

"Dr. Caldwell's Syrup Pepsin is certainly a most pleasant and efficient solution of the 'castor oil problem' that confronts most mothers." (From a letter to Dr. Caldwell written by Mrs. Chas. Daly, 412 Shonnard St., Syracuse, N. Y.)

For most children a mild laxative, administered occasionally, is all that is necessary to assure normal regularity and consequent good health. Dr. Caldwell's Syrup Pepsin is a pleasant-tasting combination of simple laxative herbs with pepsin that acts gently, yet effectively; children like it and take it readily.

UNITED STATES NAVAL

Continued from page one)

base with a personnel of over 500,000 men. As for the northern bombing group news of which hitherto has been withheld, Roosevelt pointed out that the day and night bombers had prevented the Germans from cleaning out the channels of Ostend and Zeebrugge after the naval raids there.

The United States has a very large naval unit at Gibraltar working with the British and soon to be joined by the Brazilians. This unit operates on the Atlantic and in the Mediterranean to Marseilles, Italy and Greece. In Italy there is a flying school and on the eastern side of the Adriatic we are helping in mine barrage operations. In the Azores, the United States is helping the Portuguese protect that base.

Roosevelt revealed that fifteen submarines was the maximum strength of the fleet around the British Isles. But he advised that Germany has many more U-boats now driven far off shore. "We can't let up for a single second," he said. "We must cover every place where no submarines have ever been seen and we must have many sta-

tions at obscure points as a matter of complete security." His personal feeling was that Germany did not intend to risk her fleet in a big sea battle.

The spirit of unity among the allied navies, he said, is inspiring. There is an "extraordinary absence of jealousy"—never any question of who shall do a task or who shall get credit for it.

The secretary placed American personnel at over 60,000 men and said the number of ships overseas is constantly increasing.

Roosevelt visited Belleau wood, the scene of the second division's gallant stand. Of this division and the marine brigade there in, he spoke highly. Their dash through the rocky wooded jungle will go down in history, he said, as the turning point of the war.

Incidentally Roosevelt said that the navy is manning and outfitting every troop transport going to Europe and the majority of the supply transports. Only about 40 per cent of the troop ships are American; most of the rest are British.

Scotland now harbors several American bases from which mine ships operate and which have a large personnel. "It is natural," he said, "that our operations around Great Britain should be better known than elsewhere, but on the continent we not only have a big personnel ashore, but have more stations than in the whole of England."

"On the west coast of France there are a series of bases from which our ships operate in going out and bringing back merchandise. It has been necessary to build up almost complete repair plants and the shore facilities are more than twice what they were."

"The outstanding feature is aviation. All the way from Spain around the channel, we have established about 28 of these stations, so spaced that all the coast is adequately covered by seaplanes and dirigibles."

The flyers and patrolers have driven the submarines out fifty miles from shore and this barred zone is expected soon to be 100 miles.

OREGON NORMAL SCHOOL WAR EMERGENCY COURSE AND CERTIFICATE

Owing to the scarcity of teachers the Oregon Normal School will offer a War Emergency Course of twenty weeks outlined by the Superintendent of Public Instruction. The course will begin with each of the terms commencing Nov. 16, 1918; February 8, 1919 and April 12, 1919. The Superintendent of Public Instruction will consider it equivalent to the Teachers' Training Course and issue a certificate upon its completion valid to teach in the elementary grades for one year.

This course will be open to those who have had two years or more of high school work or its equivalent. No age limit is required for entrance, but before a certificate can be issued applicant must be at least eighteen years of age.

All regular courses will be offered as usual.

For detailed information address

A Clever calling costume outlined in embroidery.—A calling costume or tea frock of leaf brown charmeuse with design in shades of brown outlined in embroidery is the latest creation. The waist repeats the design and uses chiffon sleeves.

SOCIETY

By CAROL S. DIBBLE.

Mrs. Thomas Wharton of Roseburg, who has been visiting in Salem as the house guest of Mrs. George M. Brown, was the guest of honor yesterday at a charming knitting tea given by Mrs. Brown at her residence, 375 North Fourteenth street. The affair was of a most informal nature, the guests numbering a coterie of Salem matrons, who formerly resided in Roseburg, and a few neighborhood friends. A tasteful array of costumes formed pretty decorations in the rooms.

Mrs. Wharton left today for Portland, where she will spend several days with friends before returning to Roseburg.

Mrs. J. R. Linn, accompanied by Mrs. Charles Miller and Mrs. Armin Steiner, motored down to Albany today, where they will remain over night as the guests of Mrs. Robert Green.

Mrs. and Mrs. A. Sutton have received word that their son, Harry A. Sutton, who is in the aerial branch of the service, has been promoted to the rank of captain. Captain Sutton enlisted in the service a year ago last July and his signal promotion may be considered a decided honor, coming within so brief a period after his enlistment. He is now taking a special four months training course at Cambridge, Massachusetts, preparatory to going across the water. Previous to his being sent to Cambridge he was an instructor in the aviation post at Kelly Field, Number Two, Texas.

Captain Sutton was well known in college circles here, being both an alumnus and post-graduate of the Oregon Agricultural college. His brother, Lee Sutton, is now a student at O. A. C. A. sister, Miss Grace Sutton, resides in Salem, holding a position in the state house as secretary to the assistant of the attorney general.

Mrs. O. E. Gault of Portland spent several days in Salem last week as the guest of Mrs. Willard McInturff. Mrs. Gault was en route home from an extended sojourn in Los Angeles, California. Mrs. Gault's son, Clarence Gault, and Mrs. McInturff's husband, Willard McInturff, sailed overseas together at the same time and are both stationed as lieutenants in the coast artillery at North Hampton, England, within ten miles of each other.

Miss Margaret Faber of Portland is being entertained in Salem as the guest of Mrs. G. W. Laflar. Miss Faber, who was formerly the organist at the Peoples theater, is now playing at the Peoples theater in Portland. She will be in the city for several days.

The Jolly Twelve Card club, which was to have opened social activity for the winter this evening at the home of Mr. and Mrs. Frank Bowersox in Morningside, has postponed its initial meeting until the prohibition on all gatherings of any size is lifted. The president of the club is H. Haid.

Mrs. Ed Keasley and son, Donald, who have been visiting at the H. C. Schultz and Carl Reuf homes, have returned to their home at Pasadena, California. Mrs. Keasley is a sister of Mrs. Schultz.

A pretty home wedding took place Saturday evening when Mrs. Matilda Buchner and Thomas M. Champlin were quietly married at the residence of Mr. and Mrs. Walter F. Buchner, 1310 Court street. The service was read at five o'clock by Rev. H. N. Aldrich of the Leslie Methodist church, the ring ceremony being used. The vows were pledged amid a lovely shower of pastel-shaded dahlias and delicate greenery. The flowers were from the gardens of Mr. Buchner, who is a son of the bride.

After the ceremony, a dainty wedding collation was served to the guests who included the members of the im-

mediate families. Mrs. Buchner was assisted in serving by her daughter, Miss Dorothy Buchner. The table was centered with a handsome bowl of roses intermingled with smilax.

The bridegroom is the father of Mrs. H. N. Aldrich. Mr. and Mrs. Champlin will be at home to their friends after November first at 1394 South Commercial street.

Miss Grace Fawk visited friends in McMinnville over the week end.

Mrs. William H. Prunk left yesterday for Newport, where she will enjoy a two week's outing.

The influenza has automatically cancelled the regular meeting of the P. E. O. Sisterhood, which would normally have been held yesterday afternoon at the home of Mrs. Walter Kirk.

Mr. and Mrs. Carl Beckett have gone

DON'T NEGLECT A RHEUMATIC PAIN

Go after it with Sloan's Liniment before it gets dangerous

Apply a little, don't rub, let it penetrate, and—good-by twinges! Same for external aches, pains, strains, stiffness of joints or muscles, lameness, bruises.

Instant relief without mussiness or soiled clothing. Reliable—the biggest selling liniment year after year. Economical by reason of enormous sales. Keep a big bottle ready at all times. Ask your druggist for Sloan's Liniment.

Sloan's Liniment Kills Pain

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take A Glass Of Salts Before Breakfast If Your Back Hurts Or Bladder Bothers You.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative system clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithin, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

to Tillamook, where they will spend the winter. Mr. Beckett is in one of the gipparads near Tillamook.

Mrs. G. W. Porter of Polk county received a telegram last evening from Camp Lewis stating that her daughter, Miss Ora Cavitt, is seriously ill with influenza. Miss Cavitt is a Red Cross nurse, who left Salem only a few weeks ago to assume her duties at the northwestern cantonment.

Mr. and Mrs. Fred Bernardi entertained with a dinner party Saturday evening at their home, 432 South High street, in farewell compliment to Lieutenant Porter and Private Neilson of Falls City, who have been transferred to a camp in southern Oregon. The hours were gayly whittled away with music, dancing and cards. Those bidden were Mr. and Mrs. Joe Bernardi, Mr. and Mrs. E. Cooley, Mr. and Mrs. Ed Givens, Mr. and Mrs. Al Courter and sons, Mrs. Ada Zosel.

Mrs. F. W. Vincent of Pendleton is visiting Mrs. Charles A. Murphy for a few days. Mrs. Vincent will be joined later by her husband, Dr. Vincent.

Mrs. Walter K. Spaulding accompanied by her brother, Clay C. Miller, spent the week end in Oregon City as the guests of their mother, Mrs. Nora Gard Miller.

Milk Toast Diet Too Much For Her

"I doctored for years with only temporary relief. My liver was very bad, after eating I would always have such a fullness in my stomach and my heart would palpitate. I could not eat milk toast without distressing me. Since taking a course of Major's Wonderful Remedy more than a year ago, I can eat anything my appetite desires." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. J. C. Perry, Capital Drug Store, and druggists everywhere.

STATE POLICEMEN

(Continued from page one)

ating Triplet. The charge against Smithers is that of maintaining a public nuisance. Brown, whose first visit it was to the room, put up cash bail of \$20, and was allowed to go. The women are held as witnesses. A warrant, nuisance by giving away intoxicating liquors in his room, has been sworn out.

The state authorities have been notified of the charges against Triplet and charge from the state police force is expected. It is claimed that the chief of police of Ashland has also some interesting evidence relative to the conduct of Triplet and Smithers in Ashland. State Policeman Ireland, whose home is in Grants Pass, and whose headquarters are in that city, is not implicated in any way with Smithers and Triplet.

GERMANS PRETEND

(Continued from page one)

There is abundant evidence that the Germans rely upon keeping Alsace-Lorraine by a manipulated plebiscite and on keeping Prussian Poland by putting together all parts of Prussia in which Poles live and then arguing that the Polish population does not constitute a majority of the whole area.

This appears quite clearly from the leading article in the Frankfurter Zeitung, which states:

"The main peril of the coming peace negotiations does not lie in Alsace-Lorraine. We feel ourselves much too closely united with the German people of this German land to be able to doubt now, when faced by the choice, it would choose between that and France. But in the east, in Poland, probably lies tremendous peril. The Polish appeal permits itself to interpret the thirteenth point of Wilson's thesis in the sense that all territories that were formerly Polish are to be united in a uniform Polish state with its own sea coast. This interpretation is false."

"It would be intolerable for Germany because, thinking only of the Poles and not at all of Germans, it would actually exclude the right of self-determination of the German na-

Give Candy Cascarets to a Bilious, Constipated Child

"Mother gives me a candy Cascaret when I am cross, sick and won't play."

TO MOTHERS! Each ten cent box of Cascarets, candy cathartic, contains full directions for dose for children aged one year old and upwards. Nothing else "works" the nasty bile, sour fermentations and constipation poison from the tender little bowels so gently, yet so thoroughly. Even cross, feverish, bilious children gladly take Cascarets without being coaxed. Cascarets taste just like candy. Cascarets never gripe the little bowels, never sicken, never injure, but above all, they never disappoint the worried mother.

American Red Cross Expenses In Belgium

Washington, Oct. 22.—The American Red Cross by the end of the year will have spent \$8,379,000 for relief of stricken Belgium, it was announced today.

Eighty-two canteens, providing refreshments for soldiers, nine hospitals, nurseries for fifteen thousand children and a home for disabled Belgian soldiers are some of the activities that have necessitated the spending of this sum. Many of the hospitals had been rebuilt from time to time when they had been destroyed by German bombs.

Wholesale Executions By The Austrian Military

Washington, Oct. 22.—Wholesale executions of Czechs, Slavs, Poles and Ukrainian soldiers who refuse to fight in the battle of their oppressors are being indulged in by Austrian military authorities, official diplomatic cables stated here today.

Verdicts for these executions on technical charges of high treason are signed by Emperor Charles who has just announced his intention of granting "autonomy" to Slavic subjects of Austria.

Slavs are refusing to fight in large numbers and are enlisting under the flags of the allies whenever escape from the county is possible.

Discontent against Prussia is growing German provinces, diplomatic cables indicated. Many Bavarians, it is stated, openly advocate secession from the empire as long as Prussia continues to dominate its affairs. Demand for convocation of a high court for the trial of all persons, even of the highest rank responsible for the war, recently adopted by Munich socialists, aroused a wide response.

Rumors have spread in Munich that Bavaria is seeking a separate peace. These, though discounted completely, indicate to diplomats the state of mind in southern Germany.

SCOURGE IN VANCOUVER

Vancouver, Wash., Oct. 22.—With four deaths, ill from Spanish influenza, and with the number of cases increasing, the epidemic has reached serious proportions here today.

MORE DEATHS IN PORTLAND

Portland, Ore., Oct. 22.—Deaths from Spanish influenza are increasing in Portland, but the number of cases is decreasing. Sixteen deaths have resulted from the disease, it was reported today.
