able to get along on \$15,000. President Kerr of the college was present and explained that he had trimmed the figures to the lowest possible point, and said if the money was not voted it would force the college to provide benches for the men to sit on instead of chairs and would greatly interfere with the work expected of the college by the government. President Campbell of the University of Oregon also was present and stated that there was a possibility that he would need \$15,000 additional before the end of the war, but he made no specific request and the matter was let go over until a later date.

TELL OF BARBARITY OF GERMAN CAPTORS.

London, Oct. 21. (British Admiralty wireless.)—Revelations of the sufferings of Lille under German occupation brought the following comments from the London Observer: Recovery of all the dense industrial population around Lille enabled the people to tell for the first time a tale of things which will never be forgiven until compensation at its fullest has been exacted and punishment at its sternest has been meted out. Young women and girls, young men and youth, have been taken, away like slaves to hard by the enemy. Their unhappy parents know not what has become of them. Lille has been looted. Pictures and other collections of its well known gallery and museum and their stilled. Its inhabitants and their neighbors have been forced to pay fifteen million pounds, sterling in fines and tributes. When these are made good, let the allies begin to speak of lenient treatment of Germany's people. Until justice is done, let them not talk in soft tones if there is one corpse of sound, red blood in their veins.

PARTY AT AUMSVILLE.

Mr. and Mrs. C. J. Lewis, were the delightful host and hostess of a successful party given Saturday evening, Oct. 12, at their new home northwest of town. About forty guests were present, including the close neighbors and a good many from town. A number of out-of-town people were present including: Mr. and Mrs. Edwin VanNoy of Portland; Corporal Glen E. Munkers of American Lake; Mr. and Mrs. Harris, and Mrs. J. H. Schaffer of Turner; Mr. and Mrs. Ed Denhem of the Witzel district, and Mrs. Everett Condit of Tillamook. Tony Perkins and Mr. Harris brought along their violins and most of the evening was spent in dancing and floor games. Old fashioned quadrills which everyone seemed to enjoy constituted the leading amusement.—Aumsville Record.

TAX TITLE GRABBERS NOT SATISFIED

Oregon's Experience in Liberty Loan Drive Is Wholesome Lesson.

A striking illustration of the value of publicity has come to light within the past three weeks. The illustration bears a moral which should be of interest to every voter. The state Liberty Loan sent out pledge cards broadcast over the state to notify patriotic citizens to come in and voluntarily purchase Liberty Bonds during "Home Week," preceding the efficient campaign. Did the voters respond? They did not. In fact no attention was paid to the cards by 90 per cent of the people. The situation became desperate when, on the evening before September 28th, the state was short about five million dollars in bonds. Then a new plan was tried. The loan organizations sent "personal notices" out thru the newspapers, by publishing the names of a few Portland slackers and some others of the state. Within three days Portland and the state at large slid over the top. The result was a highly agreeable surprise. Mail notice, it can be seen, is not always effective. The Portland Journal's campaign to eliminate the publication of the delinquent tax lists is not meeting with the approval of the taxpayers of Oregon. In the first place it is a campaign of malice, of spite-work, against the press of the state. In the second place the existing tax publication law of Oregon is fashioned to serve the taxpayer and not the title grabber. The present law provides publication, but only after mail notices have been sent out and have failed to notify. Publication is not for those who pay but for those who have failed to receive proper notice. Could any fairer scheme be devised? Let the present law alone. It works to your advantage even if it does not please the title grabber.

HEAD OF ALBERS BROTHERS ARRESTED

Portland, Or., Oct. 21.—Henry Albers, millionaire head of the Albers Brothers Milling company, was arrested here today on a government warrant charging violation of the espionage act. The arrest was made by Deputy United States Marshal Mann. Albers' company has been kept busily engaged on profitable government war orders. Evidence against Albers was obtained by Deputy United States Marshal Tichenor while on a Southern Pacific train between Grants Pass and Roseburg, Oregon. Tichenor said he went into the smoking compartment of the observation car and found Albers with a whiskey bottle partly emptied. He warned Albers, he said, to put away the bottle and then left the compartment. Tichenor said others in the compartment told him later of alleged unpatriotic remarks Albers had made. He said they threatened to whip Albers. Tichenor said he told them a better way would be to get evidence against Albers. Tichenor then obtained the names of witnesses and a rough draft of Albers' alleged unpatriotic remarks.

Eugene Editor Victim Of Spanish Influenza

Eugene, Or., Oct. 21.—Max P. Taylor correspondent for The Oregonian for this city and city and telegraph editor of the Eugene Daily Guard for the past five years, died at his home here at 2 o'clock yesterday morning from pneumonia, which followed an attack of influenza about two weeks ago. He was 35 years of age. Mr. Taylor was widely known thru out western Oregon and Idaho as a newspaper man of unusual ability. He entered the profession 20 years ago as a boy on the staff of the Guernsey, O., Times. About 15 years ago he came west and served on the Idaho Statesman, at Boise, and other publications in that state until coming to Eugene. Mr. Taylor was born in Cambridge, O., March 21, 1883. He leaves, besides his wife, three small children, Maxine, Dorothy and David; his mother, Mrs. David Taylor of Cambridge, O.; a sister, Miss Martha Taylor, also of Cambridge, and two brothers. One brother, Sherman Taylor, is now in France with the American troops, and the other, Robin C. Taylor, is a prominent stockman of Boise.

Seven Bilios And Half Loaned To Our Allies

Washington, Oct. 21.—This government today granted a new credit of \$200,000,000 to Italy and \$100,000,000 to France. The new credit makes the total loans to France \$2,185,000,000 and to Italy \$1,000,000,000 and a total to all the allies \$7,520,470,000.

Attorney Macy Sees Things While In San Francisco

R. W. Macy, city attorney, is home from San Francisco where he went to represent the city before the U. S. court of appeals on an appeal from the district court of Portland in the famous hydrant case. This is the case in which the Public Service commission raised the hydrant rate of Salem from \$1.82 to \$2.50 and was sustained by the district court of Portland. Mr. Macy was assisted in presenting the city's case by William P. Lord of Portland. A decision in the case will probably not be reached until some time in November. The city's contention was that the Public Service commission had no jurisdiction in the matter of a contract.

BAN PLACED ON SMOKING.

Captain Tyler, commandant at Willamette University of the Students' Army Training Corps, has placed a ban on smoking in the local barracks building. The regulations of the university prohibit students from the use of tobacco on the campus, but the sentiment of several men was against the extension of this rule to include the barracks. Accordingly, to settle the argument, the question was put up to the men at drill. When it was discovered that only five of the men were tobacco users, the present order was given. The members of the unit who desire to puff their cigarettes when off duty may cross the street and indulge in peace.

IMPORTANT REAL ESTATE DEAL MADE LAST WEEK.

A large real estate transaction was made here today for Mr. and Mrs. Geo. Herbert, of Seattle, through Mrs. Herbert's father, M. Martens, of this city attorney, with C. A. Parvins of Drain. Mr. and Mrs. Herbert traded property in Medford, consisting of a sixty-room apartment house, for a fruit tract at Salem and timber acreage near Drain, belonging to C. A. Parvins. Both parties have taken immediate possession of their newly acquired property. Mr. and Mrs. Herbert are residing in Seattle. The deal was consummated through the G. U. Helbig real estate firm of this city.—Roseburg Review.

Enemy alien teachers in Hawaii's public schools are to be dismissed by the commissioners.

CHICAGO OVER-SUBSCRIBES Chicago, Oct. 21.—Chicago over-subscribed its Liberty loan quota by more than \$30,000,000, officials estimated today. The seventh federal reserve district, outside Chicago and Cook county, made an over-subscription of more than \$26,900,000. A total of \$928,000,000 was raised in the district. The quota was \$870,000,000. Hawaii's sugar crop for 1918 will be 561,000 tons. Of this 49,000 tons are on hand awaiting shipment.

The Brunswick ALL PHONOGRAPHS IN ONE The Super Phonograph At last comes the ultimate phonograph—the NEW BRUNSWICK. After years of phonographic development. The House of Brunswick has achieved a new method of reproduction. To properly interpret the sound waves of all records—to round out these vibrations in full, life-like volume—these were the problems. And they are solved by the Brunswick's new and distinctive method, combining the ULTONA and the All-Wood Tone Amplifier. With the ULTONA, the precise requirements of each type of record are met at a turn of the hand. The playing point, its position on the record and the exact degree of pressure with which it rests in the groove—all are provided in one compact, simple device. Equally important in the new Brunswick method is the Tone Amplifier. It is built of wood, like a fine violin. Wood alone can give sound waves the mellow vibration essential to good music. This explains why Brunswick reproductions are entirely free from metallic harshness. With the ULTONA and the All-Wood Tone Amplifier, new possibilities in phonographic music are discovered. And remember, these perfect reproductions are possible not from one make or type of record alone, but from ALL records. No longer need you be restricted in making up your record collection. Choose the selections and the performances you prefer from any catalog—the stars of all the world are at your command. Of the many models of Brunswick phonographs, there is one that will be sure to suit you exactly, and the price is little less than you expected to pay. LET US DEMONSTRATE THIS MACHINE—ASK FOR CATALOG C. S. HAMILTON Furniture Store, Salem, Or.
