

How Is Your "Culebra Cut"?

The Panama Canal is a clear passageway as far as the Culebra Cut. But Gold Hill has a way of slipping into the cut. And until dredges can clear the channel, the industrial schedule of the world is out of gear.

How about your own canal? The intestinal canal is a clear passageway as far as the large intestine. There, if you become constipated, waste matter is allowed to stagnate. It becomes unnaturally dry and undergoes abnormal fermentation and putrefaction. Germ activity is increased. Your whole system is out of gear. Result, the production of irritating and poisonous substances, which are absorbed into your blood and carried all over your body, liable to produce disease anywhere. The longer such stagnation is allowed to exist, the harder it is to clean out the canal. 90% of human disease originates in the "Culebra Cut."

If engineers tried to blast out the slide from Culebra Cut they would have more slides to cope with. If you try to blast out accumulated waste from your Culebra Cut with pills, salts or purges, you will increase your constipation—and next time you will have to take stronger medicine in a larger dose.

You can't dredge your canal. You can clean it out with Nujol.

Nujol softens the mass, and supplies the intestinal canal with sufficient moisture to replace deficient mucus. It causes the obstructive waste matter to pass gently out of your system at a regular hour, absorbing and removing the poisons as it goes. Nujol regularity keeps the traffic of your mind and body operating on schedule.

You admire the Panama Canal system. Why not safeguard your own? Your druggist has Nujol.

NUJOL is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.

OBITUARY

Joseph Selmon Hilton Walker was born Nov. 25, 1851, in Claybourne county, Tenn.

While still a small boy he moved with his parents, Henry and Lavinia Walker to Union county, Tenn., locating at what afterwards became known as Walkers Ford, Tenn., where he resided until manhood.

On Jan. 11, 1872, he was married to Miss Sarah Malinda Bellamy, daughter of John D. Bellamy of Claybourne county, Tenn.

To this union were born 10 children two having died in early childhood. He leaves to mourn his loss a loving wife and eight children—Mrs. Sarah Malinda Walker of Salem, Or., D. S. R. Walker of Eugene, Or., J. A. Walker of Roseburg, Or., Mrs. Lucy Johnson of Salem, Or., Mrs. Lennie Parks of Mulkeytown, Ill., Mrs. Olive Hogan of Roseburg, Or., Mrs. Leta Monson of Salem, Or., and Paul H. Walker of Portland, Or. Also a sister, Mrs. J. H. Walker and two brothers, James A. Walker and Elbert Walker of Hatfield, Kentucky.

Besides the immediate family there were 29 grand children, four great grandchildren, and many friends and acquaintances.

Mr. Walker was converted at Ford camp grounds in Union county, Tenn., when quite young and became a member of the Methodist church. He was licensed as a local preacher or exhorter in the Methodist church at about the age of 19 years, and has always remained a faithful and devoted Christian worker.

In the fall of 1875 with his wife and two children, he moved to Davis county, Kentucky, where he remained for about two years then moving with his wife and three children to Franklin county, Ill., where he resided until 1904, with the exception of one year spent in Marshfield, Mo.

In the spring of 1904 together with his wife and three unmarried children, he moved to Salem, Or., accompanied by his brother-in-law, Dr. F. Harrison and family, where he resided until the time of his death, Oct. 20, 1918.

He was loved and honored by all who knew him and will be greatly missed by his many relatives, friends and acquaintances. The funeral services were held at the home of the deceased on the Garden road at 11 a. m. Tuesday Oct. 22, 1918.

The services were conducted by Rev. E. N. Avison of the First M. E. church of Salem, and interment was at the Lee Mission cemetery.

SOCIETY

By CAROL S. DIBBLE

Mrs. Margaret Grant Barry has announced the engagement of her daughter, Miss Margaret Donald Barry, formerly of Salem and more recently of Astoria, to Captain Charles O. Whitton of the spruce production division, United States army. Mrs. Barry and her daughters are in Seaside at present where they have been making their home during the past few months, and forming a welcome addition to the summer colony of city people.

Captain Whitton has been stationed at Clatsop district in the spruce division for some time. As yet there are no definite plans for the wedding.

The Daughters of the American Revolution have postponed their October meeting scheduled for Saturday afternoon at the Commercial club rooms, until social and club activity is once more countenanced by the health authorities. A program of special merit had been planned for the cancelled meeting of Saturday, with Dr. Carl Gregg Doney as the speaker of the afternoon, his subject being his experience in the war zone. It had also been arranged that outside guests should be invited. The same program will probably be given later.

A few friends of Miss Mabel Robertson were bidden informally to luncheon yesterday at her home, 909 Center street. A basket of glowing dahlias centered the table, which was circled by Mrs. William Burghardt, Jr., Mrs. William Walton, Miss Elizabeth Lord, Miss Bernice Hale, Miss Mabel Withycombe and the hostess.

Mrs. L. A. Baker of Eugene is being entertained in Salem as the guest of her daughter, Mrs. J. F. Hughes, at the Hughes residence on South High street.

Mr. and Mrs. J. D. McKinnon entertained a small coterie of friends informally Monday evening at their residence on Court street, in compliment to Mr. McKinnon's brother, Jack McKinnon, of Eau Claire, Wisconsin, who was visiting in Salem as their guest for a short time. Mr. McKinnon has now gone on to Montana, where he has business interests.

Mr. and Mrs. Connell Dyer have returned from Portland after a short visit with friends.

Little William and Josephine McGilchrist, who have been enjoying a weeks outing with their grandparents, Mr. and Mrs. W. N. Savage, of the Waldo Hills, returned home Sunday.

Mr. and Mrs. Henry Lee, who have been passing the summer months at their country place east of Salem, have moved to town for the winter, and will be domiciled with Mrs. Lee's parents, Mr. and Mrs. H. C. Tarpley, 739 North Liberty street.

Miss Jessie Miller returned the fore part of the week from Harrisburg, where she visited relatives for a few days.

Charles Reynolds of the U. S. navy is home on a few days' furlough. While in Salem he is with his sister, Mrs. John McDonald. At present he is stationed at the Bremerton navy yards, and on his return will stop over a few days in Portland with Mr. and Mrs. Reynolds. He is a brother of Mr. Reynolds.

Mrs. Walter J. Kirk went to Eugene yesterday, where she was called to assist in the nursing of the influenza patients at the S. A. T. C. at the University of Oregon. Mr. Kirk is now stationed at Bremerton in the navy.

Earl Peary of Camp Lewis was a guest over the week end at the homes of Mr. and Mrs. Frank Davey and Mr. and Mrs. A. B. Wilcox. Mr. Peary is formerly of Salem, though more recently of Roseburg, where he held the position of county agriculturist for Douglas county. Mr. Peary had been visiting his parents at Portlana, previous to his coming to Salem. He is a nephew of Mr. and Mrs. Davey.

Oregon Agricultural College, Corvallis, Oct. 24.—Now that the state lime plant at Gold Hill is producing it is up to the farmers of Oregon to make it a success by sending in orders, according to Dr. A. B. Cordley, chairman of the lime plant committee. The plant is now producing one, and in a few days will increase to at least two carloads of agricultural lime daily. The price is \$1.75 a ton f. o. b. at the quarry near Gold Hill.

"The farmers of Western Oregon fought long and hard for a state-owned lime plant which would furnish lime at cost," says Dr. Cordley. "There have been many delays in getting the plant ready for operation owing to lack of funds, scarcity of skilled labor and the fact that it was almost impossible to get machinery and supplies at all. The plant, however, is now ready for operation and the success of the enterprise is up to the farmers themselves."

"In other words, in order to operate the plant must have orders. If these are not received at the rate of at least two carloads a day it will be necessary to stop operations at once as the board not only has no funds for operating expenses, but has already become individually responsible for some of the funds necessary to complete the plant. The next ten days or two weeks will determine whether or not we are to receive sufficient orders to keep the plant in operation."

A Stubborn Cough Loosens Right Up

This home-made remedy is a wonder for quick relief and deep sleep.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its prompt healing effect upon the membranes. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Names Of All Nurses Wanted By Red Cross

Teachers throughout the county will be asked to co-operate with the Red Cross, in securing the names of those in the two counties, who might be of service in case of emergency. Each teacher will be asked to answer the following questions: 1. Is any member of your family a nurse, either graduate or otherwise? 2. Has any member of your family who is not now a nurse, ever had any experience in nursing? 3. In either case, please, give name and address. 4. Do you know of any one in your neighborhood who is now or ever has been a nurse? 5. If so, give names and addresses.

The object is not to secure nurses for influenza patients but to assist the government in making a nurse census. Teachers are requested to report results of investigation to the county superintendent.

SPAUDLING LOGGING COMPANY FILES THREE DAMAGE SUITS

Dallas, Or., Oct. 24.—The Charles R. Spaulding Logging company of Salem, has filed three suits for damages in the circuit court, one against the Valley & Siletz railway and two against the Siletz Lumber and Logging company. In the action against the railway the Spauldings ask for \$600 damages because of failure of the railway company to deliver cars for the transportation of logs. One of the suits against the Siletz Logging & Lumber company is for \$5000 damages alleged to have been caused by fires said to have been due to negligence on the part of the Siletz company, and the other is for \$10000 damages for the alleged wrongful cutting of timber in the Siletz basin belonging to the plaintiff.

helligent, with the suggestion that, if those governments are disposed to effect peace on the terms and principles indicated, their military advisers and the military advisers of the United States be asked to submit to the governments associated against Germany necessary terms of such an armistice as will fully protect the interests of the peoples involved and insure to the associated governments the unrestricted power to safeguard and enforce details of the peace to which the German government has agreed, provided they deem such an armistice possible from the military point of view.

"Should such terms of armistice be suggested their acceptance by Germany will afford the best concrete evidence of her unequivocal acceptance of the terms and principles of peace from which the whole action proceeds.

"The president would deem himself lacking in candor did he not point out in the frankest possible terms the reason why extraordinary safeguards must be demanded. Significant and important as the constitutional changes seem to be, which are spoken of by the German foreign secretary in his note of the 20th of October, it does not appear that the principle of a government responsible to the German people has yet been fully worked out or that any guarantees either exist or in contemplation, that the alterations of principle and practice, now partially agreed on, will be permanent. Moreover, it does not appear that the heart of the present difficulty has been reached. It may be that future wars have been brought under control of the German people, but the present war has not been; and it is with the present war that we are dealing. It is evident that the German people have no means of commanding acquiescence of military authorities of the empire in the popular will; that the power of the king of Prussia to control the policy of the empire is unimpaired; that the determining initiative still remains with those who hitherto have been masters of Germany. Feeling that the whole peace of the world depends now on plain speaking and straightforward action, the president deems it his duty to say, without harsh words, that the nations of the world do not and cannot trust the word of those who hitherto have been masters of German policy and to point out once more that in concluding peace and attempting to undo the infinite injuries and injustices of this war, the government of the United States cannot deal with any but veritable representatives of the German people who are assured of a genuine constitutional standing as the real rulers of Germany.

"If it must deal with the military masters and the monarchial autocrats of Germany now, or if it is likely to have to deal with them later in regard to international obligations of the German empire, it must demand, not peace negotiations, but surrender. Nothing can be gained by leaving this essential thing unsaid.

"Accept, sir, the renewed assurance of my high consideration. ROBERT LANSING."

By terms equal to those imposed on Bulgaria, it is stated. Details of an armistice will be left to General Allenby and General D'Esperey. Formation of a joint allied commission to supervise demobilization in Turkey and to assist in restoring order is being insisted upon in allied quarters. Pillage and massacre would be likely if disgruntled Turkish soldiers were turned loose upon the country, diplomats say.

Greece, with the allies, will continue to make war on the Turk until they can impose a fate like that which came upon Bulgaria, semi-officially advised to the Greek legation here states.

It described the valor of the Greek troops in Macedonia. Testimonials from various allied leaders lauding the fighting quality of the Greek officers and men have been received at the Greek legation.

ate and on the political field of the nation. Also they are presenting a strong front against continuance of peace discussions with Germany on any grounds save unconditional surrender.

Administration leaders are preparing to combat both of the issues thus raised by the republicans. It is believed likely the president himself will direct the fight. In his expected statement to the people, it is thought he will emphasize his purposes in conducting the peace negotiations with Germany.

Further, he is expected to clear up his meaning on principle number three regarding the war trade, in his peace program to expel republican fears that it means free trade.
