PORTLAND MAN GAINS 24 POUNDS

Was Hardly Able To Work Before He Began Taking Tanlac.

"When I started taking Tanlac I was so weak I could hardly do anything, and it has not only almost made a new man of me, but I have gained twenty-four pounds besides," said Charles E. Shaffer, and employee of the Grant Smith-Porter Ship Building company, living at 568 West Charleston street, Portland, Oregon, the other day.

"A little over a year ago," he continued, "I suffered from a bad case of the grippe that pulled me down till I was hardly fit for a thing. I lost my appetite and what little I managed to force down soured on my stomach and felt as hard as a lump of lead in me, and I was miserable night and day. Then several weeks ago I had an awful attack of tonsillitis that had me so bad I couldn't swallow a bit of nourishment for ten days, and it came near putting me out of business. I felt tired and worn out all the time and lost every spark of energy I ever had. When I went to bed I would roll and toss so much that I never got a good night's sleep much in the last three or four years, and I always got up in the mornings feeling just as bad as when I went to bed. I lost considerable in weight and got so weak and rundown that at last I just had to quit working altogether.

"I read so much about the good Tanlac was doing others that I decided to try a bottle. I began to pick up right smartly from the very first, and in a little while I had my appetite back and was eating and enjoying my meals, and everything now agrees with me. I got as hungry as a bear in three hours after eating a hearty breakfast, and my food is building me up something wonderful. I sleep like a log all night and get up in the mornings feeling just fine and dandy. I am fast getting back my old time energy, and have already got a number of my friends started on Tanlac and expect to keep on boosting it."
