I Am Completely Cured

Mrs. Kate Marquis, Middleburg, Logan Co., Ohio, writes as follows:

"I have used Peruna with success. It has cured me of catarrh of the head and throat. It is the best medicine for catarrh that I have ever used. I am completely cured. Thanks to Peruna."

Mrs. Marquis is but one of many thousands who know the value of Peruna for that catarrhal condition of the membranes responsible for many of the human ills.

If you object to liquid remedies ask for Peruna in tablet form.

SOCIETY

By CAROL A. DIEBOLD.

MRS. P. A. ELLIOTT has been appointed supervisor of the Red Cross surgical dressings department to succeed Mrs. Milton L. Meyers, whose resignation was accepted by the executive board of Willamette chapter yesterday afternoon.

Mrs. Meyers' resignation went into effect today. She has had charge of the surgical work for nearly ten months, and her systematic efficiency and zealous application have done much toward the perfecting of the department and the advancement of its general purposes, which were so successfully developed at the beginning by Mrs. Henry Meyers, who was the first supervisor to be appointed at the organization of the Willamette chapter. Mrs. Elliott has been exceedingly active in the branch of work which she now assumes management of, and is well qualified by varied experience of an executive nature to take up her new duties.

The night classes are discontinued until the influenza outbreak is over. All who wish to attend during the day, and are free from colds of any kind are asked to report at the work rooms.

A committee was named by the executive board to find a new location for headquarters, as the chapter must move from the United States National bank building at once. The committee includes Mrs. Lawrence T. Harris, D. W. Eyre and August Haeckstein.

Mr. and Mrs. Donald Spencer of Portland, accompanied by Mrs. Spencer's mother, Mrs. Watson, and Clarence Bishop were the guests of Mr. and Mrs. Chauncey Bishop Sunday, motoring back in the evening.

MRS. IRENE SCOTT, 125 N. High St. FOR WOMEN WHO WORRY

Worry and "the blues" are usually linked together, and in many cases are due to some functional derangement which if not corrected may lead to more serious ailments. More out door life, sleep, water drinking and a few weeks' treatment with that good old-fashioned root and herb remedy, Lydia E. Pinkham's Vegetable Compound, will revitalize and strengthen the system and work wonders for any woman. If you are prone to worry and "the blues" try it.

GENERAL PERSHING.

all be hurled into the combat to keep the Americans from cutting off Luxembourg.

A new attack toward the Rhine by the Germans would change the situation very quickly. The Germans, therefore, would be unable to concentrate so important a part of their field forces north of Verdun. They would have to spread their waning reserves over an extra hundred miles of threatened frontage south of Verdun and the possibility of a break through by the allies would be much increased.

Marshal Foch has doubtless not had the necessary number of fully trained Americans up to the present to undertake this new extension of the campaign. His major offensive efforts hitherto have been centered on hampering the German retreat from eastern France and Belgium and inflicting unprecedently heavy casualties. Now that the Germans are moving well back toward their own border, a change in the allies' strategic plans must soon occur.

Unless the winter interferes the Rhine's turn to become a major objective is probably not far off.
