### Maximilian Harden Asks Kaiser To Abdicate

Amsterdam, Oct. 22.—We are alone. When a fortress can no longer hold it is no dishonor if the commander surrenders. The Kaiser must take up his cross of concluding quickly necessary peace and accepting whatever is hard. Let the Kaiser declare himself ready and let him fit himself with new Germany as his first citizen.

This utterance by Maximilian Harden addressed to several people in Berlin yesterday, was loudly applauded.

Herr Harden, whose plain-spoken language in Die Zukunft, of which he is editor, has caused suspension of that journal on several occasions, was permitted, according to the reports of his address, to speak freely and without hindrance.

His remarkable declaration respecting the surrender and "the Kaiser's cross" follows: "I review of the situation in which he pointed out that Bulgaria was occupied Turkey's fate was sealed and Austria-Hungary was out of the fight.

Julius H. Barnes, president of the Food Administration's grain corporation, believes further extensions of wheat acreage unnecessary and unwise.

### Silverton Man Sick At Camp Lewis

(Capital Journal Special Service.) Silverton, Ore., Oct. 22.—Word was received here today by Mr. and Mrs. Clark Warnock that their son Horace Warnock, is very sick at Camp Lewis. The trouble is said to be a bad case of bronchial pneumonia.

Mr. and Mrs. H. E. Brown received a telegram Sunday morning from their son, Floyd, who is stationed at Riverside, Cal., stating that he had been commissioned second lieutenant. Floyd was the first boy in Silverton to enlist when the President's call came for volunteers for service on the Mexican border. After serving on the border he was transferred into the regular army and is now attending the aviation school at San Diego. At present he is at the March Field aviation school at Riverside but is soon to be transferred to some other post.

Word came to Joseph Madson a few days ago that his son, Nelson Madson, died in New Mexico from Spanish influenza, and that his wife and daughter, Miss Sofi, who have been visiting there for some time, are sick with the same disease. Mr. Madson had some idea of locating in that country but the death

### AMERICAN NEWSPAPER COMMENT UNFAVORABLE

Editors Generally Believe Germany Is Not Sincere In Language Of Note.

TYPICAL ALLIED PRESS COMMENT ON NOTE

American, (New York Mail): "To the latest falsehoods, evasions, and diplomatic subterfuges attempted by Germany, the American people can have but one rejoinder: 'You must surrender unconditionally!'"

British (London Post): "Germany's position is unchanged. Unless she is disarmed we cannot afford to talk this giving Germany the advantages of any unscrupulous liar over an honest man."

French (Paris Mail): "The present German government is not responsible. Scheidemann is no better than Bethmann-Hollweg. He is also a 'serp of-tapestry man. But Wilson will not be duped.'"

Chicago, Oct. 22.—Commenting on the latest German note, the Chicago Post today said editorially:

"It is the Sussex note over again. The German high command seeks to bring us to peace by the same clumsy dishonesties that brought us to war. What is the use of trying to do business with such people?"

The Chicago News said: "Germany's reply is full of perils, since it tends to awaken a general belief that the war is over among the people of the free democracies. Promises, however, of his son may change his plan.

### THE MOOSE ARE CALLING IN FORESTS OF NEW BRUNSWICK

New Brunswick Moose

Much Coveted Moose Antlers

Harry Allen Calling

When the grass begins to crackle underfoot; when the leaves begin to swirl in mad eddies and the naked branches to reach after them impotently; when the morning crispness hints of coming frosts; then the man with a bit of sportsman blood in his veins, feels the call of the wild.

Follows a great furbishing and oiling of guns. There's rummaging through closets for boots and leggings and oilskins and warm duck coats. There's writing of letters to places with weird Indian names, to engage guides and camps. There's a lot of discussion with fellow-sportsmen as to where to take and what not to take, but there is no discussion as to where to go—at least not for the Eastern sportsman. New Brunswick is the hunting ground for him. Accessibility and plentifulness of game guide his choice.

The keen desire of every hunter going into the north woods is to get a moose head. This desire is usually gratified by going to New Brunswick. Its deep woods shelter moose, caribou and deer in great numbers. Black-bear and Canada lynx, or wild-cat, offer further big game sport while small game is to be found in riotous abundance.

Stalking moose is the keenest of sport and demands much skill and caution. Moose, as a rule, feed "down wind" and, with their eyes protecting them from the front and their wonderful sense of smell and hearing from the rear, stalking must be done "up wind." Getting your moose by "calling" is possible during the early days of the season.

New Brunswick guides and camps are unexcelled and are prepared to accommodate women who are often members of hunting parties. In the care of a guide like six-foot Harry Allen, a hunter—man or woman—is assured of royal sport, good care and an all-around fine time.

for nothing when they are made by faithless Germany."

Cleveland Press: "It will require deeds, not words, to convince America that Germany wants a just peace. And as long as Hohezoeller is on the throne we know beyond doubt that Germany would make peace only for time to prepare for another war."

Kansas City Star: "It is still true that the only language she (Germany) understands is the language of force. Let Koch reply to the latest note and let his terms be those of the victorious commander to the beaten enemy: 'Unconditional surrender.'"

San Francisco Call: "The symptoms are promising. But is kaiserism dead or is it playing 'possum'?"

San Francisco Daily Mail: "Germany wants peace without correcting one of the evils that plunged the civilized world into war. On to Berlin!"

Philadelphia, Oct. 22.—Peace is brought no nearer by the latest German appeal to President Wilson," the Evening Public Ledger editorially commented today.

Winnipeg Free Press: "Discussion of war and of peace terms with the German government as now constituted is worse than futile; it is dangerous and subversive of the allied morale."

Detroit Times: "There is still something missing from the message. That's contrition—and complete submission."

Detroit News: "The German note admits that heretofore their people have had no voice in declaring war or peace. That's one argument Mr. Wilson won."

St. Louis Times: "Regardless of what interpretation any purist may put on the language of the German note, the fact is that the German government has made an unconditional surrender to President Wilson."

St. Louis Star: "There will be little patience with such a reply. The American people are in this war for a specific thing and are not in a mood to debate it with an undefeated and unrepentant German government."

Des Moines Capital: "Germany's reply is absurd and should receive no attention at the hands of the president. In four years America has not gained a single point by discussion with the Kaiser. Nothing short of unconditional surrender is our plea."

Des Moines Tribune: "The German response is too much hedged about by conditional phrases. Germany must come to the allied powers with what amounts to surrender."

Minneapolis Daily News: "Germany's latest answer is a mushy mass of quibbling, equivocal and circumlocuting. It is full of trickiness and loopholes and is wholly devoid of any flavor of sincerity."

Seattle Star: "President Wilson can

### Try Making Your Own Cough Remedy

You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes and is wholly devoid of any flavor of "scenting."

A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded.
