

SPANISH INFLUENZA

Resembles Old Fashioned Grip

The symptoms of Spanish Influenza are very similar to old fashioned grip—pains throughout the body, extreme dizziness, sleepiness, chills, high fever, headache, disturbed digestion with running at the nose and eyes and excessive spitting, showing an inflammation and congestion of the mucous linings.

Manifested by Catarrhal Condition

With the first symptoms of Influenza, it is well to consult your family physician at once. It is not the disease itself that is to be feared so much as it is the complications which may follow. To ward off Spanish Influenza or as an aid to returning health after an attack, nothing is any better than Dr. Hartman's World Famous Peruna.

For Catarrh of Every Description Take PE-RU-NA

The well known and direct action of Peruna in restoring and maintaining a healthy condition of the mucous membranes throughout the body makes it the greatest disease preventing and health restoring remedy known to science.

For forty-five years Peruna has retained its title as a reliable safe-guard to the health of the American family.

combats, in the course of which 18 were shot down. Five of our machines did not return. Our aviators also carried out important reconnaissance and photographic missions.

"Artillery and machine gun fire continued during the night on the front of the first army north of Verdun, reaching particular intensity in the regions of Bois Belleu and the Bois Du Ormont."

"On the remainder of the front there is nothing of importance to report."

French Make Advance

Paris, Oct. 30.—French troops made additional advances between the east bank of the Oise and the Serre last night, the war office announced today.

"North of Guise our troops made progress along the east bank of the Meuse and took Beaumont (Beaufort) farm, west of Les Quille, said the communiqué."

"On the right bank of the Peron we made a new advance east of Moeucourt-Le-Nœuf and took some prisoners."

"In Lorraine, two enemy raids were unsuccessful. The night was calm elsewhere."

SPANISH INFLUENZA STRIKES SUDDENLY

Pneumonia Often Results—Victims Seized Without Making Precautious Doubly Necessary.

Much of the difficulty experienced by health authorities in checking the spread of the Spanish influenza lies in the fact that it strikes its victims without warning.

Although state and federal authorities are taking every possible precaution in their effort to stop the spread of the epidemic, the disease in many sections of the country has gotten entirely beyond control and is claiming its victims by the thousands.

It is universally agreed by all well informed persons that the surest preventative is to get the system in the best possible physical condition in order to be able to throw off the infection. As has been previously stated it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Spanish influenza, which is one of the most contagious diseases known.

Medical authorities agree that people who are weak and run-down are the earliest victims of the influenza epidemic. If you find yourself weak and losing flesh, or if you are in a generally run-down condition, you are really in great danger if you should come in contact with the influenza germ.

As a powerful reconstructive tonic and system builder, Tanlac is without equal. This is a statement of facts and is fully supported by recognized reference works, including the United States Dispensary, Encyclopedia Britannica and leading text books used in the school of medicine, the principle ingredients of Tanlac possess the most valuable tonic properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine.

Tanlac restores health and strength to the weak and run-down system by enabling every organ of the body to perform its proper function in nature's own way. It creates a healthy appetite for good nourishing food, and is an ideal strengthening tonic for persons who are in a run-down condition and who are suffering from the after-effects of influenza, grippe or bronchitis.

Tanlac is sold in sub-study by Mubler Drug Co., in Mt. Angel by Ben Good, in Gervais by John Kelly, in Turner by H. P. Cornelius, in Woodburn by Lyman H. Shores, in Salem by Dr. S. C. Stone, in Silverton by Geo. A. Steelhammer, in Gates by Mrs. J. P. McCurdy and in Stayton by C. A. Beauchamp, in Aurora by Aurora Drug Store.

welcomed in town by a large circle of friends.

Miss Mabel Garrett is passing the week with her mother, Mrs. Ida M. Garrett of 153 North Thirtieth street. Miss Garrett is an instructor in the Woodburn high school, which in common with other schools is closed during the epidemic.

COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma Kept Her Locks Dark, Glossy, And Youthful With Sage Tea and Sulphur.

The old time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy fixing at home. All drug stores sell the ready to use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustrous and appearance of abundance which is so attractive. This ready to use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

BELL-ANS FOR INDIGESTION

ITALIANS CAPTURE

leaving the prisoners under a terrific bombardment which was kept up for hours in an effort to prevent the Italians from rebuilding the bridge. The prisoners suffered heavy casualties. More than 15,000 prisoners have been officially enumerated and there are believed to be thousands more which have not yet been brought across the river and counted.

The Italians have extended their offensive southward to the Adriatic, increasing the width of their drive to a front of more than 100 kilometers (62 miles). They are now pressing forward from the Grappa region to the sea.

The new advance was begun last night by the third army, under command of the Duke D'Osta.

At the time of sailing, bridgeheads have been established on the east bank of the lower Piave of Salgarada, at San Dona Di Piave, and opposite Zenson.

(Salgarada is six miles directly south of Oderzo. Zenson is a mile south of Salgarada. San Dona Di Piave is ten miles from the main mouth of the Piave.)

The Twelfth army, after a night of forced marching, captured Follina (eight miles northeast of Voldobbiadene) in cooperation with the Eighth army, advancing from Conegliano, they are threatening the great Austrian base of Vittorio.

Seven Miles Beyond Piave

Rome, Oct. 30.—The allies vigorously pressing their advance have advanced seven miles beyond the Piave on a front of more than twenty five miles, the Italian war office announced today. They have captured nine additional villages, including the important railway town of Conegliano and the strong enemy base of Voldobbiadene. A thousand prisoners and 150 guns have been added to the captures. Many of the guns have been turned against the Austrians.

"The enemy has been forced to abandon positions on the heights along the left bank of the Piave," the statement said. "The villages of Voldobbiadene, San Pietro Di Barbozza, Fara Di Soligo, Pieve Di Soligo, Colalto, Refontolo, Mareno Di Piave and Fontanelle have been liberated and we have entered Calcina Torrent. Bitter fighting is under way in the Grappa region."

"An additional thousand prisoners and more than 150 guns have been taken. Many of the latter are in action against the enemy."

The Austrian Report

Vienna, via London, Oct. 30.—Austrian troops on the Piave front were withdrawn to new positions in the rear areas last night, the Austrian war office announced.

NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do any work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me. I saw the Compound advertised in our paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. ALFRES, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Alfres. Women everywhere in Mrs. Alfres' condition should profit by her recommendation, and if there are any complications write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is at your service.
